TRANSLATION

It is right that the connection with the superstitions is shocking and frightful. But to go on lamenting and crying in the wilderness isn't a remedy to release from the "self-fastened and self-knotted" shackle.

FRATERNIZED NOTICE

Some respected heads of the constitutional governments in the world paid gratitude by sending the letters after receiving the dispatched book "key to success, explanatory note-book of——" and some respected editors of the esteemed English papers and dailies of some countries have also sent the gratifying letters morally. The abstaining from studying for the promulgation is another matter.

Now this booklet is also dispatching to all heads of the governments selflessly. The "wind" is "blowing" in accordance with the mentality of the itemized factors, in bogus or real, negative or affirmative (positive) constitutional alongside the sociological system categorically.

But lucky are those who have got the naturalized mental faculty to pick up the celestial sense instinctively without the retrogressive measure of expediency.

Longlive the universal and unlimited Humanitarianism.

The writing, printing and publishing books.

Here the theoretical knowledge with practice is limited, registered and labeled or conventional. Wherever the masses and monopolists are co-religionists and eighty percent are absolutely illiterates remainders are ignorants, deprived of the scientific, impersonal and unlimited Self knowledge.

Where the illiterate masses are enslaved by the

monopolists through out-of-date and inherited conventional system as the trade mark are being infused traditionally. On the whole where the human-society is entrapped in age-worn tendencies. The innovative literature's reflection, the evolution and revolution of consciousness, representation of the universal and limitless Humanitarianism plus Unitarianism is rare. The diagnostician of all kinds of the sociological, psychological, economical, physical and mental weakness and diseases are available. In such low, lower and lowest scale or level of the consciousness, the modes of culture and civics are zero. Either every sort of the antiquity, the hereditary, materialistic state of mentality has been dominating or a variety of the peoples misconceive the culture or civilization modernized in a quite wrong term. And misunderstand cure to become modernists negatively.

But such paralytic modernism is itself a heart-rending disease. Because the real modernization is beyond of religionism, feudalism, capitalism and every kind of the personal-properties. The physical, limited, personal body, mind and possessions can't be kept individualized, personified and mortalized in the transitory world.

But how regretful it is that the scientific inventions, the radio, T.V., pen, paper, chair, film industry and newspapers, magazines and periodicals are misusing and exploiting to keep on ignoring the ignorant masses usually. Because the constitutional system of the ruling and governing body himself is ignorant and "system" of the dead-past conventionally.

That's the basic cause that the constructive book is considered "cry in the wilderness" and such flowery facts, the pearls are known pebbles. Such society is composed of

manlike swines, camels and other animals. But in reality such "creatures" are worst of the natural inferior creatures because of having the responsible mind. The worshippers of the past are not only dogging themselves but dogging their own shadow illusively.

WRITING

I have explained it in the published book "Key to success. Explanatory Truth" that book is written through Practical Realization whimsically and fluently. But the preparatory procedure to get it composed, published and circulated requires an arranged office physically. And I have exposed the fact that here in the physical realm, the light of the universalized spiritual Centralized Station is already lighting and the showering grace is equal bounteously. But wherever the nature is ill, conscious is guilty, the sub-mind is stony filthy, thorny, giddy and muddy. The showering is entirely inverted, opposite and contrary. Here the old proverb applies "the darkness prevails at lamp's base". Though the proverb concerns with the ancient days. But the meaningfulness must be regarded. When on the whole, the masses are still past-worshippers practically. The same fact was described in the published book entitled "Charter" in page No. 40.

It is an irrefutable fact, the limitless God or Truth is impersonal and His earth, water, fire and air is for His whole creatures, His stars, moons, planets and suns are also for His whole creation, but the religion-world and his every individual has become co-religionist, co-league co-communalist, co-ritualist, co-ceremonious, co-casted class-fellow, co-harmonious, and fellow-country-man.

Briefly it can be practically leaked out that all religion-world is sharing the same views of personification commonly. To pen down these articles is easier whimsically than proof-reading by author. Though my physical presence is also spiritualized. But here in the wilderness I am all alone. Therefore in the recent published book many words are incorrect with wrong letters. I have pointed out exemplarily in the last page "Errata". But I am too busy automatically and naturally to defend myself though inner-conflict between the Supreme Positive Power and negative powers (negative channels, links and process) that I could not pay attention to correct them carefully. I again say that the respected readers are not lack of common sense to pick up the real pronunciation correctly and deliberately.

PRINTING

Commonly when the majority of the masses are entrapped when the illiteracy and ignorance is inherited. There mother-tongues are not religious languages geographically. So to make calligraphy and composing the words, books and theses is certainly difficult without errors and mistakes. Consequently the calligraphists and compositors inspite of being expert can't be able to copy exactly. This is the basic cause in printing properly.

PHILOLOGY AND LINGUISTIC

Though the unlimited and impersonal Truth doesn't concern with the bookish knowledge intelligibly. Because the enlightend facts are oftenly intangible and inexpressible through words. It is easier to say, to write, to orate to propagate but difficult to become. So to become

embodied Truth doesn't need to be philologist and linguist. Yet I have guided you by "key to success. Explanatory note-book of the evolutive Eternal Truth" in words spiritually through Practical Realization.

REALIZATION AND CONVICTION

To remain dogmatist, ritualist, communalist, religionist, idealist, caste, ignorant and illusionist or delusionist inheritedly is not faith, conviction and realization practically. The Practical Realization by evolutionary process, link and channel positively is Reality of Oneness.

Neither to be convinced through ceremonial logic by reading books or according to same the discussions, debates and dialect argumentatively is realization nor such peoples can be established constantly. For example one day two hypocrities and outward literate persons, one was believer of ceremonious & personal god and other was disbeliever, went to debate logically. Conclusively the man who was disbeliever became believer and other became atheist in the debate. But ideologically both persons were in the slippery maze of consciousness. Many ignorant categorical ridiculous majority of the masses is in the artificial world. Such peoples oftenly use to change their ideologies, communality and habitually disguise step to step. The causes and effects are also artificial in such world.

When the religious fabricated nation remained rulers, kings and emperors, etc. They could easily advertise their negative mottos among their subdued masses. The capitulated masses undertook their so-called influency misunderstanding it "distinctive remedy". Because the blind imitation is the basic peculiar property of such category particularly.

In the real ancient past-time, the impersonal, Messenger of Arabia was not Penman (writer). But was not prudently ignorant. He was not direct God-man Highest of high because of having the impersonal Servitude. He was only Message-bearer but the whole communalistic Mohammedan nation is worshipper of the Bearer instead of impersonal and unlimited Almighty Sender impiously and blasphemously. Such bloody nations kept on conceiving such ignorance knowledge.

To become possessors of pen and chair or to have the mastery of scientific Self-knowledge is the best naturalized quality. But to remain quite ignorant inspite of holding pens as personal property for the mere exploitation of the prior-ignorant and mentally untrained masses is clearly ignorance and disobedience comparatively. I mean to say that during the existence and presence of the impressionful body and mind the humanity can't realize practically the complete and ultimate Aim of life and creation of the universe.

Without negation of the dead past's heroic influential attachment with the mind and submind, every kind of the hereditary impressives idea is a mere ignorance. Therefore every kind of the religionistic advertisement, propagation circulation and proselytism is meaninglessly fruitless actually in presence and existence of the wavering, hesitating, wandering, worshipping, deceiving, misleading, roaming and vacillating constantly.

The mere dogmatic realization through ceremonial bookish knowledge and by way of conventional religious exercises is meaninglessly self-delusion. The masses are formerly deprived of mental-training. Consequently they can be more deceived by the artificial "great leaders"

and "mahatamas" etc. Because they can't recognize true and untrue, real and unreal because of incapacity through hereditary ignorance. And on the whole they misconceive the "revivalism" which is necessary. But the damn-fool deceived religious nation is quite imprudent. Because the cursed nation does not realize practically that he was rebellious and blasphemous of Divinity of the impersonal Risalat, the last Apostleship practically throughout centuries. But they still misconceive the battle 'Jahed' for the collective personal cause usually.

