Two trolleys, fully packed early morning by handals; leave Toka for Chayapaon - Nardaji, after his usual typical round for "removing the traps" once again returns - to Bhop.

Information of Babo's coming here to-day, with instructions to make preparations for the latter's deputation to terrace. - and at ८.१० - Three arrives in Adhis Car! Again, the usual worries & troubling instructions, arranging everything necessary for the removal of a whole Colony (inhabited by more than 200 souls) - are in vogue! What a trouble? None wd dare think of these? But then they are Masters - Masters of their own will, makers of anything - everything they want!! Why worry? Let us listen, follow!

Shree starts at ८.२० pm taking the ladies with her in a trolley - the last sign of Toka being vacated once for all! It was probably for them to come all the way & back then all with them! - the other dining ladies & families still left off. Twenty arrived another trolley! Bombay, Bhandalok & various of families all awaited the arrival of trolley - but late at night, had long arrived! Poor ladies! had to take shelter at bedris of Pravara!
