

are one and the Same, because when all are realized, All are equal. Every one in the Circle gets Perfection (as the Sadguru = Preparer). Then what is the difference? No thing! Of the Ten - in the Circle - one is a Charjeman. - Now proceed -

Now see the working of the Sadguru, when he places the (12) members of his Circle in this Connection. The first thing is that he prepares them all, in the very life in which he himself is realized, but prepares them Gradually, secretly & in absolute darkness (i.e. keeping them ignorant). He does not merely look to the side of giving experience alone to the Circle, for - that he can do in one second, at a glance. But, giving that experience abruptly does not enable the realized to come down for duty and then who is to do that duty? (Suppose - you give experience (realize) to this hand - then it at once stops working as - before). It is for this reason, that a Sadguru, who has to prepare his circle, prepares them all, gradually, unknowingly, for ^{taking up his} realization, and once they are all realized he brings them all down - in a moment. To one, he keeps aside (i.e. he either dies, he has neither knowledge nor experience). When the point of realization - for all is reached, he makes them all Perfect, and brings them down immediately, and All the Ten - become One.

But even with all this — you can only say
 conscientiously that according to the explanation,
 "You are God" — if it all appeals & is accepted
 by your head & heart. But even in that case,
 you cannot claim that you are God
 (realized) — That is fraud. 8:11 P. A murder would
 be a lesser crime than your claiming to be
God. There is no harm in saying that (as above)
 if you believe sincerely so, but there is great
 harm — rather a grave crime — in your
 false assumption of a God.

Dr. of the ayurak Vakil (321/19), who claims himself to

As he (One) is only One, these ten gradually
 (in their preparation) actually prepare ~~the~~ the Charyeman
 for he cannot be in perfect circle without ten — hence
 his preparation of a circle, may be taken as this own
 preparation — towards perfection of a circle —

What a trouble for all this? Although — he is the master,
 he has to prepare a Circle & give charge. why? This
 working (of the Universe) is like keeping a Shop 8:11

In that, for preparing a Charyeman, a
 Sadguru ~~the~~ gives his realization either gradually
 (with a slow process — progress by maya-destroying process)

 the Charyeman prepares his own circle.

The bases of all my explanations is in 212-42-
 - where in which religion is it so clearly, logically explained
 Nowhere, except, somewhere in Hindu Shaktas. where
 also, it's all a shadow of what I explain to you.

But because these explanations (that I give) are not
 so clearly ^{logically} in details - not explained in any religion,
 that does not mean the founders of these religions -
 the great Avatars were either false, unrealized or
 they were masters, realized & besides ~~etc~~
 but they acted according to the circumstances
 prevalent in their times, and gave the secrets to
 a few who were internally - not like these verbal
 explanations, for the world they left the words
 according to ^{the} "times" atmosphere - circumstances.
 The only grave error that the mass of the
 people commit is that they take the ~~etc~~ as
 the goal of realization, instead of the way ~~etc~~
 (rather foundation).

I say अपुन सुव-मोच-सुख-मोच are all
drill. Only take one name - Give up सुख-मोच etc.
and the Orthodox Section of any religion would
not hesitate to blow off my head - if they hear
me utter these words.

and I pity them all. Why? because they
are so narrow minded, so shallow, & bigoted.
Because they do not wish nor try to come out
of their state.

and I say to you - Don't be cowards
like these, with the fear of विसृष्टि, with the
fear of the God or Prophet, for accepting
these truths which are truths real, and
which appeal to your mind & heart, don't harm
yourself. You away to truth for this false conceived
notions of fanaticism & fears of विसृष्टि etc.