How exemplarily in the history of the dead-past of this cruel and ignorant nation. Who has incurred impersonal and unlimited God's displeasure. The full history proves him murderous, blood-stained, tyrannous and shocking. It is admitted historical fact that in the period of the personal Caliphate-Abbasia his capital (Baghdad) was an international trade market of the slave boys and girls with rings in the pierced hole of their ears as slavery-mark. "(Halqah-bagosh)" حلقه بگوش

KOH-E-HINDUKUSH

(The murderer-mountain of Hindus)

(in Arabic term, the peace-mission of all indirect Deputies of impersonal God were Messengers)

As before the last Messenger Mohd-e-Arabi the disgust-qualities were slaughtering, looting, killing and fighting for the personal and classified causes. Last Messenger converted the patrimonial qualities spiritually for impersonal cause. But after a little while same were again reverted personifiedly. Consequently Arab-nation began to exploit and misuse them by power. The Indian-nation also lost his Reality. He is not even in the negative discipline comparatively inspite of having Bhagwad-Gita.

Conclusively he did not encounter and proved himself defeatist imprudently. But the Mohammedan-nation was disciplinarian negative inspite of reverting the meaningfulness of impersonal and indirect Kingdom of impersonal God and Islam irreligiously.

POSITIVE AND NEGATIVE

Every kind of the personified property has become heritage of Mohammedan-nation. Those who can luckily judge themselves as the universalized humanists analytically. Fundamentally the real Mahabharat United Ancient India was transfigured and dispersed before invasion of the many foreigners, nearly 1500 years ago. The impersonal real Greatness of Bharat was transferred in communalistic personal religion (wheel under wheels). The irreligious and direct principles of Bhagwad-Gita were entirely disregarded practically and meaningfully. Only the ceremonious meaninglessness was going to prevail. Untill the masses alongwith the religious monopolists reached to extent that they lost even the negative harmonious existence totally and sunk in the sound sleep of obscurity of superstition badly.

It is mentionable fact that whosoever religious nation assaulted. He was in personified and was in monarchical system derived from Arab-nation representing the qualities of camel-like but in reality manlike satin-nation. The personified Mohammedanism of every kind of the monarchical mission was not Islam. I have described it so many time. Lala Karam Chand Gandhi wasn't real Mahatama (Embodied Soul, Great Soul). He was a political leader and was only a composition and muddled of religion. So the aggregate reaction of Mr. Gandhi and his religious

masses was Mr. Jinnah and his masses negatively. Otherwise the real Mahabharat did not depart by sever communalistic and riotous bloodshed. Neither the Humanitarianism plus Unitarianism was existed before partition nor after. The real Mahatama has got Infinite Power Knowledge and Bliss. But Mr. Gandhi was real leader nor Mr. Jinnah. Both were centralized negative reactionary and representative of their ignorant & reactionary nations retrogressively and religiously. But both are considered "great leaders" by past-worshippers. The past-worshippers are negatively 'reverential' and are kept ignorant inheritedly for the instrumental personified limited cause.

Let by-gones be by-gones and the dead-past is always exemplarily a lesson for the bloody eventful history-sheet of the personified monarchical and sociological system that is so heart-rending and grievous that every one who has got the real humanized mentality may correctly be worthwhile. There are countless historical events which are now leaked out through Practical Realization. But I will expose only a few for the sake of guidance impersonally.

Sultan Mahmood Ghaznavi was also one of the personal kings, any kind of the personal kingship or monarchy personal-dictatorship. Mahmood was in same categorical slaughterer and murderer of the humanity religiously. He looted and killed India and Indians many times only for the sake of limited personal interest.

His tyrannous and blood-stained sword shed blood of the mankind mercilessly. India was not waterless and barren as Arabia. The Indians were not waterless and murderers as Arabians. Mahmood and his nation or co-leaguers had the Arabians qualities and he himself was mountainous. His father was a slave of the personal ruler

of Ghazny as a "keep catamite boy". He was so kind that he made him successors. This is the similarity of this religion (personal monarchical "Islam") about the equality between "master and slaves".

Whenever he invaded. Every time he returned back with plenty of wealth, abundance of gold and fulness of women, girls, boys and men as slaves. This plenitude was with him in every invasion. "Koh-e-Hindukush" was in the way. He with his army murdered the old men and women and the corpses were fallen down the mountain. His army and his country-fellows enjoyed with the slave-boys and girls sexually and afterwards they were sold in the international market of slaves-trade the "Baghdad". Mahmood distributed the looted wealth among his armed forces and a lot of portion was sent to Arabia as a "religious present" for the self-deception ignorantly. The plentiful wealth was a "booty". Which plundered by constant invasion and made India destitute.

MOHAMMADANISM AND ISLAM

Though I was a spiritual being from my every childhood. Because I was naturally selected even in my mother's womb for the sake of humanity's welfare. But I wasn't practically realized the last cycle of age's God of the Reality of the last Messenger's "Haqiqat-e-Mohammedi" nor I was practically achieved the direct Reality of Lord Christ "Haqiqat-e-Isvi" through Impersonal unlimited and scientific self knowledge evolutionarily and revolutionarily.

Otherwise I also understood dogmatically, the communalistic Mohammedanism Islam, (the peace-mission of all Prophets the worshipping of the last Message-Bearer

indirect impersonal Sender. And communalistic Christianity, Reality of Lord Christ (Haqiqat-e-Isvi, direct impersonal Kingdom of God on earth. Hiqiqat-e-Mohammedi Reality of Messenger was indirect kingdom of impersonal God in Arabia. Where mother-tongue was Arabic geographically in accordance with the last Messenger's impersonal Servitude).

Similarly I wasn't practically realized the direct Avatarhood's Greatness until I was united with the limitless, impersonal and universal Supreme Positive Self as the last Avatar Lord Meher Baba. Otherwise I understood the communalistic "Hinduism" Avatarhood. ✓

Questions of hows and whys are solved through Practical Realization commentarily in the unreserved publication entitled "Key to success. Explanatory notebook of the Evolutive Eter nal Truth". This book is a real history of humanity, Prophets, Messengers and Avatars alongwith the psychology, sociology, philosophy, philology, and geographic, substantial and spiritual facts.

After the complete annihilation of body, mind and possessions the entire purified and universalized consciousness dissolves in impersonal and universal Soul with over Soul naturally. Otherwise without negation of mind, sub-mind and possessions are only the personal properties and their attachments are also as in the religion-world individually, communally, nationally and equally are seen and observed throughly.

Consequently the unlimited and impersonal Truth is Communist eternally and all Messengers, Prophets and Avatars were direct or indirect Communists and Socialists for the masses or humanity. They were not limited and

religionists. And now everyone who has got the revolutionary talent can understand that why the religion-world is rebellion and insurgent of the eternal evolutive Truth treacherously? Please go through the mentioned book attentively.

GUIDANCE

The direct Ancient One's great Manifestations were especially not religious nationally and communally. Whether directly or indirectly. So Lord Krishna was not Hindu nor he was Zorastarian. Krishna born in a space of "Untouchables" Who were also a personified ruling nation of India before Aryas. Rama belonged to Arya nation. Whose name was transfigured in Hindu-nation. Lord Krishna's Manifestation was opposed by the Hindu monopolists, the Brahmanism alongwith the Hindu masses.

- ✓ Shri Lord Meher Baba born in Parsi nation. But spiritually he is directly Avatar of the present Last Age, the last incarnated Over-Soul. Now in evolutionary and revolutionary view-points the eternal Embodiment (Truth) is quite indifferent. The world is entirely changed. So
- ✓ Lord Krishna Himself is Lord Shri Meher Baba, Saib Asmi or Meher Baba.

The manifested impersonal and unlimited Ancient One is eternally against every kind of the personal property and personified monarchical and sociological system. Whether the manifestation was direct or indirect (Messengers of impersonal God or God-man).

Jivatma embodied spirit means atma with body and mind, such category is natural inferior creatures of numerous specimens of the thrice kingdoms from minerals

to animals of the elements, ethereal.

The religious antiquated humankind is more inferior than mentioned above natural inferior creatures. He is also with the same Jivatma, but not only with the body & mind but attached with their personified possessions.

Atma (Soul) means beyond of body, mind and possessions. Conclusively to become superior Humanity requires the scientific Self-knowledge alongwith the Guidance of Perfect Master in order to surrender all-in-all. Soul means impersonal God (Embodied Soul) with over-Soul.

Over-Soul means Highest of the High (Embodied Over-Soul) with Soul.

URGENT GUIDANCE

The joint and common negative values of the communalistic religions are antiquatedly personifying the heritage and derivation of the hereditary personal monarchism.

