London - 16-4-32 (contd) -

The boys' helped splendidly in carrying up the baggage, one of them, Mr. B. the owner of a fine car, had a heavy bag on head that spoiled his fine hat to useless, another Mr. M... had two bags on his shoulder (had not even seen B. yet) and others treatment towards us - B's Maulani, was indeed splendid.

However, cold winds & showers actually froze us to stiffening our limbs, and with the heavy bags to wend our way upwards on muddy, slippery roads, took us two hours coming up - with several halts in the way.

Hot dinner served by Margaret.

Mr. was apparently sweet, though one could easily read what his inner feelings were however much he tried to conceal..... But for B. & his work, one has to put up..... Preference to 933 pds for the 299 of the 200 pds..... in spite of 933 pds hint for Paul & L.

In two icy cold beds, about 12 Midnight

for 10 days of his stay here

From to-day onwards, these pages will remain blank as far as his work here is concerned, as I must be out of the picture: Such is the working of the world... People preaching to the world about LOVE & UNITY, working with Wangage Wang is this....

East Cheltenham - 17<sup>th</sup> April 1952

Now to the surroundings, we were courteously put in way & helped by the inmates of the retreat (particularly M.M. - Kenneth & Tom Sharpley -)

Meditation 11 to 12 ~~to~~ 5 to 6 <sup>pm</sup> & 8 to 9 pm. in our room while others meditated in the hall or in their rooms as they liked.

"Shabnamah" opened by Dr. ... with the help of Ch. ... to eager listeners who wanted as much as they could to know about B. & his workings .... but while we were thus entertaining, there was that dreaded check - (it was expected!) and a small lecture on not wasting time in idle talk (checking of course to what we were saying) .....

Preparation for welcoming B. .... the visitors authorities were checked by M's notice to all, even to B's maudali, Not to come down before he arrived, but some body will be sent up on his arrival at Ilfracombe and you all (maudali) will come to see him half the way; .....

But B. is B. after all .... all calculations for self-interest and keeping others out we always frustrated .... B. arrived much earlier than expected, leaving no time for 'plotters' to have their work .....

East  
Chalacombe - 17-4-32 Contd. -

Melrose with bag-pipe by Kenneth... and by all, near the  
Compound.... The press reporters or photographers always after  
B. were here too... I interviewed granted, of course after over one  
hour of private conversation with the husband & wife, keeping  
all in wait, and un-introduced.....

Call to Mandali at the evening.... instructions for Meditation  
and then again a call after dinner.... when once again  
the "preaching" began of. 194 p. 522 report that I was disturbing  
silence during <sup>21-11-32</sup> ~~the~~ hours.... and B. thereupon forbade  
reading or writing during <sup>21-11-32</sup> ~~the~~ hours.... for the sake  
of safeguarding self, (~~21-11-32~~) the work of B. stopped.

.... and these..... call themselves..... with B. to support  
them! What an irony of fate? Every time, such  
unfortunate occasion arises, I am invariably the target....  
and to add insult to injury, instead of being <sup>in</sup> sympathy when  
B. goes on, for reasons of his own & for the good of us no  
doubt, they simply shake their heads, and moreover, pass their  
own remarks quite un-tenderly. which <sup>to the heart</sup> pierce more  
than a dagger: & one doesn't know <sup>how to stop</sup> ~~what to say~~ to anyone.  
Yet <sup>to</sup> keep on, heart under such circumstances is almost impossible.

East The Lacombe

Report of B's Arrival in

"The Western Morning News & Daily <sup>Gazette</sup> Express" (with photo)

"The Manchester Guardian" (by a correspondent)

Photos taken in the afternoon by some 3-4 photographers.

The Morning call from B... Meeting... discussion of telegram  
fr. Kelly re. Ruston's telegram on "Cheurceaux" returned  
undelivered..... not on board.....

