The desire for any binding is not good. But the desire for realization ^{binding} is so sublime that it frees one from all other bindings.

Now you say as in the bindings of mind - the subtle body and the gross body, & so its bindings are also mental or physical. When asmita crosses these bindings and becomes one with the source of all desires, there is no desire left for it - no mind - no body, no Universe but one state -

Sanskrit are asmita impressions

When these former impressions, the asmita is given to the Atma, once asmita becomes void of these impressions, then it become the original pure atma

Vidya

27/10/26 is the same - 4th 27/10/26 27/10/26
(27/10/26)
27/10/26 27/10/26 27/10/26 27/10/26 27/10/26

All that you do before realization is imperfect. It is only the means to reach perfection, to realize perfection, to realize God, however much you may deny it, but - all these ^{that are} done after realization of perfection, of Truth, lead you - show you the way to Truth. Those actions (3rd) are only perfect which are done after realization (ie destructions of 27/10/26) etc

ચાહ - The Universal drink - તેના પર દુન્યાની તમામ પ્રજાઓનો

"All desires for any binding are not good.
But the desire for Realization is so Sublime and
binding (in the love of the પરમાત્મા) that it frees
one from all other bindings (desires)."

Now your ગામ્હી - say - is in the bindings of
the Mind, the Subtle body & the Gross body. So its
bindings are also Mental & physical. When ગામ્હી
Crosses these bindings and becomes one with the
Source of all desires, there is No desire left
for it - No Mind, No body, No Universe, but one
State - નીરાકાર અવસ્થા.

As long as our desires are within the grasp
or limit of Mind & body, they are માયા - desires.
and "Desires are નીરાકાર impressions"

When these formless impressions go away
the ગામ્હી is given to Atma. and once ગામ્હી
becomes void of these impressions, then it becomes the
original pure Atma.

In all these states, the Atma is the Same, but the Samskars only are different (असुखी). And all these, ३२६ २१०१, ०१ ३२६ २१०१, etc. are gone through to wipe off (burn) these Samskars.

All the ३२६ (actions) you do before realization is Imperfect, is only a means to reach perfection, to realize Perfection, to realize God, however much you may desire it. But the only advantage they give you is that they lead you (show you the way) to realization, are instrumental in your way ~~for~~ advancement towards the Goal of Truth. These actions only are Perfect, which are done after realization, as they alone are void of Samskars, which all other actions before realization are not.

All political leaders ask you to try a few years life even to gain २२२१०२१ (self government). I also ask (you) all to give your life even to re-gain the ~~Real~~ २२२१०२१ that is your own, and which you have lost through ~~the~~ ^{Real} ~~the~~ ^{the} former (३०२१०२१०२१) is to be snatched out of the hands of others, and then ~~acquired~~ ^{acquired} for ourselves - i.e. that is you have to make your own what is not yours. Therefore it is ३११११; while the latter (spiritual २२२१०२१ - i.e. Realization) never belonged to anyone else ^{except} your own self, which is therefore not to be ~~snatched~~ ^{snatched} out of the hands of others, as it was your own, is your own, but you ~~are~~ ^{are} are Unaware (unconscious) of that fact. Therefore, strive you - one & all - to Conquer & realize Self.

Then, you will not only be able to enjoy it for your
yourself, but you will be able to give this enjoyment to
others (unconscious) - which you can never be able to
do in case of the material world. (For then, if you
give it to anybody else, it is not your world, but
somebody else's.)

But, taking all these out of consideration,
(these ^{efforts for a} spiritual achievement of self-realization),
if we only stick to the material plane even,
this body, & Mind, & Universe, & world are all ours.
What is our own, realized, and then bestowed to others
is real (अस्ति वा नस्ति इत्यत्र अस्ति वा नस्ति).
Otherwise, all this - worldly world is nothing -
nothing absolutely. Neither this (Indian) world belongs
to the Englishmen. Nor to German, nor to Indians - It
belongs to Nobody. (इति वा नस्ति इत्यत्र अस्ति वा नस्ति).
नस्ति वा नस्ति इत्यत्र अस्ति वा नस्ति ?