The revivalism of such mentioned above ignorance is entirely meaningless in the view-point of spiritual innovation resurrectingly through evolutive and revolute Humanitarianism plus Unitarianism universally. Am I again throwing pearls before swines, the satins, demons and devils? About spirtualized universal symbolic mark in the living present Cycle of Sun of the Sun age is guided innovatively.

The symbolized mark is already printed on the front and dust-cover of my publication, the full risen Sun with red ground. The red ground is the symbolization of the Mars (Mirrikh) the mark of the last world War between Supreme Positive, impersonal evolutive Truth, Supreme

Impersonal Real and Equalized Egoism (Supreme Self) and comparatively the low, lower and lowest negative channels, links and process, the retrogressive false egotism (personified, unreal might through inner-conflicts elementarily.

The universal ultimate Aim of life and creation of the universe is not negatively religious, communalistic as personal properties of the body, mind and possessions. Dogmatically through every kind of the limitation, limited and ignorant equality is conservative. So rise and get out of beds of the sound sleep of the ignorance, come to the heavenly surface above the horizon on earth. Long live the universal Brotherhood ! (Oneness of One)

Be peace upon you !

INDISCRETION

I have stressed it already in the recent publication. But I am writing it repeatedly that in the scientific and impersonal view-point the operation of the evolutive and resolute Infinite Power is naturally essential to obliterate the opposite and negative might for the universalized and impersonal basic cause of constructive human-society sociologically. Because as without autumn the flowery spring time is impossible. Similarly without the destruction the complete positive construction can't be had comparatively. The impersonal direct pro-communist Awakener of the real past Lord Christ expressed the fact that the tree is recognized by its fruits." When the religious world's tree and his fruits (mankind) are bitter and poisonous. Why such tree and fruits are kept safe in the garden of the universe ignorantly ? Such fruits are religious masses and their monopolists. They are cruel, ignorant and must be fallen into the calamitous punishment in physical realm

indiscretionarily. And this is the collective and conservative reaction of their own heretic cruelty and ignorance.

A GUIDANCE

The below written scientific facts are known by those who are practically with Me as Ones and Oneness, the Supreme Superior Universal Humanity of the Living Present Cycle of Age. That all religious terms have been disused by the whole religious world's negative mentality.

So the conventional terminologies are innovately antiquated and obsolescent definitely. For instance God, Ullah, Bhagwan, and Khuda etc are the disused terms. Which have been using the religious monopolists for the sake of exploiting the masses. Such terms have become meaningless through Practical Realization.

The masses of the religion-world don't know even the literal and verbal meanings of the religious languages. How can they realize the true and real meanings.

This is the entirely practical or scientific, mechanical and technical age through dialectical materialism based on the materialistic evolutionary and revolutionary consciousness plus Unitarianism universally. Consequently in innovative view-points the unlimited, unregistered, unlabeled and Impersonal Saib Asmi's name is only verified and certified irreligiously and naturally. The mentioned facts are already written in the book "Key to success. Explanatory note book of the evolutive Eternal Truth". But these are being revised repeatedly for the welfare of the humanity. I think it is useless to revise that the disused, out of date things are obsolescent innovatedly. Because the antiquated terms practically prove that the God, Khuda, Ullah, Bhagwan, Yazdan and Rab etc are not

only divided, partial, separable, divisional and communal etc but personal unnatural, limited, registered and labeled. And almighty Saib Asmi is only impersonal Truth. It is not a religious or political claim pretentiously. It is only for the informative cause of impersonal Guidance inseparably. The refusal, rebellion and disobedience of Saib Asmi's Agreement and orders means practically to refuse, rebel and disobey not only the meaningfulness of the religious terms about the direct and impersonal Truth but to rebel and revolt against Lord Meher Baba's spiritualized, universalized and innovated impersonal Oneness of the whole Humanity.

ATHEISM

There are some people in the world, who are called atheists. Because they do not believe ceremonious "God" i.e. God introduced by the religion. But do they deny the existence of impersonal and unlimited real God or eternal Truth?

To deny "God" as the denial atheistically is entirely inhumanism. It is centpercent right psychologically that what is the man or his society career is his God is similar evidentially. Truth or Almighty is not personified, limited, registered, labeled and ritualist. But if the man is attached with the same society mentally and practically, personifying his belief he is also personified through heretic psychology. The denial of such personified or personal "God" is not atheism. Provided it is practically realized through complete negation of body, mind and possessions practically by Perfect Master with scientific and impersonal Supreme Self-knowledge evolutively, revolutively and irreligiously.

IMAGE

Realistically when the man is considered the masterpiece Image, the moview stattle and the semblance, the reflected optical impersonal God. Why the mankind on the whole is personified sociologically ? Thus the religious humanity is abominably moving image of personal and limited god religiously.

This damn mankind's semblance is the representation of the satans contrarily. His clumsiness can't be screened.

HEATHENISM

The Heathenish record of misdeeds is historically and evidentially obvious practically. The religion-world is really atheist or in heathenism limitedly and antiquatedly.

FEUDALISM

I have already expressed about the feudal and capitalism through Practical Realization analytically. Repeatedly I write again that the feudalism is a lowest archaical social system with the most indistinctive, faded, dim, reduced and entirely rickety sign, remanet and obliterated trace of foot-prints of the ancient tribal-system. Every kind of the personified monarchical system is also the abominable and obsolete remanet.

The capitalism is the production of the industrialization by the personal property-holders. Though such capitalistic sociological system is entirely against the impersonal Truth. But is produced by the "believers" of the personal, limited and registered "god" negatively and self-conceptively. Such damn capitalist and religionist-world is higher than the bloody, damn-fool feudalist world.

But both differentiated religious worlds are mutually consisted in the opposite and negative block against the Supreme, Positive, Impersonal and Unlimited block comparatively. This is the universal comparison between Impersonal Almighty's victorious, Infinite Power and negative equality's personal, finite defeatist mighty through the last Collision internally and externally.

THE PRACTICAL EXPERIMENTAL TOPIC

When a determinist, Truth-seeker having the scientific and impersonal Supreme Self-knowledge step to step surpasses the threshold of the inherited, conventional and limited hereditary bondages of the consciousness through annihilation and negation practically. And he attains the fourth-plane. His consciousness becomes clarified. Apparently and fearlessly he denys all religious gods practically and naturally. Because his superior materialistic mind begins to dissolve in impersonal real Truth or God step to step, stoppage to stoppage and planes to planes.

It means to say that the cages and traps of the religions are transitory and quite artificial. Their artificialities are various.

The universalized and limitless Embodiment of the Majestic God-man, Highest of high (Oneness of One) knows practically that the fourth-plane is how much awe-inspiring gloriously? Impersonal and limitless God-man Himself ✓ performs the Majestic and universal miraculous role on coming the 4th plane Magnificently. The particular and expected signs of the awaited Domsday are also going to be appeared and manifested lucidly in a twinkle of eye.

MUCH BRUIT LITTLE FRUIT

I have already pointed out the reliable scientific facts in the publication "Key to success Explanatory note-book—" that when the masses alongwith their attached religious monopolists are mentally untrained not according to the evolution of consciousness with revolutionary procedure, out of date's constitutional and sociological system is unsuitable and has no aptitude inevitably.

Consequently such mass-society naturally demands Martial Law in order to train mentally, the ignorant masses in accordance with the evolutive and revolute constitutional alongwith the sociological real innovative system without becoming "yes-man" of the ignorant masses and their monopolists.

Otherwise the ignorant and patrimonial "Martial Law" and its "ruling agency" is quite unfit to rule. When such "damn-fool agency" practically follows the beaten path cooperatively. How can be suited thus "Martial Law" system? Where only the out-of-date inherited religious ignorance has been dominating the mind and sub-mind of the society throughout centuries unluckily. Where "much fruit little fruit" has become the basic policy as before.

GOVERNMENT

It is irrefutable fact. Who can dare to deny it that the real and positive Government is impersonal and unlimited God's Government. Who is Impersonal Dictator of His all systematic globes universally and irreligiously.

The impersonal Government, the direct Kingdom of impersonal God on the earth is Oneness of One impersonal universalized and spiritualized Individualism. When the

personified false egoism (the ignorant ruling class) is overwhelmed irresistibly by his own sexuality and falsification. How such naturally rejected ruling class can dominate others selflessly and impersonally? So nod for the wise and rod for the donky (manlike donky, inferior than natural inferiority of the ethereal animals). When their trend of mind is also against Me contrarily.

