What is Mind - What is Intellect ?

Intellect = बुद्धि Mind = मन

Intellect is higher than Mind, and beyond it (mind)

सिद्धिर्वासात् सत्त्वोत्थं means ~~stagnant~~ <sup>stagnant</sup> minds stopped state, but it is not having gone beyond intellect;

The सत्त्वोत्थं सत्त्वोत्थं is the beginning (वर्णनार्थं सत्त्वोत्थं i.e. Realization is the Goal (end)). Between these two, there is a vast difference (for you-ordinary people "Walk, walk, till the end (goal) is reached) but a Sadguru makes one reach (the goal) instantaneously.

I by 2015 mean the gaining of Truth, that is already the property of everyone - the spiritual independence

As for the political independence, no doubt India will gain it in the future. There is no need to worry about it.

Political independence can be gained very easily, but the Real Spiritual independence is very hard to be achieved.

My advice to all is -

Seek that truth which will give you everlasting bliss & real peace and thus be able to raise others too, and save them from the entanglements of the world

Anything sought in concern with the external affairs is mere foolishness in the point of view of realized persons, who have actually seen truth and become one with the everlasting existence, and not by merely reading & hearing.

Within 10 year. India will enjoy extraordinary freedom"

 A small company of 4-5 workers of the "Swaraj" party  
 dropped in today - while passing here from \_\_\_\_\_ where they  
 had been to canvas vote for \_\_\_\_\_ for the forthcoming Council  
 election. After some general topics, the conversation took  
 a turn to "Swaraj" & what India & Indians should do for its  
 attachments. The party leaders, in their eagerness &  
 enthusiasm to implement upon them the importance and value  
 of their work (particularly the interest they had & took in it)  
 exposed their "selfish aims" (party politics).

Thereupon Shree gave a sound & some advice  
 to all - wrote "What is Politics but fraud? Whatever  
 be your <sup>honest</sup> opinion, you have to go according to the  
 Creed of the party - against the voice of yr conscience  
 & thus be dependent upon others for yr actions, which  
 is quite against the fundamental principle of Truth."

Then one of them asked a question -  
 "Will India attain Swaraj" & if so when?"  
 Shree replied "What do you mean by Swaraj?"  
 "Political independence" replied the enquirer.  
 Shree thereupon wrote \_\_\_\_\_

Friday - 1-10-26

पुत्री काठमांडू अधीन - देवारी, गजारी, रानी, रानी (कोकोरी अथवा)

(1) Do not be afraid of anything <sup>from people - (कोकोरी अथवा)</sup> and always do the right thing - if your conscience accepts it.

✓ Fear these, and keep yourself aloof from these as much as you can. Do not fear of any other thing.

Then - some explanation of the fear of God. Do the people fear God (ॐ) at all ? No. They fear the <sup>नरक</sup> (hell) where God will put them if their actions are not right. (simile - do boys fear <sup>अप</sup> or his <sup>माता</sup> ? - Cause, of course, not <sup>अप</sup>, himself, for he at times actually plays with them and they play with him willingly.

(This explanation that B. gives, will be the last of  
her kind. For this is the last state of the world.  
It will be latent (as moon) with all activities  
stopped — in near future) and if there will be  
any writings at all in future, they will be of

of last inter. (if she had had no connection) and she would

But in the case of the member of a Circle, the  
Seed — (as said before) has already been laid, long long before.  
While in case of others, Yogi, Sanyasi etc., it is not  
so, and that's why they seek medunas of Yoga —  
or — for which they at times hang themselves upside  
down — for 20-25 years, which is severe suffering &  
future brings them no substantial reward — as rep.  
reality is concerned.

This "Dar-gah" means "Surrounding", which afterwards got the term of "ER-211", meaning 39.

ER 211 ER 211 ER 211

✓ Those of the Circle do get realization, be they hear be they far off. They require no 'medium' (211/211). The seed had long been sown (by the Lady for their future requirements) They - of the Circle - have only to wait, like a pregnant woman awaiting delivery. The woman may know every month how long it will take for her child to come out, but that near of the Circle, (to be realized) knows not until the last moment what is to come - Nothing practically.

