become - why no telegram of Ravi or Badi? Any thing wrong?
what if again anything upset? - ever after he comes
here if his father really going etc. - Sister's value of
question of 2 parts to plan - to keep British
Cussobob ready to go to India etc; hush up all of them
to J. C. W. book - but why all this of father
will come round

Telegram received at night - arrived safe - another help
sent

Some explanation to the Sister by teacher of - 5's case is: Love
the love transcends all - No value of anything before her -
Intellect not required - (reference to 3 boys who had come for 22)
what will they require by their learning - they must learn a
the path - not as result - Intellectual not reqd. there -
Typical example of 5's - what a love? Sacrificing
all mother's home happiness, becoming wealthy, many coming
with strangers (women) on foot, to many miles without
money, without any visible reason, have danger - all for
what - for love? - These adventures will in
themselves form episodes in the history of the hero!

the case according to Sanskrit

During the "Kachisi" game at night, the talk of Manu
Paradise & his toli - B. reports recent raid in
a village nearly taken 2000 & cutting nose & a thumb
- discussion - comparison with Satya Mandir, Noga -
latter more daring - this (N. 7) clever & tricky - well-
armed with a host of village - Satya was unarmed
and alone - yet he gave up the first time he saw B &
Mowson - and taken up a gun owing to want of food
he kept him supplied fr. B. - if N. 7 sees
he too would be beyond Satya B. - let him come only if