I have told you in this topic that how and why man is Image of God? Certainly man is same positively and man is satan, demon and devil negatively. Moreover the scientific fact is that the thrice Kingdoms, minerals vegetables and animals and their numerous typifying species are also the images of unlimited and impersonal God evolunised inferiorily and naturally. But the universalized man must be the real Image of God practically and the man's colleagues (congenials) do not represent them contrarily, negatively and irresponsibly. The lowest creatures, snakes, scorpions, flies, leeches, louses, bats, crows, cobras, tortoises, serpents, hornets, different birds, different animals etc. are the man's own represented and substantive qualities. The whole sociological man's society is his own reflected negative or positive qualities.

But the direct and Impersonal God-man, Highest of high is beyond of the qualities. His Spirit is in the lowest of low creatures and the numerous qualities of such creatures alongwith the unlucky and depressed manlike negative and imprudent beings are not enlisted in His superiority.

THE MERITORIOUS NATURALIZED QUALIFICATIONS.

The relevant qualification to be written above headline concerns with the meritorious superiority of impersonal

and universalized embodiment of the evolutionised impersonal scientific constitutional system sociologically. The masses and religious monopolists are always untrained mentally, psychologically and spiritually.

Consequently the so-called notorious and disgusted experimental parliamentary system with electoral stunt is absolutely against the Humanitarianism plus Unitarianism in the living present Cycle of last Age.

I have already leaked out the causative effects in the book "Key to success" for the sake of Guidance impersonally about the real Democratic System ultimately.

(See the book)

When every kind of the departmental and educational system is also a mere personifying traditional, basically commercially, sexually or gluttony in sociological wrong constitutional view-point. And the holders of the certificates, diplomas, degrees, testimonials and the so-called qualifications are the representation of such "human-societies." There are every kind of the artificial and disguised qualities which can be observed practically except illuminative reflection of the evolutive eternal Truth through practice. Have you got the clarified heart-mirror to look the immoral, roguish, awkward, ill-intentioned, fretful, rude, slander, sinful, wicked, unlucky, greedy, faithless, ill-natured, dishonest and clumsy features of the religious societies? If you havn't. This means you havn't observed yourself. And you intrinsically are also dirtful and grimy with your heretic record of mis-deeds evidentialy.

A GUIDANCE

The below-written scientific facts are known by those who are practically with Me as Oneness, the Supreme

Superior Universal Humanity of the living Present Cycle of Age. That all religious terms have been disused by the whole religious world's negatve mentality meaninglessly.

So the conventional terminologies are innovately antiquated and obsolescent definitely. For instance God, Allah, Bhagwan and Kuda etc are the disused terms. Which have been using the religious monopolists for the sake of exploiting the masses. Such terms have become meaningless through Practical Realization.

The masses of the religion-world don't know even the literal and verbal meanings of the "religious languages." How can they realize the true and real meanings ?

This is the entirely practical or scientific, mechanical and technical age through dialectical materialism based on the materialistic evolutionary and revolutionary consciousness plus Unitarianism universally.

Consequently in innovative view-points, the unlimited, unregistered, unlabeled and Impersonal Saib Asmi's name is only verified and certified irreligiously and naturally. The mentioned facts are already written in the book "Key to success. Explanatory notebook of the evolutive Etetnal Truth." But these are being revised repeatedly for the welfare of the humanity. It is useless to revise that the discused, out of date and totally obsolescent terms are not innovatively useful. Because such antiquated terms practically prove that the God, Khuda, Allah, Bhagwan, Yazdan and Rab etc. are not only divided partial, separable, divisional and communal etc but personal, unnatural limited, registered and labeled. But Almighty Saib Asmi is only Impersonal Truth. It is not a religious or political claim pretentiously. It is only for the informative cause

of impersonal Guidance inseparably. The refusal, rebellion and disobedience of Saib Asmi's Agreement and orders means practically to refuse, rebel and disobey not only the meaningfulness of the religious terms about the direct and impersonal Truth. But to rebel and revolt against Lord Meher Baba's spiritualized, universalized and innovated impersonal Oneness of the whole Humanity.

IDOL WORSHIPPING

I have already pointed out the admitted facts in the publication "Key to success----." But now I am explaining it again that every kind of the idol-worship is relevant to the prolong period of the demon personal monarchical and tribal systems. Conclusively any sort of the idol-worshipping is the reproachable existence of the body, mind and possessions individually and universally.

The personality-worshipping, mimicked past-worshipping limited relationships, limitation, selfishness and metaphorical connection etc., such heretical ignorance is doubtlessly idol-worshipping. Consequently the Mohammadanism was personified monarchism, kingship personified varied "Khalifat" and spiritually out of date blind imitation etc. are clearly idol-worshipping. ✓

BLACK-STONE

The historical facts are already written in the mentioned published book. So to the ancient imitative, meaningless ceremonious-show of the constant kissing the black-stone is clear and undeniable exposition of the idol-worshipping. The ignorants don't know the basic historical cause of the black-stone. And they go on kissing ceremonially their own anus psychologically and sexually.

Impersonal God, Yazdan, Allah, Bhagwan, Atama and Parmatma or Soul and Over-Soul is not in the temples, shrines, graves, tombs, mausoleums nor He (Truth) is religious. Neither "Hardawar" is His Abode nor "Kaaba". His residence is Heart of the Supreme Superior Humanism timelessly, spacelessly and harmoniously.

A MEMORY

A circumstantial memory has come to my mind that when I was a student of the primary class. Some English poems were being learnt by heart. But a poem was much attractive.

Twinkle ! twinkle little star
How I wonder what you are !
Up above the earth so-high
like a diamond in the sky

I was also amazed like a poet. But now I have found out the celestial globes also through practical realization and the scientists have also searched to some instants by their invented spectroscope etc. Every kind of the speculation has been changed in practice.

Similarly I was much attracted to surpass the horizon for living in the sky in my very childhood at every evening. But now it is needless spiritually. I have already surmounted surpassing the skies as a Superhuman. But still the surrounding of the world, where physically I am is usually not worth-living and is entirely resurrectable.

BRITISH NATION

I have already mentioned in the recently published book about the nations historically in spiritual and practical

knowledge to some extent explicitly. So the true terms of the nation and nationality is not religious but is geographically in the world of microseism with the climates, different surroundings and mother-tongues in accordance with the territorial boundaries, not artificial impure limitations and boundaries unnaturally.

Consequently the natural standard-bearer nation is really praise-worthy. Otherwise at the day of Judgement in the Universal Supreme Court, every artificial communalistic religious nation is objectionable under judicial Notice. And is not excusable collectively. I have pointed out through Practical Realization the admitted facts belonging to the world of the cause and effects about all nations. That's how and why the nations, generation after generation transformed as the communalistic religionists retrogressively in the dead unreal past conservatively ?

This is the historical discovered fact that the whole European and Americanised nations are descended from the irreligious, and spiritualized impersonal ruling Aryan. Substantively the mother-tongues of the mentioned nations have the derivation from Persian and Sanskrit from the original liveage to their features.

I have expressed in the mentioned book that what was occurred at the real terminated time, in the every past. When the direct Impersonal Saviour, Awakener and Redeemer Lord Christ manifested as an Embodied Soul with over-Soul directy. And what behaviour was by the religious-world ? The Jew-nation with the personified Roman Empire's people executed the Benefactor of the mankind and proved ungratefulness tyrannously as the "executioners" of the expected and awaited Awakaner of the real past.

The Hebrew language was the mother-tongue in that ancient time, not English. But to revolt is a fundamental procedure of the world of the cause and effect irreligiously. I mean to say that even the languages with consciousnesses are changeable and transformed. But when the mother-tongues or languages become only the instrumental religious and monopolized cause of the personified interest. Their meaningfulness vanished. Such religious languages have been also rejected becoming obsolete naturally.

As all other religious nations, the communalistic Christianity also proved him insurgent ignorantly and rebelliously personified ruling nations leave their foot-prints after setting their artificial sun of the mighty prosperity historically.

Before the British nation's succession the religionist nations of the east world were deprived of the scientific and inventive culture positively. The scientific inventive and constructive sources were not there. Which are being misused or exploited by the quite impure ruling class along-with the masses and religious monopolists through the usual religious inherited and negative antiquity generation after generation personifyingly. Because the destitution of the impersonified evolution of consciousness is the basic cause of destitution. Without disciplinary and impersonal evolutionised and revolutionised constitutional and sociological system, the human-society can't exist on the earth.