That is why I suffer... not listening to my orders.  
No telegram up'd now in spite of clear evidence to write  
for 3 essential things.... Now I shall have to suffer - "a"

Then again it came to ~~H.~~ <sup>H.</sup> to be a target for all  
attacks from B or even the Mandali, who passed most cruel  
& piercing remarks, not knowing the purposes of B. & making of  
a target..... Shall I have to leave him, eventually, or  
for this (M. & Mandali)

But then - to think of B. or his 'bias'! What a  
heavy programme of interviews, with the regular press  
fr. M..... with his head paining severely, severe cold, chilly  
weather & no rest.... It is the alone who could bear all this

18<sup>th</sup> April 1932 (Monday)

Clear day, and sunshine - Walk on the beach with B. and a big party, after lunch, returning at 1.30 pm.

"Shik-Nauk" opened by Dr. .... all interested... fine gathering... nice discussion on Spiritual Subjects... questions ably answered & explained by Dr., and all pleased with the explanation... even both the M's liked the discussion & explanation by Dr. to all... its really a surprise. But that is mainly due to B's own personal liking, (for Dr. to speak) & never help that held all to attention... and even liked by M.S.

Private discussions with the Maudali... "gambhi nahi... havâ ahini bilkul gambhi nahi... Kautâlâ... châlû bandhan... free nahi... meetings & interviews regularly going on throughout the day... matter dukhed... havâ thandi... No news from the other side (Ruston)....

Today sent to Ramji ... "More loved & ... party and ... affair ... (The rude treatment again & but for B. ... patience, dear soul! ...)

What is LOVE? Look at 31693 ... See how 651 p.w.

Think of her when she says "I place B. above all" - Imagine their devotion & love when they say of B's Mandali as "part of B." and gave a treatment that was more than ever expected even for <sup>the</sup> best in India.

How they all pass "Sleepless" nights - thinking only of B. & B. - and a thousand & one things that would simply leave one admiring with amazement at the extent & depth of feeling these charming lovers of B. expressed for B. whom they all had "made an idol of their heart" ... and among these, there are no ordinary persons who could be easily led away, e.g. Kuru is a well-read lady who has studied <sup>6 eastern</sup> the philosophy ...

but threw off all books - rather she couldn't take any  
interest in these, since she met B.

Nitty... & Belia & Margaret too were no lackers of adway?  
talent.... At least they had ideals of their own, and very  
fine, and high ideals about the Ultimate Reality & so on.  
(ref: their previous conversations.....)

But with all that, what a beauty of spirit, and  
feeling of love for Him or His? Incomparable....  
'Afarin'.....

C. J. ... what a dear boy? & a wonderfully loving  
Soul? Can one tolerate for a moment his best beloved

The Morning Meeting - private discussions re: further plans.

Clear day & outing on the hill after lunch 2 to 3 p.m. Walk on the beach with B. & party

Music in the afternoon - for half an hour only, for pressure of programme to follow.

Children's party - With B. & children with only 4 invited fr. the Mandali (Mark the 12/11/22 & the 10/11/22 to B's Mandali and also to 51692 who too were all checked & depressed, with the 11/12/22 atmosphere.)

Afternoon Meeting - discussion re: 2 p.w. D and his p.w. and how to remedy the state of affairs? Arrangement for an explanation by Dr. (vide separate notes)

Meeting - East India Committee

19<sup>th</sup> April 1932

Points cleared & explained..... ready for "implicit obedience... no suggestions -" - A question?

And the evening "heat" again.... I burst... on the point of being burst up! but the theoretical effort to apply the break to the onrushing spirit that headed to overflow..... saved... Shukra

Dr's "Shahnameh" continues daily to the interest of all.....

But with all these, what of B. ? <sup>was</sup> He happy ? We should be so glad to see it, but our eyes told a different tale altogether (let aside his super-conscious state)..... What a heavy programme with practically no 'freedom' of arrangement to him, and with the regular 11.5 > 2.0/2.30 for G. .... He had to pull on and bear it all for the <sup>sake of</sup> work, but how long & to what extent ? Can we Mandali do nothing than stand aside & watch or listen ? Was there no remedy of so what - ? It evoked a feeling of suffocation to see him suffer thus, & wait & watch unable to do anything. But what is one to do is the question ?

& what @ ~~W.D. Jones~~? Go or not to go? How many?  
What @ the fops. v. v. s. a. s. .... & the demand for the return
