A Surprise - ???

Discussion of various subjects - re: plans for the 2 parties, (Ceylon & China).....

And then came the question of Visits - with those who wanted to see B. before he left here for the West... Any selfless & sensible Mandala would have expressed a keen interest & desire to allow Others, who so eagerly wanted <sup>&</sup> wanted to see B. visit him (during

Another Surprise? and disgust?

It was discovered on enquiry to-day that Lew had purchased the no. 101-09 on 11<sup>th</sup> Sept from the no. 320 off. 6000000 house? And had returned the 130000 after being paid.....

It was a shock to hear! Had these people no sense at least @ B. if not for Mandela? What the beats would say if they only heard of this.... on what delicate grounds they were treading?

To live with such people in 1961 and work

B

for B. as he wanted, was rather impossible.

And the attitude & carelessness of those negligent & indifferent people made it more so..... It was like a deadlock...

And then the same people stood in judgment over the actions of those who worked.....

The result of all this was a regular "clash".....

B. always displeased & had to suffer.....

but what a pity they were all so utterly blind to all this, & couldn't see <sup>even</sup> when shown, mistakes pointed out.

The Day of "Mahatma" again commenced -  
Cause (bahana) petty, call in the morning, not properly  
delivered, or B's deliberate object in inventing the Cause  
& then commenced the regular volley of shots, fr. all sides -  
One would feel much less if any amount of Volley  
shots came directly fr. B. but when those who don't under-  
stand at all the situation, have no idea had why B.  
Speaks in the manner as he does usually, their  
unwarranted, & most cutting remarks cut right  
thru the heart & are more than unbearable, with the  
result that like the last straw ~~they~~ break the camel's  
Neck, they break the very being ..... and oh! what a  
Suffering? ..... to the extent being actually ~~1/2~~ 1/2  
to B.! .... Poor Dr.? What idea has he of the close  
vicinity & contact with B? and hence his most cruel  
& cutting remarks. He's quite honest & sincere, yet  
thoughtless, because of the utter ignorance of the inner  
cause underlying the superficial surface of serious faults  
that he so frankly believed to be seriously committed, by

Plans changed — Referring to the C.S.D. question,  
B. remarked that this will probably cause an  
entire change in my plans... The work of funding  
a good C.S.D. or a J.S.D. ought to have been done by  
you, as Bombay. Now, that it is not done, my plans  
may be changed, any moment. And I will expect you  
to be ready to do anything, if asked.