It's a case like this - An unmarried girl who has no husband has to make all efforts (or 211) to find a husband (or 211) using all the <sup>available</sup> influences of money etc., and then, if she comes across (B) that she cannot find any 'medium' for her only desire (to get a child) B would show her the way

A representative from the New World Teacher (K.M.) came for Shree's darshan, with friends, amongst whom was Mr. Telang (The son of Justice Telang and present editor of the "Young India". On being questioned by them, they said they had only come here for darshan. Then Sh. advised them - "Be always in search of truth - real truth - wherever it is found without any cast distinction & prejudices. Control your passions - Renounce Maya and Create a longing to see the Almighty. etc."

A True will come when the world will bow to those, on whom these eyes (are) will fall

(Some one enquired as to the work going on here and Mr. T. gave him some explanation - Advice about giving up cast prejudices & his reply as to that state being not yet reached etc. and they went away)

Then the Meeting, a discussion on Theosophy, or Theosant & the word Darshan etc. (They came here - that is good for them) "But for this an. God forbid" - Shri said - "Compare the two. Ravi Krishna and this K.M. who is known in all majesty. If I lead a pomp - power in an aristocratic fashionable English County, who plays tennis - golf & leads a fashionable life, who (is also these funny, showy things) have not the slightest idea - nay, <sup>not even</sup> of that real truth. Their greatness lies only in editorship, speaking & writing in high

high-sounding words about planes, colours, Society, Creed, and a superficial knowledge of the Shadow of Truth. (planes, colours etc.) and in believing & making others believe in features of Self (themselves - where others.) Truth is far far beyond this.

Then what do you think of a world Teacher who is forced upon (a lot of) theophiles, with threats etc. They are cowards that refuse to listen to the voice of their conscience, just for the sake of their (their) society of amirators being shattered, and themselves being ridiculed by the people. Was any An ever forced? See this strange character of the so-called Council of 20<sup>th</sup> century, that the great & sacred Names of (gurus like) avatars is so shamelessly tampered with.

What do you call the An Society who would refuse to accept a feathered lady like Sri. who was far far Superior & higher to them? It is said that the works of Sri are not allowed to be read by any members in An (Society's Head Quarters) Only works written by his Disc. - head beks - & other arundate and such other of their own Society - Creed.

These paraphrases are led away by the members of An Society - they copy Spalding's name & take away the very meaning of the words.

A Yogi one went before a Sadguru with a request to show him something (say God - or Heavens, etc.) The Sadguru asked him to stay at next hour and take the name of "Sitaran" Only for one hour - The Yogi took this to be very trivial, thinking what great reward would such a small trial give - (Although it is very difficult - practically to stay before a Sadguru even for a short time)

Reading his mind, the Sage said - "I have still easier course, should you desire to go & sit under a hink tree for twelve years observing strict fast, and I will show you what you want"

This satisfied the Yogi - who thought it would be a hard trial at least that would surely bring a good substantial reward" etc

The story - in short - meant that it is very hard to stay with a Saint - who may be compared to (actual) fire. Not only this but in spite of a strong determination in the beginning - to stay at all costs, one would feel, as if to go away at the first available opportunity - in case the Sadg. turns the key internally - making an external show to keep him here

It was these men & their leader Dr. Peas, that left ...  
Stones Unburned to prevent Mr. from going over to America.  
Where Dr. Peas had been as a representative of the Theos. Soc.  
in some great Conference held there, and where he is  
said to have denounced Mr.

But what of that? Mr. was essentially worn the day  
even tho' he had to suffer many hardships, & sleep  
whole night on a thicket on a railway station.

V If you at all desire to aspire for realization you  
should have your life (conscience) in your sleeves (pockets) - ready  
to be given up any moment. & that you will only see the gates of truth  
Then the Convention turned on the topics of American  
Mission (Christian) & Salvation Army etc. Why all this?  
Why induce the people to give up their religion? Is  
religion truth or a way to truth? Truth has nothing to  
do - is far far from the limited doctrines & disciplines of  
a religion. Truth is simply in picking up maya & putting  
down of it. Any body can attain to it. There is no  
cast distinction or prejudices here.