For I say सुख-मोच & विसृष्टि are all imaginary.
Even though they are existing for you (not realized)
and all religions & their teachings lay the
greatest stress upon these talks of Heaven & Hell.
(I say even गुरु are imaginary - what a shock to orthodox!)
The Parsees say - Only worship & preserve the
Sacred fire, by offering of costly सुन्दर-वस्तु etc.
(अग्नि-वस्तु अग्नि-वस्तु अग्नि-वस्तु)
(अग्नि-वस्तु अग्नि-वस्तु अग्नि-वस्तु)

It was quite different in case of Shree B. ^{of 1800} A special
Case of having TWO GURUS. There are ^{some} very few who
have 2 or 3 Gurus or more Gurus

Now the reason why Shree B. had 2 Gurus!
He was born in an Drani (Zoroastrian) family. This
taking birth - (in a certain family & community etc) is also
due to ^{pranaya} Sanskars. Now the Sanskars of a Zoroastrian
are equal to the Sanskars of a Hindu & a Muhammadan.
Hindu + Muslim (Sansk) = Zoroastrian. (Sanskars)
(Mah. has also said so - and we shall see it here)

Suppose you believe in some (one) power. Bar. (a Hindu)
believes in another. Now this belief in certain
powers are also due to bodily Sanskars.

Soul - Attitude, all are due to Sanskars.

There are very few who have Sanskars from
Purification & regeneration (सुख-मोच)

You will have marked in so many Cases that
the faces of children are either like a father or like
a mother. Is not it 90% 90%? Then this bodily
relation, connection etc. is also due to Sanskars
Even taking birth in a particular family is - as said
above - owing to Sanskars. For instance -

A Hindu, who believes in the existence of only
One God (in spite of so many देवा-देवता & other powers
mentioned in Hindu scriptures & scriptures) and if he is
not realized in that birth, his next birth will be in

(There being a hot discussion - at night - between
Sya Sab - Rang. Bhatt on matters of Religion & Shee B's
explanation - Shee B. abruptly came in the midst of the
heated debate & the explanation followed -

Q - Sya Sab says that whenever he reads Kur'an,
or the Muham. scriptures; he finds in them
some sense of the explanations given by Shee B. -
while Rang says - it can't be. The explanations
of Kur. & Muham. scriptures are quite quite different
from those given by Shee B.
Who of the two is correct?

A - My explanations are quite quite different
from the scriptures of any religion - (rather they
have nothing to do with these scriptures of all religions)
If we get any thing anywhere, we find it in
Hindu scriptures - (Shastras - Vedantas) - but
there too a shadow only of these explanations.

Because - none of the Great Masters
in the past have given such explanations as
I. They were great Masters, Great Avatars,

a Muhamada family (as Muham. staunchly believe in
the existence of One ~~god~~).

Then again a Hindu, who is always fond of flesh,
and argues the doctrines of Hindu scriptures in that
connection, why flesh be prohibited, & vegetable food forced
upon Hindus etc. - and begins to partake of flesh,
his next birth will be positively in a flesh-eating
family & community, owing to his Sankars of this birth.

Now - let us see how the Sankars of a Zoroastrian
are equal to those (Sankars) of a Hindu & a Muham.
The Zoroastrian believes, respects and pays reverence
to the fire, the Sun - both of which are ^{considered} sacred
elements amongst Hindus also (hence, Hindu Sankars)
But in spite of his beliefs, honour & reverence for
the Fire, the Sun (and other elements of Nature), the
Zoroastrian is a staunch believer in the existence
of One (or ~~two~~) as the Creator of all ~~existing~~ Universe.
Just the same way as held by Muham. in ~~his~~ -
(hence Muham. Sankars). Therefore - a Zoroastrian has
the Sankars of a Hindu & a Muhamadan.

It means, now supposing it's time that
the Master should be manifested in this (our)
form, whose Sankars are mixed (with the
then such a form has come. And now
to drive away both the Sankars, two Masters are
required (one H. & one M.)

And here (in case of Shree B) you see two Masters
- one a Muslim and the other a Hindu -

Each case of having more than one - i.e. 2 or
Sometimes 3 - Masters have occurred though very few.
Generally, it is one - Every Master has a Master.