For example - One sees in a dream, that there
is a great war raging abroad. He, thinking it his duty
towards the Cause of his Country, enters heart & soul
into it, strives his best to uphold his country's cause
- even at the risk of his life - etc etc.
Then all of a sudden, his eyes open, and he
immediately realizes that this was all a dream. There
is no war, no enemy. Neither his country nor others -
in short neither this nor that - as he comes to know
after his awakening. And that is what sages say
that you all try to be awake, like this (अस्ति वा नस्ति)
अस्ति वा नस्ति इत्यत्र अस्ति वा नस्ति. Then alone will you come to
know that this is all Nothing.

Then there is No mind, No body, No. Universe.
No English man, No Native - Nothing absolutely.
but only one ~~दो~~ ~~दो~~ ~~दो~~ (Perfect state)

But these all ^{are} (दो-दो) different ways (दो-दो) -
- Roads to Realization. For how can one reach the Goal
without a way to it? Therefore, do ye all serve
(दो-दो) others - serve your people, serve your country -

These are all the different Methods of service (that you
are doing here). That is real service where there
is no thought of "Self" at all. The real "self"
is reached only after such selfless services.

Then the Cutter (दो-दो) and the thing cut up (दो-दो)
दो-दो are both one & the same. This is Real
experience - proved by experience. Blank
philosophy, or higher thought, or etiquette, etc. have
No value or consideration there. (दो-दो दो-दो दो-दो
दो-दो दो-दो. दो-दो दो-दो, दो-दो
दो-दो दो-दो दो-दो दो-दो.)

