Dear Doctor Sahib

To hand your letter which speaks of
nothing but lack of courage in facing the un-
~~known~~ expectation! Dear not, God is great &
true not merely in name but in (unfathomable)
action! Remember Truth never fails, so pass
the remaining few days as dictated and
when you feel disheartened name the Almighty
Allah a hundred times! Will call you
when I find it suitable! Tell Latiff to do
likewise! Don't any of you lose heart!

Tell Usman Sahib & let me know as to
what he is as regards the Solicitor's money!
Did he file a Suit! Forward my regards to
Munshi & tell him not to entirely throw
my humble self aside! Many remarkable
incidents have happened, known well which
Bro. Sarkat will let the circle know!
Ever yours

Why don't you make enquiries as to
why you have not as yet received
the Medicine!

Tell Szed Sahab that one who desires name
& fame is likely to flatter! But flattery or fear

cannot be expected from one who has fallen
to the lowest state of existence! Yet tell him that
sincere prayers are for his welfare, may God
accept! The only man in whom I have full
faith to help others in need is Gurnah! And
notwithstanding his distinctive mental
attitude God is sure to help him!

I love Szed Sahab with the greatest
brotherly feelings & tell him to rely on this
aspect

Doctor Sahel
your letter pronounces in
clear wordings your utmost satisfaction
in ~~staying~~ enjoying the domestic atmosphere;
hence you may stay at home as long as you
like, and if that is settled I would advise
you to obtain some job there to help you
maintain your household affairs! As I
had last informed you, you would either
have to work here, staying with me &
send the amount home every month or
if you would not like to undergo the trouble
of serving, the question of sending money
home every month would be out
question. Now you may decide one
way or the other. Only you will
have to observe my orders strictly till the
time settled between you & me and in
any way you will be with me in
the spiritual point of view.
This applies to Ranjit too. Show him this letter
and both of you may reply your decision separately.

Dear Doctor

I hope you may have by now received the amount of Rs 400/- . If you hand it over to the Committee, could it not be so arranged that the amount be so placed as to gather interest till Hadrat's entering himrona! Could not the amount be placed in bank in Hadrat's name? Anyhow you & the Committee so arrange as to place the sum in the safest possible place, accessible by the Jamat (The Committee of 7) the moment it is required.

You arrange with them as you like, I have no objection in any way. Also write to me

Go Ad¹ as to what
arrangement has been
arrived at.

As for yourself, you
might be remembering
the diet instructions given
you last at Burma. It's
no order of course, but
best for your health.

Also I advise you one more
thing! Every morning after
washing face etc (before
taking tea etc) sit in
one position (Buddha's style
one leg on the other) &

I breathe regularly for five
minutes, keep^{ing} your mind
fixed on the breathing. Then
after the five minutes, lie
down on your back straight
& raise yourself slowly till
you catch the toe of both feet
with your two hands; do this
twice; again sit in that
former position for 5 minutes
breathing in one regular strain
unconsciously, & then repeat the
— toe-catching process!

Do this thrice! Three
times the breathing process
& three times the lying
on your back process!

4.

In all ~~for~~ you will
have to spend about 20
minutes; & after that-
eat 14 oz. or 12.

a quarter of an hour after-
wards take your usual
breakfast - tea etc.

Also observe the diet
instructions.

Please reply if you
have understood all this.

Also about the money -
matter. Note that this all
is advice & no order, for
externally we are also from
each other for good, mercur.

11th Jan 1925.

Received your & Ranjoo's letter.

I intend coming to Pona in a few days

& there will enjoy Abdul Rehman's songs;

But I did not like to give you the unnecessary trouble of coming here with

him. Since the last 9 days I am

again subsisting on pure water, & though

a bit weak am healthy & energetic.

Thank God. You may be sure that even

the continual severest of fasting is no Kamal

in the spiritual point of view, but only the

outcome of strong will & staunch habit.

Never credit a Saint from the standpoint

of austerities. Fasting does not mean

perfection. Truth is something else.

Fasting (even if it be for years & most severe)

does not root out Kam & Kancha. But Truth

Does. And Truth overwhelms one, only when

the time comes. please ^{let} Ranjoo read this letter. Tata. Mervan.