It was the imprudence of the British and English Americanised ruling class that they recovered not only the petroleum in the sandy country, the Arabian desert and in Iran. But constructed the work-shops, factories and manufactories. The Arabians alongwith their co-religionists and confederates are basically deprived of inventing,

disclosing and discovering because of limited, conventional and locked mentality.

The real scientists, the constructors of the structure of the human-societies are eternally real and impersonal humanist not communalist or religionists. If they are in the religious-society of the personified constitutional and sociological cursed system and they are prized respectfully They must be kept straight forwardly carefull and attentive.

The ex-personified Arabians were kept subdued and capitulated by the religiously personal Khalifat-e-Usmania to a long period.

During the Turkish personal government's exemplary downfall, the Arab-nation began to excite with his religious, racial, and nationality's prejudice and bigotry against Turkish personal "Khilafat". The personified communalistic religious government of Saud was the particularly sustained by Britain personal Imperialiam. The reinforcement was sent to the Arabian's rebellions by Britain from United Indian Mohammedan armymen. The armymen were recruited by personal property-holders, landlords, feudalists and personfied shrineholders, artificial successors of the fabricated "guides". They were rewarded with more personal property with more lands and different titles. The awarded "titles" were considered distinctive in the mass society belonging to the "government party". No doubt to research or trace out the petroleum in Arabia and Iran was not for impersonal cause. But for the personified interest. Fundamently this action in the long-run proved "imprudence".

As a naturalization the British nation distinctively is a magnanimous nation geographically having the intelle-

gent characters and heavenly innovative intrinsic and instinctive qualities and qualifications on earth.

Everyone who is the spiritualized Humanist in the world of the cause and effect knows that I don't believe practically in any kind of the social, classical, tribal, communal, partiality, nationality, limitation and bondages etc religiously. I have written some historical facts with reference humanly. But the Americanized nation is superior than Britain during and after Cycle of Age.

AMERICANISED NATION (U.S.A.)

The historical fact is really praiseworthy that the Britishers who sent to abroad by personal Britain imperialism for gaining the wealth disengaged independently. How the existence of U.S.A was brought into such form? It is as prolong history as longitude of U.S.A. itself. The memorable heroic deeds of all kinds of the workers, representatives, presidents and co-leaguers are historically admissible.

Because it was not an easy job to formulate it even in such form. It is not revisable that the many countable presidents were victimized, killed or slain during the performance of the assigned duties.

But spiritually objectionable fact is that after disengagement from the personal British Imperialism did the Reality of Lord Christ, Impersonal direct Kingdom of Impersonal God or Truth sociologically and constitutionally enforcemently impose?

Let bygones be bygones. When the Impersonal, unlimited and universal Fountainhead's influential bounteous Grace is showering. Are you ready to receive it?

It is well informed and many peoples were showing enlisted as devotees also beware that after writing the Book "God Speaks" by Impersonal Lord Meher Baba in Sanskrit language last Avatar renunciated even to take pen in his Hand. He naturally wished to go to Iran for Impersonal spiritual work. When His devotees went to the British Consulate's office in Bombay, for the concerned pass-port. The Consulate said disgracefully "Why he doesn't sign on the form, is he above of Lord Christ? When this Consulate's rebellious words were received. The celebrated Baba gestured "yes I am ready to write my signature before his seat. So the signature was written, when the British Consulate was sitting in front of Baba's Chair.

But the half-risen sun (the symbolic sign on the Union jack) the British personal imperialism (against the direct impersonal Reality of Christhood or Lord Meher Baba's impersonal limitless and universalized supreme Self, Egoism) set down naturally. The universal I or Baba is not opponent of humanity. We are unfavourable of the personal property-holding of every kind of the constitutional and sociological inhuman system eternally.

U.S.S.R.

At present time the whole of the religion-world is fundamentally proving himself heroic rebellious, treachereous and "heathenish" practically and religiously, disguising in communalism.

The U.S.S.R is also practically against the impersonal scientific theoretical knowledge hand in hand with practice evolutionarily. The constitutional system alongwith the sociological system is right. But the personality-worshipping or the past-worshipping alongside the inherited

religious psychological tendentious-policy is quite wrong.

The Marxism is also not a Super Supreme Goal. But it is a stoppage in the way to the Destination. Bro. Karl Marx himself knew. But the Lenonism and worshipping of the Lenon's mummified dead body in the glassy coffin is against Humanitarianism plus Unitarianism, the real universalized and practically limitless communism on the whole earth in the living present of Last cycle of Age. Make haste and hurry up to take a warning against the exemplary dead past.

PARTICULAR FACTS

The most especial quality of the people must be borne in the mind that in the passed ages all equalized spiritual facts of the direct Ancient One's were existed beyond of skies and above of vacuum.

So the Seekers of the eternal evolutive Truth, the space travellers attained graciously through vacant mind according to proficiency for the devotees. All devotees were not in equal degree externally and internally in spiritual view-points.

Besides every thing was in the low, lower and lowest vacuum above earth. But many vacums are in the skies. Every sky has different heavenly vacuum above every vacuum same Sun is risen. Sky to sky Sun is on the same centralized point. The Sun concerning with the globes of earths is centralized and the earth revolves round it physically. The physical sun is the reflection and Manifestation of the Sun of suns.

Such as the physical globes of earths have been decreasing. Similarly the appeared sun is going to be

fallen down and the moon, stars and planets were being completely disappeared totally. The Resurrection Day has come. The direct and impersonal Kingdom of impersonal God or Truth on the earth has begun timelessly and spacelessly. The real scientists have proved the subjugation of moon and mars even physically by vanquishing and hoisting the flag on them practically. But I warn you that to worship the dead and artificial past is unlawful and against scientific knowledge evolutively.

CONSTITUTIONALISM

In the present physical, and transitory world there are various kinds of constitutionalism with constituencies and constituents systems. All such systems are actually out-of-date, defective, imitative, spotful, ineffective, inhuman and fruitless for the sake of evolutive, innovative and revolute impersonal constitutional system of universalized Humanitarianism plus Unitarianism constructively.

The religion-world ideologically says "Almighty One is limitless and impersonal and the earth, fire, water and air and natural inferior ethereal creatures are equally and naturally obliged with the celestial creatures graciously". But the mentioned cursed world and every kind of his individuality proves his "creeds" practically meaningless. Why? The problem is already solved guidancely in the published book. "Key to success——"

When the eternal God or Truth is unlimited Impersonal Director of the whole universe. Consequently on the earth constitutional system must be united with the constitutional system of Truth directly, the Impersonal Dictatorship. I have already described that for the

Reconstruction of the sociological mass-society requires eternally the real positive Martial-law system. But not artificial martial-law system imitatively and retrogressively, the representation of the falsehood of the daed-past.

RETROGRESSION

The scores of retrogressive nations have been destroyed and obliterated historically upto this time. Now they are non-existent. Only because they considered the ignorance Truth, disbelief faith, blind imitation the religion's labyrinth path and conservation the progression. Their government with sociological system was retrogressive. But they were all chips of the same block having the opposition in their ruling "heroic" negative psychology only as jealous and rival politically and religiously. The misleaders, professionists were just the rotten sheep infecting the flock, the masses of their parties. In their rotten constitutional system as many men as many minds. And that was misconceived democracy and democratic system having the usual inherited personified society. The so-called "heads" of the government were self-deceived by the different propagations and spoke to keep on deceiving the masses. But the bare words buy no harleg.

When in the bygones I selected some of them for the establishment of the universal Humanism plus Unitarianism evolatively. They also proved themselves disobedient and carelessly unefficient.

They with their colleagues were the birds-flock selfishly. But such "pitchers" in the dark well of the past broke at last. Such "pitchers" were chatty frogs in the dark well of the dead past.

The deceased fellows were just as the rolling stones gathered no moss or they were between two stools and fell down the ground idiomatically.

Let bygones be bygones and don't remain successors of the prior peoples through inherited retrogressive psychology. Take lesson from your abominable dead-past practically. To follow the beaten path is stupidity. He is not lost who comes at last. But every kind of the personified property has blinded all eyes, the dustful system.