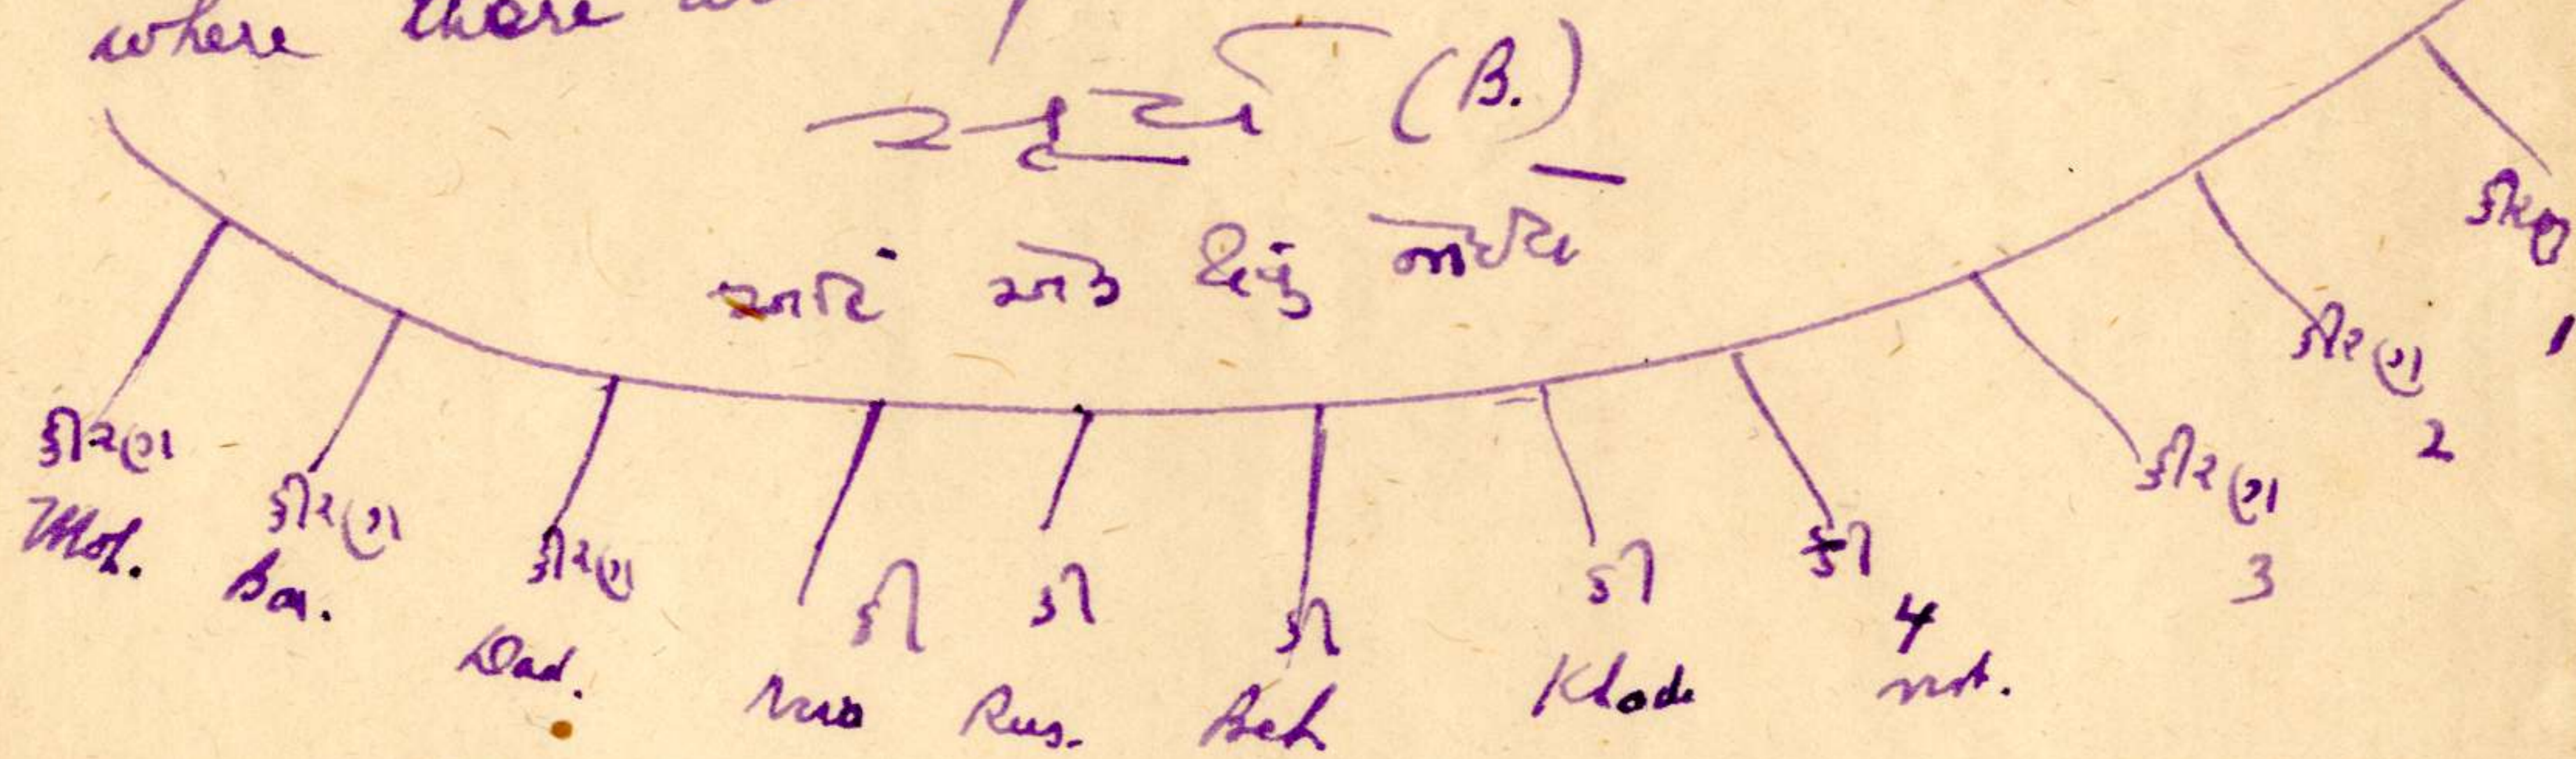

But again - how can one reach there, without
a way? Hence - get a way - (a true way) with
only one aim - that of realization. And for that

दो-दो दो-दो दो-दो दो-दो दो-दो दो-दो
दो-दो दो-दो दो-दो दो-दो दो-दो दो-दो
i.e. either Bhakti (prayer, devotion) or Karma
(actions - deed) must all be self-less.