Some (Masters) are known to public & the world - some
Unknown - But that makes no difference in the duties
and workings. These go on as usual. The question
of publicity depends generally on the circumstances
of the time, when they exist. Take the instance of Shree B.
- Allah - & Babaj. There is great a difference Babaj
had no such publicity prior to him through books, as to
Mah. and Mah. had none up to him (publicity of 1800)
while Shree B. has this publicity the very first year
of his public appearance (in Meherabad)

Now to Samantun again. It sometimes occurs that
a man has to take animal form - not birth - owing
to his sankars. For instance, suppose a man is too
lusty (Gaur), then his lusty sankars of this birth
give him the form (bird) of a Cock's (passion)
Next birth ^{in fact} - In evolution, this form
(of a cock) is full of lust. Be lusty, & you are sure
to get down & take the form of a Cock (Gaur) - another
a man - Sankars - sankars - & sankars - nothing else.

But still with all these Sankars - all this
(Karmas) is not avoided. So or so. There's nothing of
the kind (i.e. ...). Where there is some thing, there
are Sankars.

Wednesday - 30th June 1926

The conversation started from the Case of one gair gentleman of 'hazar' who had come to B. with request to have this kindly eyes on him, and make his Griha at a success, at this time, as he has been suffering heavy losses for a long time. Shree gave his word, and he reports to-day when he returns that this mirac was a grand success, and not only did he recoup his losses, but gained a good sum over above. The other miracle was that he had prepared food for only about a thousand, whereas there was a sudden rush unexpected. However - the same quantity (for a thousand) sufficed for 3 times the number, and some ^(food) was left in the end - i.e. the quantity for 1000 - fed more than 3000 with a balance still left. Then again - there were signs of rain which threatened and desert of every thing. But he only took & remembered Shree B's name, during all these & such other difficulties, and he was too thankful to Shree that his faith came to be true, and every thing ended alright - more than his expectations. Shree said - that he truly knew of all this, nor had he paid any serious thought to the request of the hundred gentleman, except from a mere word to satisfy them, & no they more. ^{if there was any thing} that centered for this success, it was this man's faith in (my) Name. Of course, a Lord's word never fails, however, its success depends much upon the faith and (future) behaviour of the applicant.

- 2112 2112 " high inspiration
- 2112 2112 " Revelation
- Sight " Higher revelation
- 2112 2112 " Realization of Self

Q - What is the difference between 2112 2112 & Sight
 A - 2112 2112 means ^{with the} subtle eyes ^{seeing the} subtle universe & planes

Sight " Seeing of God
 " " ^{Heaven} actually seeing everywhere

Gross eye - Subtle eye is Mental eye

With the Gross eye, the subtle eyes are seen
 " Subtle eye, the spiritual world & the planes are seen
 " (Mental) eye God is seen

But - the Seeing of God even is not perfection
 To be One with God only is os qas - perfection ^(creation)

But, as actually the os qas are seen, so also the subtle eyes are seen with the internal eye i.e. 2112 2112 ^(subtle eyes) and with the Mental eye i.e. 2112 2112, God is seen.

Still the Seer is os qas, 2112 2112 and not 2112 2112, 2112 2112

19-8-26

ज्ञान is Low inspiration
high inspiration
is since 801

Revelation in 2 directions - Left is higher revelation
and advaitya realization is realization of Self

2. Difference bet 20112 - 2011 & Left?

Q - since 2011 = subtle eyes with which the subtle universe
and the planes and the seeing of God is Sight

Left means 20112 is actually seeing everywhere
Gross eye,
Subtle eye = mental eye

with the fine eye the gross objects are seen
with the subtle eye the ^{world} and the planes are seen
and with the mental i.e. spiritual eye, God is seen, but
but seeing of God is not perfection. To be one with God
only is ^{even} 20112 perfection - (realization)

but as actually the gross objects are seen, so also the
subtle objects are seen with the internal eye i.e. 20112
and with 20112 i.e. mental eye, God is seen.

