

MAP SHOWING THE WORK OF MEHER BABA WITH ADVANCED SOULS.

EXPLANATION:

Except for the words Afghanistan, Tibet, Nepal and Bhutan, every place shown on this map, and on its two enlargements A & B, has been visited by Meher Baba for work or contact with masts, sâik-like pilgrims, sadhus, the mad, or the poor. The map is complete up to the closing of the Satara Mast Ashram in the third week of July 1947.

The letters A to J in the lower margin, and the numbers 1 to 13 in the right hand margin are for reference. Thus Madras is in square F/11.
