B. retires into Seclusion - The period of truth for the world begins for this day, whose significance could be judged from the following important considerations:

1. It is a Gurur-roan (Thursday) - the day of Gurur - (Master)
2. - the first day (Ashurmagd) of the Zoroastrian Calendar month dedicated to Dadar Formaz (God).
3. " incidentally the first day of the month of the Kadimuis -
4. " Anniversary Day of Lokamang Lillak (One of India's present Sons of Liberty) and a gazetted holiday.

" The Augustan Age is said to be the most brilliant period of Roman history. It is known, we may be on the threshold of the New 'Augustan Age' of dear Baba - says Mr. J. A. Clear - Precise & True

The passing off of the Mah. of Mysore, Yesterday, at Bangalore, will be deeply Mourned by all who knew him, & by his Subjects who loved him dearly. So much has already been said and will still be said about him that leaves Nothing More to be added except in short that he was a great and good ruler. The incident, however sad, adds one more to the list of B's precise and clear fore-telling expressions. The v. term of the late Maharaja's illness at once reminded all of his clear words he told us immediately after the last Benares procession was over - that "THIS IS THE LAST DUSSEERA PROCESSION FOR THE MAHARAJA. HE WON'T LIVE TO SEE ANY MORE." - B. said in his own accord, unasked. As he often does in case of certain important or significant events. He didn't give any astrophysical delineations. He just KNEW it and said it in plain words, adding (Mark his words) THAT IS WHY I AM HERE TODAY. It was then we all divined why he came, who would be the last to witness such pompous processions & formalities & ceremonies with hundreds (waiting) should be so particular to witness it, with the entire ^{a large group of} group of ladies, whole disciples - Eastern Western - particular @ all arrangements (made then in Mysore) when he left on 1936, on the v. day of the Maharaja's birthday, when thousands came from all corners to take the farewell. This was therefore his work could be clearly seen if what is explained

GOOD FRIENDS TO OUR LEAGUE.

she lives just off the same road where I live, but doesn't know it; then there is a nephew in Rampur Palace, who wants to be put in touch with a Turkish friend, and was one of our first members but now is over 18 and "Aunt, how can I shorten my age as I want to come back in the League?" Ah, how many people would give their all to be able to do this!

Then comes a little letter from "Model Town" where a little Hindu nephew says "No one plays with me now, and I have been boycotted as my playmates say. It was to my gain though, for good came out of evil. Having nobody to play with I won eight annas in a race, and bought cucumber seeds, and sowed them in our compound and got a bumper crop, which I sold to the boycotters for two rupees....(five more pages about a little shopping tragedy, and then)...I have been christened by my playmates "Toady Bachcha hal, hal." Isn't it funny? All

In those days we were able to reply to all your letters. But now I am seriously perturbed, because the Postbag grows and grows just like Alice in Wonderland when she nibbled the side of the land when she nibbled the side of the land. And because I feel it must be disappointing and disappointing just a line or two

ing their hearts to A.G. and telling her their hopes and little troubles, and if there were times when I laughed at your humorous efforts, there were moments when I actually cried because of the little loads of sorrow which the dainty little envelopes sometimes revealed.