The Muslims say that religion can only be obtained  
in Muhammadan religion & to them only who have produced  
What not? The Parsees say - religion means heavy knots  
(Sacred yoke) wrapped round their waists and shaking of  
lance, as many no. of times, daily, as possible, and all  
other Non-believers in Zoroastrianism are dismissed.  
The Christians say that Salvation can only be had  
by accepting ~~of the~~ Christian faith.  
So on & so on. What's all this - Nonsense? Shaking

others' beliefs is - if not a sin - weakness, rather  
Cowardice. What is there in making a show of  
massive numbers that we have so many  
followers etc. You give the poor, destitute (Indian)  
food, cloth, money etc. & they will embrace  
any creed, and again go to another, if  
something better is heard there.

I say therefore "Wear your Mind; Lead  
a pure life; remove low desires; and  
follow one who has realized God -  
you are saved. So following does  
not mean giving up your Creed.  
The Mind is to be given up.

All blow their own trumpets.  
"Our religion is the best & the only source of  
seeing God etc." say all.

Refer to the recent riots in Delhi,  
between the Hindus - humanitarians, on  
the trivial causes of music before mosques  
etc. Mahomedan belief - that blowing off the heads  
of kafirs (those who play music before mosques) is  
good - so they struck off the heads  
of the Hindus, who like wise had away  
by religious fanaticism blew off the heads  
of Muslims. So a number of lives are lost on  
both the sides. What's all this <sup>trifling</sup> in the

Name of religion? What is real and to be done for  
redemption is left aside, and persons were as lost for  
Nothing. What a time? Forced Avatars & prejudices,  
if a religious leader springs up and proclaims - in the name  
of religion - that Marriages between Brothers & Sisters are  
legal - he will have a following of crosses. And  
if one - realized or any Sincerely religious - says  
"Renounce everything" - he will have a following  
of ten - & that too forced. Such is the turn of the  
Mind of the people to-day. They want religious  
doctrines suitable to their Minds, and any <sup>leader</sup> who  
does the, succeeds, & has a very large following.

(Ref: to the Sincere Yogi - Arabh. Gosh - who as well -  
read Man, (in the line) - gets सुखे एव at times - what  
does he say "I believe Surrender only to Krishna,  
the Perfect देव" - because God too bows down before  
the Perfect. - the example of a Yogi who had been to  
Kabir - who created <sup>Prithma</sup> Krishna, Rama, and asked them to  
slip Kabir - whose one word एव stopped them all  
and they (these created powers of Br. K. & Ram) said to  
the Yogi that he (Kabir) is Superior to us as he has a  
human form, which we have not - meaning  
in short - God too submits to Sadgurus.

The conversation started from the question of a Hindu gentleman, who had been to Shree B. here, several times, and with whom Shree always gave interviews and discussed on the various points raised by the gentleman with regard to Yogas - 114-114 etc. It so happened, that to-day Shree did not allow him even to come near, as usual. Although he had been here since last night (was the whole day). Having conjectured the Cause of this (Shree's special attitude towards him to-day), he spoke to Kakaji, that as to-day he had come with an intention to speak to Shree on some money-matters & difficulties, Shree knew it without his having gone to him, and didn't allow him to approach Shree even. This so convinced the gentleman for Shree's greatness, power & grace etc. that he quietly walked off without uttering a word.

Upon this, Shree explained that when he first came, Shree asked what he desired - God or Good (worldly) and he had preferred God <sup>to</sup> the world. And how when he wanted to speak of God, he was shirking from his word, from which Shree saved him, by not allowing him to come near him speak of any worldly affair, simply because Shree said, he was a good man, sincere at heart & etc. - Observed so many got - 114-114 etc.

Re Marriage

But the fact is that if one is not lucky   
 to get realization, or has not surrendered to a Sadg   
 or has not married by a special order of his master,   
 then marriage is nothing but the greatest possible   
 check in his path - let aside ~~उंघेले ता points~~

Renunce means this man - to do nothing   
 without the order of a Sadguru

"No man who has a woman as his wife   
 can ever perfect be" ~~(but)~~ and yet   
 Masters, Sadgurus have been marrying   
 but for the ordinary human beings, the greatest   
 hindrance is this marriage

But the luck (realize after marriage   
 like Mah.) is also the outcome of the previous   
 preparation. If he (Mah.) had not married   
 he would have had to take birth again because   
 a Sadguru is to be free of all Panskers   
 before realize