... either (prayer devotion) or (selfless)
... that all be selfless.
... that of realization. And for that
... a way? Hence - get a way - (a true way) with
... but again - how can we reach there, without
... in (about the mind only).
... the value of realization there. (I have seen many
... philosophy, or higher knowledge, or other things, or have
... experienced - favored by experience. - Block
... this is the
... the thing cut up given
... is reached only after that selfless service
... is no thought of Self - of all. The real self
... one being true). That is real service when there
... than are all the different methods of devotion (that you
... - some your people, some your country -
... without a way to it? Therefore, do you all have
... - how to realization. - To how can one reach the goal
... But there are all (various) different ways (from to)

Then, and then alone, one is said to have got on the true path. Then alone do sparks of light from beyond fall upon the Mind (the Sparks of Light - Knowledge - power and Perfect bliss $\text{ज्ञानं शान्तिं शक्तिं सुखं}$) and one is $\text{ज्ञानं शान्तिं शक्तिं सुखं}$ and one is

gradually enabled to proceed further towards the goal. Then does one acquire some powers, which if ~~not~~ misused (for दुर्गुण) i.e. if one gets into the clutches of these powers, he is doomed. If, fortunately, one happens to escape the allurements of (using) these powers, he can reach the goal, and get one with the Sun (सूर्य). As, then, he himself is the Sun, he is everywhere, where there are rays - that is practically everywhere

Suppose one (vib.) is in 4. Then he is not in 3-2-1 or any where except 4. (a small ray). Although, there in 4 - he is a particle (ray) of the Sun, he is not the Sun itself. For he has no knowledge that he is a particle of the Sun, and when he gets one with the Sun, then alone he realizes that he is the Sun - that is everywhere - in all the rays -

Then, one then above, one is done to have got a the
 true foot. Then above the banks of light from beyond
 fall upon the Mass (the banks of light). These things - power
 and perfect (this mini) (with these with animals, 2/1/1000
 from the 2/1/1000 (2/1/1000) and one is
 Practically enabled to proceed further than the pool
 Then as we as appear some power which if one has
 need (to see) i.e. if one has not the children of the
 power, he is become of. Fellowship, one happens to
 escape the attainment of (seeing) these things, he can
 reach the pool and get one with the (2/1/1000)
 out there, he himself is the sun, he is everywhere
 when there are rays - but in fact only everywhere

Suppose one (let) is in H. Then he is in 3-2-1
 or any other except H. (a small ray). Although there
 is a - there is a particle (ray) of the sun, he is in the
 sun itself. For he has the power that he is a
 particle of the sun, and when he gets one with the sun
 then above he reaches that is the sun - that is everywhere
 - in all the rays -

All this is very very difficult to be attained to, or
acquired - without the aid of a Sadguru. Hence it is
that a Great man (An Important personality known &
recognised in the world as a "Mahatma") like Gandhi,
- who does really seek for light & Realization - wishes to
Make or have a Guru.

Because, a सह-सिद्ध , however resolute, sincere,
and painstaking he may be in his सह (actions - deeds),
he is after all deficient (being Imperfect), and hence, he
plays a game (सहस्रं वलं). For, although, he may
be knowing in his mind that he is sure to Succeed,
he has a little doubt ever haunting his heart &
Mind, whether the Great game that he is playing
will eventually Succeed or Not. (सहस्रं सति सति)
One may be really Sincere in all his efforts (सहस्रं सति)
however, the little doubt whether he is on the right
track (path) or otherwise never leaves him. It is
there, as long as he is Imperfect. - Even people follow
him in Multitudes. But they too are as ignorant as he
- perhaps the more - as they also grope in the dark,
in the absence of any definite knowledge or experience