"Listen humanity"! If my Heart is United with your heart to heart. If you are mentally healthy, you are physically and spiritually healthy. Otherwise the unhealthy fatty physical body is liable to be eaten by worms. Let the dead past, bury in the dead. Otherwise I will say "you are playing stupidly and the natural inferior animals instinct is far better than your unnatural "fatty" intellect"

Are you really in the list of Superior Humanity or the empty vessels making much noise? Hear! I speak to heart. Lucky are those who have got the mind and heart with Me universally equalized positively.

Note : Our Constitutionalism is not personal imperialism, kingship and monarchism or any kind of the personal, personified and classified dictator system. Impersonal Dictatorial System, eternally direct Kingdom of impersonal God is already promulgated heavenly and naturally.

But on the whole and commonly the humanity on earth is rebelliously against us as usual upto the living present.

THE UNIVERSALIZED EVOLUTIONARY ROLE

1. The real and positive modernism, progression, evolution and revolution is not the out-of-date's tendentious hereditary psychology in the sub-conscious mind as Lenons' absurd political policy about religion. The communalism or religionism is not the private matter. Only the evolutive impersonal Truth is the universal and unlimited scientific matter of the whole humanism externally and internally.

It is the causative base of the Lenon's policy that the masses of the Republics of Soviet Union are double-minded and uncertain and are proving his negative policy practically during the war in Afghanistan between the personified monarchical tendentious impure ignorants and impersonal and positive dictatorial's constitutional system evolutively, the true representation of the living last cycle of Age (The direct Impersonal Kingdom of impersonal, unlimited unregistered and unlabeled Saib Asmi, directly united with One of the universalized Oneness.)

2. The past is dead. The past never returns. Experimentally it is entirely absurd to try try again what has already proved failure having the nonsense rebellious personified monarchical inherited tendentious ignorance. Because every communalistic religion is rebelliously in favour of personified constitutional and sociological system historically.

Note :— I pose the question to the heads of the Supreme Constitutional system of U.S.S.R that how the universal journey will be surpassed, when such a long time has been taken to traverse the "primitive stage" in Afghanistan.

DIVINE COMMUNISM

To become the mere Marxist theoretically and to prove it not practicable is also ignorance having the inherited tendentious psychology.

Though the scientific practicable Marxism requires the irreligious and impersonal dictatorial constitutional system promulgatedly for the transforming the sociological system evolutionarily and revolutionarily. But Karl Marx was not a mere theorist. He worked hard and that too selflessly. His theoretical analysis was not impure like Lenin's political vicious policy which he adopted towards the religion, only the misfortune of humanity.

The scientific theory of Marxism is a stage during the journey to Goal for the construction of the mass-society and as such Marxism is an important mile-stone in the way of universalized Goal (Divine Communism)

MESSAGE

"I am not come to establish any cult, society or organization nor even to establish a new religion. The religion that I shall give teaches the knowledge of the One behind the many. The book that I shall make people read is the book of the heart that I hold the key to the mystery of life. I shall bring about a happy blending of the head and the heart. I shall revitalize all religions and cults, and bring them together like beads on one string."

(Meher Baba)

(Spiritually to revitalize means to wipe out and uproot all blind imitative limitations by infinite Power, Knowledge and Bliss. And revitalize the all religion-world

miraculously in one knotless String, Humanitarianism plus Unitarianism (Divine Communism) by Almighty Oneness of Asmi or Baba. There is a lot of the basic deep-rooted mental difference between the false physical egoistic heirarchy and the Supreme Real Spiritual and Impersonal Heirarchy)

✓ The written above indicated Words are taken from "God speaks" by the last direct Ancient One's Book, written Himself, the last Avatar Hazrat Meher Baba, Godman, Highest of the high, His spirit is also in the lowest of the low. His constant miraculous Silence is writing, speaking doing now infinitely. I have already explained it through Practical Realization in this booklet and in recently published book too "Key to sucess. Explanatory note-book of the evolutive eternal Truth" observing the religion-world, slipped down totally from the Universalized impersonal Centralization of the Universal Humanitarianism plus Unitarianism ignorantly, arrogantly and inherently.

Note : Who is heirlessly with Almighty One of Oneness single mindedly. He is Impersonal Dictator of the evolutive constitutional system. To become heirless is the most difficult job. So such negative individuality having the co-leagues of the inherent monopolized personified associated systems is certainly in the living present time spiritually. The different kinds of the individuality, the unfit ruling class is still staggering, wandering knocking and stumbling grossly outside the threshold of the supreme Reality and has not got the capacity to know his retrogression. And knows the stumbling block is a centralization, the Fountain-head of Humanitarianism (Divine Communism) ignorantly.

CURABLE REMEDY

I have pointed out mercifully that as the depressed masses are incapable to enlist in Our spiritualized universal Superior Humanity. Consequently they can be universal Superior by training mentally step to step and hands in hands. If the constitutional and sociological system is according to the evolutive procedure practically.

In such style the mass-society is able to convey for the universalized Goal gradually.

Otherwise it is inapprehensible to realize the Self-knowledge for surpassing the threshold of the inherited tendencies and to travel onward by plane to plane for approaching the ultimate universalized Goal, the fulfilment of the Aim of life and creation of the Universe.

Because to negate, to uproot and to annihilate the personified property of the body, mind and all their possessions is not an easy job singlemindedly in thus quite artificial mass-society. And to renounce, renunciate and to populate in the jungles, woods, deserts and mountaneous caves is unnatural for the masses also. I have achieved the Goal spiritually through Practical Realization during prior twelve years for the complete annihilation in constant seclusion and perfect solitude facing the inner-conflict, the universal last war between negative and Affirmative (Supreme positive) channelship, links and process comparatively. The inner-conflict is still going on in Me. In reality I am already secluded though outwardly I live mysteriously and am not recognizable irrespectively by the lowest manlike satans except those who practically recognize themselves after the complete negation of body, mind and possessions. They can't recognize Me. Who

are in the lowest status and are imprisoned their tortuous body and mind generation after generation, race after race, death after death and life after life. How can their dusty, muddy, rusty and patrimonial absurd angry, greedy and lusty wisdom recognize? Their souls are with Me but their minds are satanic, demonic and devilish. Their qualities are with them irresponsibly.

I have observed that the corrigible step to establish the whole social system communistically is excellent.

Otherwise remaining every kind of the incorrigible mind in order to keep on building the eastles in the air is evidently and obviously insanity and madness. Because the basic cause of every kind of the identifying mental diseases are a past-worship.

It is an other thing that such madness is deceitfully and politically over-clever. Such mentally deranged fellows are just as a rotten string attached with the same categorical self-deceived fellows serving their arrogance and don't want to depart from their "parrotary", patrimonial and tendentious habits.

Consequently the real decisive step is to co-operate practically with the Channelship of the last Ancient One's impersonal Embodiment. If to the last the approachable direct Channelship is thinner than the hair. It is the fault of the artificial past worshippers, influenced by the outward show ignorantly.

A LAST DECISIVE STEP

It is an admitted fact that the whole masses can't be transformed in the Universalized spiritual and heavenly Oneness of One, kingdom of God on earth. Because to

realize practically is impossible for every one of the world's masses through the scientific Self-knowledge directly. The Book "God Speaks" written by the last Avatar is for the Humanity and universalized Embodiment or Superior Individuality. Who is in the list of Oneness and wants to become Book of Truth practically. But the world of the artificial causes and effects is incapable to recognize Truth.

The religion-world is a aggregation and inclusion of many different religions, communalism, classifications, tribals and every communal system has different out of date jurisprudence separatedly. This means the whole abominated world is unworthy of becoming universalized Humanitarianism plus Unitarianism, Oneness of One.

Because the world has become wheels under wheels. All religions are slipped out, misled and lost from the universal Centre from a long dead past upto the living present. And the masses alongside the religious "monopolists" have no confidence except deprival, absence and separation from the Centralization. The abstraction, extraction and summarized centre is universally One. But to move away from it ridiculously and rebelliously is conventional ignorance.

The religion-world is revolving around the centre (Sun of suns) in lowest scale or ground of the third class materialistic consciousness. The mass-mentality is already kept entrapped by the monopolists, who are already embracing the negative personified constitutional system inheritedly.

The world has many worlds, the world of cause and effect, pensive, fancy dream-world, earthly and heavenly world, invisible world, world of ideas, angelic world, mortal world, and the world of Oneness.