Take the case of Gidly - His previous   
 Panskers were very great, and hence he had to   
 Suffer very hard - at first, whilst going up the path of realize   
 but came down (for duty) in a second

22-9-26

After the old Hindu had gone -  
there gave a small, yet interesting  
lecture on "इतिहास" etc. - saying

"इतिहास necessary for the people of the  
world - not for those who have surrendered  
to a Sadya - a beautiful simile -  
इतिहास - इतिहास - इतिहास - सुनो - सुनो - all  
external forms of worship -

Parsons say "our Tor. - & neither else"  
Muhom. - "Our Moh. -"

but what idea have they of what Tor. & Muhom.  
has taught, & what they were & they  
were God incarnate - nay more - नमो  
नमो इतिहास -

Then about - the ceremonies of  
the dead in the Parris as well as Hindus.  
- the waste of money & energy - इतिहास  
नमो इतिहास etc. - dead are dead - gone -

The only Necessary ceremonies!

worth doing at all is 3 days

ceremonies - between 40 to 70 hours  
after death, when the Soul of  
Spirit

the dead is supposed to hover round the place where he died - ~~and before passing~~ to the other stages or developments, according to their deserving actions & the only best ceremony is to feed the dog - & the Crow - both of which are said to have the subtle eyes with which they could see the subtle form of the dead at the place of death.

As to life after death I shall explain - that some go to heaven or hell for a certain period according to their actions, some assume forms forth (take birth) again immediately, while those that have committed suicide their spirits hover in the lower planes until the <sup>fixed</sup> period of their death ~~has expired~~ expires, & then they again go either to heaven or hell, or assume form according to their merits.

The best method of the "Disposal of the Dead" - She said - was burial.

These sufferings were so severe that he had actually  
 to strike his head against the floor (ground) when he could  
 not bear these sufferings. This sufferance is only for  
 the Chargeman, not for the Circle. (explanation follows)

The Circle (B's) is now suffering - before realization -  
 but later on these sufferings will only be of doubts,  
 of mental unrest, of longing, of bindings etc. whether  
 you will be realized or not, when, and the mental  
 unrest of the Gurus certain orders, bindings etc.  
 and but this is all nothing as compared to the sufferings  
 of a Chargeman, which are just acute severe.  
 This period passed (by the Circle) and they also become

It is therefore that Vir. writes that preparing  
 a Circle is very difficult (or whether a Chargeman's  
 becoming perfect?) is very difficult. (going taken up of one)

These severe sufferings by the Chargeman, and  
 the comparatively less sufferings (probably going up)  
 are also owing to dependent on everybody's Sankars;  
 the former suffering severely for his previous Sankars,  
 the latter suffering less - as they previously suffered  
 for their firm (Matter) - as will be explained here after  
 Therefore the Circle's preparation is gradual, and  
 Chargeman's - at once, and hence less sufferings,  
 and more, respectively

A Chargeman prepares his circle, and then  
 entrusts his duty to the Circle (with one Chargeman)  
 and then he is free. - coming down & going up at will -  
 and simply seeing how the world's working is  
 carried on by his circle (i.e. no interference)

Now what does the Circle do?  
 Suppose - there are 12 in a circle, including 1 Chargeman  
 4 heads - 4 heads - 2 heads - 1 goes -  
 There are all 21 (with duty). With the going of 1, only  
 11 are left (1 ch - 10 men). These 10 prepare him (ch)

The Chargeman is at first realized with the 10,  
 or even afterwards! i.e. the ten of the Circle -  
 whilst doing their duty - make preparation (for realization)  
 of the Chargeman - મહાત્મા તે દીવરા ઉચીની ઇત્યાદી  
 (Of the 56 - there is 1 Maghob - not out of the 12  
 mentioned above - there are in these 12, only 1 goes off)

(Contd. from  
 p. 13-R)

Continuation - after an interval - of the  
 Special Lecture on "the preparation of Circle"  
 duty etc. etc (rough on p. 13-R)

There is not a fixed, hard fast rule, that  
 every Chargeman (Sadhuram) must have Two Gurus -  
 (as in the case of Shree B.) As - (otherwise) it is the  
 very Sadhuram who prepares a Circle, has to prepare  
 its Chargeman too. (and has even 2 Gurus prepare  
 one Chargeman) He, and the Circle (and the Chargeman)