Still the seeing is 20112, 20112 and not 4221121121212

Thereupon Shree B. gave a nice explanation as to
The Powers of God, ²⁰¹¹² & ²⁰¹¹² Guru - & of Maya -

(p. 26)

The Powers of God (20112) are Seven. (attributes of MAYA)
The Power of a Guru (20112) is only One - (Knowledge 20112)

The power that is used by a Sadguru (20112) to give one
realization - is that of Knowledge (20112) - and the other (power)

The powers used by God (20112) for granting some
desires of a desirer (20112) such as giving him lift
either in the Material World, or in the Spiritual world (of
planes etc.) are powers of God - i.e. of Maya

The powers of God are thus used by Maya, while
these () of Knowledge (20112) - a Sad. (20112)

This knowledge is not mere understanding,
Mind, thought or Intellect, but One all-pervading
20112 - That is 20112. From that (20112) comes
all - i.e. God (20112), Universe (20112), desires (20112) etc.

The power of 20112 is only One (20112), while,
from God (i.e. 20112) emanate 7 powers, but these are
are separate (20112). And these 7 powers too,

depend upon the One great power of 20112 (20112)
That's how & why the desires of one - with a staunch
Faith - in a Sadg. (20112) - Succeeds (20112) -
20112) Automatically, without the Sad. (20112)

giving a Serious thought to it. This is because
the One power of 20112 is much higher, rather
beyond 20112 (God), whose powers - as explained above -
depend upon the one power of 20112

how?

29) For what has that all great power (and) of
 a Sadg (creator) to do with Maya? If you
 (as a) want money, powers, pomp etc, Maya will
 give these to you. Go to the God (creator) of Maya. If
 you want Me (and), then I (Sadg) will
 give it to you. In that (me) - there will be
 no smell (and) or sense of Maya, at all.
 Suppose - Arj. of God. The cane in his
 hand is Maya.

God? (in 1313)
 Maya of 1313
 Maya a God of instrument

By God (substitute for) the Cane (in his hand) is ~~the~~ Maya
 is meant (substitute for Maya)

the creator
 preserve to the Cane (i.e. God), that string is Maya.
 where Arj. (creator) - where that string (creator).
 What a vast difference? The string (creator) tied
 to the Cane (God) has only touched God - and the
 creator behind - He is aloof - quite aloof

Wherever there is creator, there is no
 God, no life (and), no Maya, no desires (and).
 That creator is equal to God. If
 we (Sadg) even touch (and) the
 power of God (or God?), the powers of Maya
 are enlivened & strengthened.

For where there is energy (and), there

From a discussion between Syd Sabir & Ramesh Datta
on ॐ ३१-५ (१-२ ३५०-३५१, ३५२ ३५३ & २११२१२५)

✓ Realized are only those who cross the 6th pl. & go into 7th
 (ca-331 - leaves body mind etc) which are moved by higher power
 (ca-331 - keeps body) → ~~moves through the body~~
 6th ॐ ३५२, ३५३ seeing - ५०० a seeing everything - duality seen
 beyond 6th (1-7th) Experience - realizes - that he is all pervading
 no duality

all these three are realized

The Manager of God (ॐ ३५४ & ३५५) is
 Such a Witch (ॐ ३५६) - that you have to succumb to
 her powers. And whose game (ॐ ३५७) is that? God's of
 course. But what is the Cause & action of God (ॐ ३५८)
 before (ॐ ३५९)

✓ In short, this Maya must be given up, and
 for that, realization (ॐ ३६०) is necessary. Without realize
 it is absolutely impossible (ॐ ३६१)

One comes with the News "Baba - this thing
 happened & that (ॐ ३६२ & ३६३) and a thops and
 other things (ॐ ३६४) would be mention." Then B. would say
 "Alright, we (ॐ ३६५) knew, what confusions
 (ॐ ३६६) Maya put you into! What of that. It's all
 (ॐ ३६७) after all - then why worry?