It is in my hope sufficient to be attained to
applied. without the aid of a 2nd paper. Hence it is
that a great man (an important personage) in the
organization in the town was Mr. Adams (the founder)
- and these really seek for light & knowledge - words to
blame or have a favor.
Because a student, however, resolved otherwise,
and maintaining it may be in his 3rd (or 4th) year,
he is after all deficient (very imperfect) and hence
plays a game (winning) for nothing, to say
the truth, in his mind that he is sure to succeed,
he has a little doubt and uncertainty in his
mind, whether the first game that he is playing
will necessarily succeed or not. (After the 3rd
game may be really success in all his efforts (in 3rd or 4th)
thence the little doubt whether it is on the right
track (path) or otherwise never leaves him. It is
there, as long as it is imperfect. Even people follow
him in their tracks. But they do not see or understand
perhaps the truth - so they also suffer in the dark
in the obscurity and definite knowledge or experience.

of the true path to be followed towards the ^{aiming of a} goal to realize.

And - ~~once~~ the enthusiastic Seeker of Truth, that
laborer works for it (संनित) ^{is sure to} falter, as to the ~~perfection~~
correctness of the path he has hitherto followed, as long
as his Mind, body, powers are finite (limited) and
hence imperfect, and every time he has to consult his
inner conscience, whether he is on the right track or ^{led} gone
astray.

However, with all his doubts, imperfections,
one must make efforts, sincere efforts with at
sincere Service to all, without the least consideration
of Self. All सं, असा, कर्म must be done with no
thought of Self. One is then sure to come round a real
Guru - a Sadguru. The only thing required for that is
a determination that I am doing Nothing (even while
doing greatest Services to humanity). Otherwise, if
that "I" gets in with the vanity that "I did this
Service - I did that" etc., there comes that "Cursed
egoism - false), which ^{practically} destroys the good of all
Services hitherto rendered.

For real असा means a death a 1000 times
a-day, and hence it is even easier than the
"Selfless Service," which is far, far too difficult.
- almost impossible for all except one ^{fortunate} in a lac. This

of the true path & the following towards the goal is kept
obscure - was the enthusiastic leader of truth, the
eyes were for it (Gardner) fallen, as is the perfection
contribution of the path to the better fortune, as long
as the Mass. body, appears as a faint (number) and
have imperfect, and every time he has to consult his
inner conscience, which is in the light of a far
away. However, with all his doubts, imperfections,
we must make efforts, sincere efforts, to reach
inner justice, to all, without the least consideration
of self. All of our work must be done with the
help of self. One is the law, to overcome a real
plan - a program. The only way upwards is the
a determination that I am doing nothing (as usual)
very great justice to humanity. (Get over it?)
that I got in with the liberty for "I did this
justice, I did that" or, there comes the word
and the (spiritual force), which, ^{principally} the gift of all
justice, which numbers
to me, God means a death a resurrection
today, and hence it is our easier than the
selfish justice, which is far far to difficult.
I must improve for all except one in law. This

"Selfless Service" is impossible in as much as it could be rendered only by those who have once reached the real goal (realization) and then come down (in human form) to favor their service of making others as perfect as themselves - Not possible for any imperfect human being. Such services could be rendered only by such real Saints like Tukaram, Ramdas, Nandedo & such others - after realization

Means - Not only the inner meaning of this line, but also quite unknowingly - without anybody knowing it at all. There should be no outer show absolutely, even though one may be cut up with deadly wounds from inside (अप्राण शरीर में घायल होना) What a burning & sensation, love, desire. The terrible heat of the Sun is no consideration before that burning sensation. All this burning (अग्नि) for an Independent Seeker of Truth (सत्यनिष्ठा), who has not found a guru. For those who find a guru, they have nothing to do but an absolute submission - heart & soul - to the guru. There is no necessity of any other way in that case - Nothing, but a blind submission. Even, if His order (आज्ञा) be quite repelling to our sense or heart, submit to it. So as you are ordered, even against

You will, or understand. That is an easier course,
if you are fortunate enough to get that

For - if one at all desires to reach the goal to
Truth, one must burn & consume oneself (over one's self)
in that desire, without any other considerations of mind,
body & soul - which is most, most difficult.

(It is to use desiring for tea - sitting in M. abed.
You must leave that place and walk here - to get that
tea, that is not only to desire, but weary oneself - burn
oneself for that)
