Nasek

1937

B. leaves M'abad early Morning for Rahuri — Stays there for the day and leaves in the Evening for ~~the~~ Nasek arriving 8 pm. — He was to come ^{Nasek} tomorrow, but due to the Cases of illness of the retreat — he came a day earlier —

Immediately on arrival, B. enquires @ Rano. Morona & others who were ill — and then starts visiting & examining each — His personal presence makes a lot of difference, and altho' suffering from continued fever, much despondent, they feel cheerful & happy —

A different phase — this time. And altho' no group Meetings as usual, individual interviews & frequent visits to the retreat amply compensate for the group meetings —

Individual meetings
