Shree Sadguru Meher Baba

Sal Mubarak!

I am writing to wish you Pateti Mubarak and please pardon me for not having written a letter for so many days because on the day I returned to Poona, that same night I wrote you a card and on the next day i.e. Monday morning I posted it on my way to school. And then it must have reached you on Tuesday and then I sat waiting for your letter. Then when I did not get your reply on Thursday evening I sent Adi to get me a card and he could not get it because it was past five o'clock and the post office closes at four o'clock. On Friday, Adi returned from the school at five or five-thirty and I sent him for a card but then too the shop had closed. On Saturday he returned from the school at one in the afternoon, then too I sent him to get a card but Saturday it stays closed for half a day, so could not get it and Sunday it is closed. So please forgive me and turn the key soon and call me.

Have written on the reverse also.

Take care of your health

And wish you Pateti greetings and if you are not here on Pateti day what is the sense of celebrating Pateti?

Okay Bye. Pateti Mubarak, Pateti Sal Mubarak

Received your letter and reading it made me very, very happy. You have written that You will turn the key and this had made me very, very happy. So, Baba, please do not forget to turn the key. Adi keeps beating me all day long so You please tell him not to beat me. Last time You had told him not to hit me but he still continues to beat me. You please write to him that he should not ever hit me. Please look after Your health and Baba, please send me by Your hand a little something or at least a photograph in Your next letter, because whatever You gave in Nagar, Mother took away and locked in the cupboard saying it is all Yours. But she does not let me keep anything. So please do send me something by Your own hand that I can keep in memory of You. Also I wish you a very happy New Year. There is nothing more to pen. Forgive me if I have erred.

Loving Salutations and all best wishes.

Shri Meher Baba! I wrote a letter to You but You have not replied and that has made me very, very sad. Why are You so angry like this? I obey Your orders, don't eat pickles, You asked me not to eat too much sugar, so I eat very little. Why are You annoyed? I even do my lessons well and every day I say my prayers and take darshan of Your photograph. I have kept Your photograph in a frame and every day I pray and ask when I will be able to meet You again. In all Your letters please positively and definitely write about Your health. God willing, we shall meet again soon; please turn the key soon for that. Please look after Your health. So long as I am in Poona, please visit me in my dreams. Please do look after Your health. Adi beats me a lot.

With all love and best wishes, sister Mani.

Shri Meher Baba! This is just to say that I remember You very, very much. I think of You as a divine being and right now no one knows who You really are, but I am so very fortunate that I get to take darshan of Your form at least once a month or every two months. Your form is of God and You Yourself do not disclose Your true identity to anyone. I go for Babajan's darshan frequently. I was extremely happy to read Your letter. Now and then You come in my dreams, and I hope you will turn the key soon. You have written that You are with me and You will watch over me. I am very happy that the ladies look after You. (Because they do) I will talk to them. Will I pass my examination? Please let me know at the time of my exams. I have three photos given by You, which I have kept in a photo frame, and I remember You constantly. Please look after Your health. Don't tell Mother that I write to You like this. Forgive me for having written to You after many days.

Well, Sahebji, (Zoroastrian way of saying "Good day" or "God day", used as a welcome and a goodbye.)

With lots of love and good wishes, sister Mani.
