It appears, the re-awakening of the Prem. (12-3 months found apparently cooled & dull - quiet) had again re-composed. Some boys had been meditating during the early morning hours, as also during all leisure hours - without any instructions - of their own accord - & it was no small surprise to find Shri in that list. If he did this he would indeed be Shri's best "pet" that he already was. To-day he acted as a "deputy representative" of the meditating boys" by calling them out to Shri who had been at school.

the inner working seems to have again begun in

Last night, the boys (allowed to go to Shree's seat) disturbed Shree since 11 p.m., calling out to them to come out etc. in spite of Shree's requests to the contrary. It was no small wonder - a great surprise to all - to hear Shree being disturbed in his sleep in his private Chamber at night, & obstructing his Intimate Spiritual working. yet, Shree took it lightly & lightly. However, he hereafter fixed time & rules for the boys, so as not to be disturbed at all at night.

Boys Ball - Crazy to him after Shree - Quite a queer sort of game (was it or it) going on here, now-a-days, all rules etc being for the time laid aside, as far as Shree's strict measures to boys was concerned etc.

The Special (10) boys called & explained - "Write out what you know in the exam. - Sincerely yours (promise taken from) then Shree said 'you'll all be made free of school. We to get near be to school etc. -"
