1944

D. left Pipalgaon this Morning @ 8 - with the Group & came to stay for the day at M'abai. He remained with the Uppers during Morning & came down during the night & stayed with them from 3 to 6 pm - during which he gathered them all together - & also saw each - individually - for advice, instructions etc. for future - & left M'abai @ 7 pm. for Pipalgaon.

Sarabhai myself went to see the D.S.P. in the Morning but since he was out & expected at 3 pm. - we went again at 3 pm. & had a long talk with him for over 1 1/2 hours - during which we discussed various issues involved in the report. The Authorities here had read of America, re: some indiscreet utterances made by I.D.s in U.S.A. re: Bi 3D7 & 5ps and as well I.D.s [?] in Ind. that had given the Authorities false reasons for Provocation & Suspicion re: our movements. In Mutual discussion however all the points were discussed & much Misunderstanding removed. The Mind of the investigating authorities re: Bi bona fide & purely % activities here & abroad, which they could accept, but what @ such utterances, as alleged, given out by his responsible Authorities? It was unbelievable.

 re: the 4000 ft. and