Then he gave an example from the story of
 at Serpent - mentioned by ॐ ३६८ & ३६९ (last Sunday)
 The story —

ॐ neither uses maya for
 saving others ^{from} ॐ ३७० ३७१,
 nor for the carrying on of the universe,
 Esther uses maya for ॐ ३७२
 Sargun, ॐ uses maya to make others free
 from maya.

That was actually a (221) string. You mistook it to be a serpent. The (Mrs) understanding (21101) created Maya. Now look at its (21101) powers. You were unaware (2221 - not knowing). The maya (i.e. the knowledge 21101) made you get up - take up a stick, raise your hand & strike etc. Now that was really a string. The thing ^(i.e. 21101) being taken of as serpent was a (21121). Not only that but the very first idea (of a serpent) in itself was a ^{more} (21121), which showed its powers to suffice (the first created) 21121. (21121 21121 21121 21121 21121 21121)

Now who created this 21121? the sense, the understanding (21121) - that this string was a serpent.

Now if we take it that the string is only a string & nothing else, is the 21121 gone then? No - because, it (the understanding that the string was a serpent) was not 21121 - the string too is not 21121 - it's (21121) - but the supposition & fears & anticipations that "what sort of a serpent will it be? how long? will it bite? etc." is 21121. (these ideas)

And then - in the end - when it is found out that it is only a string, we laugh at our own false presuppositions etc., because then the 21121 (the false fears etc) are all gone. The same way - when one is realized, he laughs at the false notions of men for this world and its conclusions - for they were all false - not real.

Mohamed, Jesus, & other ^{messengers} can use their powers only when they assumed the human form. i.e. One can't use one's powers (after realyn) except in human form.

एतेन - मपि अस्मिन् अस्मिन् ए मपि - अस्मिन् अस्मिन्

अथ शक्तिमते न सत्त्वानां इत्येव युक्तिर्न तं शक्यं एव
 सत्त्वो न कश्चि - अस्मिन् तस्मात् इति सत्त्वो न कश्चि
 अस्मिन् लोकात् - अथ शक्ति - शक्ति (movements) च

If there appears any desire-passion, anger in yr mind, take it that it is Hiri (मिथ्या शक्ति). This Hiri is the source of all the troubles, worries, anxieties, etc.

(मिथ्या) "अथ शक्ति - अस्मिन् अस्मिन् मपि"
 Therefore, the very moment Hiri enters your head, throw it out. Don't let it in at all. (अथ शक्ति - अस्मिन् अस्मिन् मपि)
 For suppose if a snake enters your room, all of you shout out to drive her away (अथ शक्ति - अस्मिन् अस्मिन् मपि) to avoid its dangerous bite etc. If - on the contrary - you give it milk, bread etc, the creature will stick to you - won't move. The same way - Hiri = अथ शक्ति - अस्मिन् अस्मिन् मपि. Drive it away as soon as forcibly as you wd. drive away a dog.

Then another example of hair & head. Take the head to be the Creator (अस्मिन्) and the hair (अथ शक्ति) Hiri. Now, although hair grow on head, the head does not know head, when, why, & wherefrom do these hairs come? Who gave the hairs, the power to increase? Maya, of course! (Apply a little hair-oil, pomade etc and it will grow nicely etc)

So to my mind, the law of Hiri of the whole Universe applies here, too. i.e. the very idea, appearance of hairs growing, being cut off etc. is - all a Hiri. vide page 22

"Then how can it be said that the head (God) created hairs. So said B. - and then explained that in a way, the Hiri itself is dependent on God + (a secret) Hiri - अथ शक्ति - अस्मिन् अस्मिन् मपि"

Then what did you gather from these extraordinary powers of Hiri! Who created it? (Don't say - God! but take it that Hiri is being freed from the clutches of this Hiri, and it is always His duty - working to destroy Hiri from all - as best as it can. He (अस्मिन्) is - अथ शक्ति - अस्मिन् अस्मिन् मपि - Pure - अथ शक्ति - अस्मिन् अस्मिन् मपि