The deification of the religion-world is buffoonery. The worshipping of the different deification is inhumanly ridiculous. Consequently such numerous tendentious ignorance has been dominating the religious mass-society "frankly."

MASSES

It is irrefutable fact that in such age-worn tendentious and unfavourable conditional surrounding every kind of the systematic development, programme, scheme, and project is vicious and incorrigible religiously.

We (I with Oneness) want universalized promulgation of the decisive system according to Our Self-knowledge, Humanitarianism plus Unitarianism undispensably. Because in such basically vicious society every kind of the "distinctive prayers", charity, alms, goodness, procedure, business, function, duty and so-called "virtuous" deed is quite fruitless and self-deception.

AGGRESSION

It is a mere aggressive step to keep on usurping and oppressing the basic Human-rights cruelly and ignorantly. This is the exposed aggression to remain entrapped in ignorance and the ignorance itself is fundamentally conventional aggression.

EVIDENCE

All natural phenomens and their all real manifestations and demonstrations have been communicating and revealing the Almighty Creator, Saviour, Awakener, Builder and Destroyer's real imagery qualities and reflective creatures. The real Supreman is a real Image of Truth. But the

ignorant, past-worship religious mankind's influenced and inherited tendentious ignorance, the negative collision proves that such unlucky humanity and his individuality is also imagery but in meaningful term satan, demon and devil.

This manlike category is inferior than the natural inferiority of the elements-creatures, the different kinds of imagery. The manlike categorical tendentious misdeeds are obvious through his face, eyes, ears, hands, feet, talking, walking and behaviour evidentially. Because in scientific psychological view-points his mentality from bottom to head is a mixture of the confused consciousness for himself.

The manlike satans who are professionally and characteristically in their categorical list. Their actions are moulded on the organs physically. His all history-sheet is similarly exposed even after death from their mental and ethereal transforming bodies. But there all scientific facts are invisible for those who are self-deceitfully in the fastened grip of ignorance.

Who are badly addicted to sodomy, buggery and adultery etc religiously or in brothels and eunuchs markets. Their faces are certainly vagina, penis and anus but are absorbed psychologically in exercising habitually whatever they are. They could not hide them in religionism throughout centuries upto present. The face is index of mind and sub mind.

INFORMATIVE DIRECTIONS

1. The most lucky fellows who in the universalized list of Superior Oneness of the evolutive Truth are naturally privileged to be buried with the same dress or uniform which they use to put on, after forty days, the grave-yard

unceremoniously should be smooth with the ground. The legs must be kept towards sundown physically.

2. The heads of the shrouded physical bodies must keep towards the rising sun. Wherever the rising direction is in the present world.

3. After breathing his last the religion-world's impressessioned life goes on paying the penalty through cause and effect. Whatever his ceremonious and ritual connections and conventions are after physical death accordingly.

But I have observed spiritually that to burn down the dead bodies. Who are commonly sinful, cruels ignorants and havn't got the capacity to become humanists are deserving to be burnt after physical death. They must not be burried in the ground. Otherwise they have the causative effect to infect the ground or earth transforming it as impure land.

The burning down such bodies after physical death is essentially far better than to burry under ground.

Because in spiritual view-points the sexual system (with the exemption of the natural inferior ethereal creatures of air, water, fire, and earth) of responsible mankind concerns with below of the navel and this lowest portion of the human-body is just like the fire-temple itself blazing fire of anger, greed and lust. Whether the corpse of the dead body is burried or burnt down. The record of misdeeds goes on reacting.

But to keep on burying such inhuman dead bodies is sinful idiotically. Because their relatives, friends, and coleagueres can't reduce and liberate them from impressions in their ethereal and mental bodies. By physical death their lengthy inherit record of misdeeds ends for the

interval. But after death they reap whatever they sow. Cosequently they have to pay. Because such humanity is already in the hell-state of mind death to death and life to life.

But the bodies which are being burnt down in the "physical hell" (crematorium). Their record of impressions can also transform in ashes immediatly and comparatively.

At present the sun-flower is preferable than rose. The rosy flower is attached with the moon and spiritually or heavenly-with the passed cycles of moon-age. Which is totally finished. The face of the sun-flower naturally and physically goes on turning towards the sun's face.

I have explained in this booklet also about the idol-worship for guidance impersonally. After the physical death oftenly the personality worshippers habitually pursue the deceased and usually continue to shadow them ceremoniously with sinful mentality. That's why the reactions of the died peoples can't be ended. Rather remain and resume because of the other connection with the misdeeds of such relationship. The different kinds of the dependents and relatives do not want to release and free them from the "Sanskars" (impressions) as they were attached badly in their physical transitory life.

I have explained many times that last artificial and imitative cycle of age has finished only the blind imitation remains meaninglessly and the real meaningfulness is certainly finished absolutely. Thus the entire imitative ignorance is misconceived faith or "strait path" blindly. The different labyrinths are misunderstood strait path by the "rank-idiot."

WORKSHOP

The world on the earth is a workshop, above earth, in the different atmosphere is also workshop and above of the vacuum is the workshops. On every sky is working machine. It is essentially inevitable that the different earthly workshops must be united with the celestial workshop according to evolutionary law constitutionally and sociologically, associating and cooperating with each other practically and limitlessly.

The ethereal and natural inferior creatures of the elements are exemptable. But the humankind must be responsibly realized his assigned duty in the universal. Workshop by complete obliteration of the artificial dead-past, the man's body and mind are the workshop. The mind's activities take effect on all vitalised organs and limbs organically.

Consequently the workshop on the earth must naturally be more and more Superior than the reality of every past. Below the navel is for animalism through natural inferiority, the vagina and penis. But behind the vagina, penis and testicles, the anus is for the excremental cause. After all, this natural lowest portion of the body is for animalism not for the superiority of humanism or for the artificial dogmatic "paradise" not even for the anus-using as a sexual intercourse, the against nature business of such workshop.

The Vagina and penis concern with animals. If the mankind's lowest portion of the body's mental work is united with animalism through natural inferiority. It is right. But if his mentality goes on misusing mind through unnatural tendentious actions.

Every kind of the religious world is devil's workshop negatively.

It is wrong rather criminal and irresponsibility. Consequently the personified body, mind and all possessions must be negated ultimately. Otherwise such unnatural and inferior workless humanism plus animalism on earth is totally not more than zero. Because such unnatural inferior mankind is lowest and worst of the natural inferior animalism, exploiting and misusing the organic limbs mentally, sensationally and physically generation after generation.

Such religion-world's Grandfather, (Adam) did not obey the order to touch the prohibited "wheat tree" and he was sentenced to go hell and his descendents have been beating this path ignorantly. The hell, prohibited wheat-tree and paradise have the spiritual meaning, not the outward terms. A grain of the wheat plant is naturally vaginalike and has the masculin's quality also. Hell means the hell state of mind and paradise means changless tranquility and worriless quietitude. Return to paradise means to achieve again tranquility and immortalization by repentance practically, not ceremoniously, having the same inherit record of misdeeds in the mind and sub-mind.

To become vegetarian is not a crime or sin nor to dine the corn-bread is prohibitable. But to become meaty is spiritually an inexcusable and inhuman sin and crime. Because the actualized man is a Superior Specimen and Image hasn't got naturally the teeth, hands, feet, jaws, stomach and other sensational organic system of the physical body like the natural meat-eater inferior specimens of the elements. If such depressed quality of the humanity misuses his Superior qualities and features.

He himself is respondent.

Note :— Lord Christ wasn't meaty. When He became Awakener and Redeemer nor He was drunkard. His physical daddy was. Who was a Hebrew carpenter.

But his mummy (mother) wasn't drunkard nor meaty. The spiritually against the direct Reality of Christhood, the Christian-world is self-deceptive and rebellious to drink and eat swine's meat. He misconceives his habitual trend justified to keep on drinking wine and eating meat imitatively.

The Mahammedan nation was also against the indirect Reality of the last Messenger throughout centuries upto the end of the last moonage.

BELOW NAVEL

Note :— The existent direct impersonal spiritual system, Kingdom of last Ancient One's greatest Manifestation is ever victorious and the opposite and contrary, inferior system together with the different limited and classified negative system is ever defeatist. Whys and hows? All questions are already solved for guidance also in my booklets and books

But I revfse the enlightened facts that were the natural inferior creatures concern with sensuality below navel, the portion of vagina and penis is naturally. The ignorant unnatural inferior mankind too is connected with the below of navel, rather with the anus for the luxurious view-point unnaturally. This damned sexological system of using vagina penis is also not disciplinary through natural procedure from beginning up to this time. The last cycle of the moonage is totally finished. Which was called

"Din-e-Fitrat" for the Arabian mass-society founded by indirect and impersonal kingdom of "God", not as the satanic religious term, Because all Messengers were the Message-Bearers, not directly impersonal God. So from first (Adam) to the last Arabian Messenger, the indirect prophethood is absolutely ended actually. All-in-all the gravity of the earthly globes, it connected with the sexological attraction below of the heavenly and celestial gravitation scientifically.

Consequently the gravity of earth is totally overpowered by the celestial gravity. So in religious-world's satanic agency, negative links, processes and channels are crooked minded calling down the curse upon them and are going down poisoning their mentality reversionarily. The heatful "light" is not Heatless Light beyond of the skies, The mosque builded by Mohammed himself was the Head Quarter of the impersonal indirect Kingdom of God in order to make trained Arabian masses mentally and spiritually. But after a while it was inverted as the personified head-quarter in duration of the ended cycle (fourteen centuries).

HELL STATE OF MIND

If somebodies are misundtrstood the traditional person revereds hypothetically by the ignorant masses. In reality both are past-worshippers monopolists and their instrumental sources are usually preoccupying fruitlessly.

Both are following the beaten pathlike maze and decivers, sinful and criminal monopolization is leaking out. The satans, demons and devils can't be exempted from the penalty and punishment in the universalized and unlimited Supreme Court of the Impersonal supreme Justice, the Day of judgement is beginnng and the Trumpet

of Resurrection is going to be alarmed. Every kind of the monopolization and "reverential fraud" must be abolished responsively. Such masses and other various monopolists are already in the hell state of mind generation after generation.

HEATLESS LIGHT

The hell state of mind concerns and connected with the influenced inherence of the body and mind, below of the navel, vagina, penis and anus, the sexual tendency, inhuman thoughts and feelings.

This lowest scale of consciousness is heatful fire and it must not be conceived light. If it is light. It is thoroughly heatful. And in the religion's term it is called Satan, Demon and Devil. So such damned mankind is already in the hell state of mind. Whether such sensuality or luxrious activities are deceitfully settled unlawful or religiously sanction. The different kinds of the heatful "light" from natural inferior to mankind's sexology is scientifically observed gravity of all earthly globes.

But the heavenly or celestial gravity, the heavenly gravitations is victorious than the defeatist inferior gravity of the earthly globes. The countless peoples, masses, monopolists and individuals are in reality quite opposite of their names, in different languages meaningfully because they are helish with heatful sexuality of hell status.

They defraud or cheat themselves and categorical class. But they can't hide? They don't know practically the Impersonal and Impartial Omnipresent and Omniscent.

INNOCENCE

Commonly the innocence is thought according to the physical ages and years. The mass-society who is mortalized ostentatious, assumed, showy and ceremonious apparently considers the aged peoples saints, elders and venerable with showy signs but having the age-worm tendentious record of misdeeds inheritedly. The peoples who consider them so, themselves are in the same categorical list.

But the real and actual innocence is beyond of the external showy sight and tendency. The spiritualization is above of the witty and pithy signification. A young boy or girl or woman or man may be reversed, honoured and the spiritualize aged persons are doubtlessly respectfully honourable without a least of showy and ceremonial action or outward rules and regulations and with the showy beards and religious garment as Priestism, Mullahism or Brahmanism or any kind of the religious sign of monopoly.

It concerns with one's mentality. He himself is what as his mentality. If the mentality is limited, registered and labeled to keep on following the beaten path ignorantly. His knowledge, scholarship, talents or his literacy is equalized with his co-religionists, companions, fellows associates and contemporaries. The personified possessions of body and mind are chips of the same block. They are manlike swines, camels, cows, ox, sheep and goats etc of the same flock, herd or assemblies.

A child who is considered innocent is also a reflection of only his daddy. But he also has all inherence of his forefathers sociologically.

The nourishing, breeding, supporting, educating, training and his surrounding and environment in the

society makes and moulds him as a chip of the same absurd block.

It depends upon the constitutional and sociological systmes. So much children are not innocent psychologically and spiritually. Because the tree is recognized by fruits. Such bitter fruits and the tree are similar. So such tree or plants are able to uproot for the reconstruction of the Heavenly Garden (Universe). We want innocuous and superior Humankind Superior than "angelic" Human-society on earth.

CONTRITION

Inspite of being worshipping dead-past personifyingly, the rebellious, artificial, incurred and inflicted religious nationalities are severely influenced through disused out-of-date, obsolete, and deleted foot-prints of their degraded and declined forefathers imitatively. And are going to be entrapped by the monopolists alongwith the unfortunate and absorbed ruling class usually.

All kinds of the dead artificial past's systems are basically finished. Those inhuman sociological systems were backed and supported by the entirely wrong and inhuman syrtems of mads. Who were being considered the real God-intoxicated and absorbed souls, the representatives of the mentioned above mass-societies attached with the different kinds of the worship-places, mosques, the agencies of the inverted personified head quarter Mecca and Madina, temples, etc.

And the Past's system was concerned with the different communals and religions. But basically all such parts and portions were composed of ignorance, separate from the real impersonal and universal Centralized Oneness of One directy or indirecty in the ended duration period of the

real cycle of age.

Such dispersed limbs of the human-body or the members of the societies have been discharging their "duties" territorially, locally, nationally and communalwise.

For instance in every localities their duty system was according to the different worship-places, police stations & to other various heads of the departments alongwith their departmental system sociologically, and false heads of the government or artificial central governors and governments. Still such totally obsolete and deleted system's effects and signs are seen in such absurd society.

WAYFARER

I have exposed that all kinds of the mental derangement concerns with the unreal past-worshipping basically and it is the very fundamental cause of the mental diseases. The E.C.T. injections or other medical treatment is incurable and useless for the diseases.

If you want to know about the mental derangement's reality of the spirituality, and all kinds of absorption and concentration, sociology, psychology and physically trends with scientific annotation. Study the detailed bulky book entitled "Wayfarer" edited by my friend and brother William Donkin for your more guidance in such subject.

The immaturity of the consciousness is not to become mature physically and outwardly against the evolutionary procedure. So regarding this enlightened fact the body may be healthy if the mind is healthy and if the mind is healthy, it can be united with celestial Oneness practically. I (Oneness) already make you the superior humankind.

If your mind is limited, registered, labeled, restricted,

bounded and is arrested by your own made bondages of the ignorance in the view-point of scientific Self-knowledge. Your body's inferiority is lower and lowest than the natural inferior creatures. In reality you are individually, commonly, nationally or communally enslaved prisoners and captives. You are getting tit for tat reactionarily and retaliatorily.

The actualized and real contrition doesn't concern with the repetition religiously. That is not repentance. It is only a self-deception.

The celestial globes inclusion of the earthly globes are One Unit universally and limitlessly, the direct and impersonal Our Mission is Universal Brotherhood.

The books arn't printed, published and dispatched free of cast. Please feel your responsibility to become superior than satanism. Control yourself. Do not add more and more manlike demons and devils on the earth. The Superiority demands mastery over selfishness and sensuality to become impotent or to obtain the impotence is not superiority.

But the Practical Realization by complete negation of body, mind and possessions is naturalized Superiority. Because the impotents and the showy cellibates have the same body and mind's heredity through thoughts, feelings, inclinations, doings, actions, psychology with eyes, hands, feet, brain and all senses. How can they become superior ?

Lord Christ wasn't selfish and ritualist nor sensualist and impotent. He had a firm grasp and possession of His body, mind and possession after the complete negation. He wasn't attached with the natural navel's inferiority of the elemental creature's instincts, below of navel,

between two legs. He was not as the sensualist and communal Christians, ignorant nation. He was impersonal direct Godman not satan as His numerous disqualified so-called nation not indirect Impersonal Messengers concerned with the natural inferiority of the ethereal creatures and not religious as the most disgusted and declined Mohammedanism, the artificial Islam. ✓

PRACTICAL PROOF

It has been practically proved through Practical Realization spiritually and psychologically that to go on following the beaten mazelike paths with worship-places can't make the humanity superior being nor the negative manners are able to make sinless and crimeless. Rather such tendentious clinging and grasping tighten habits become the cause of increasing, breeding and reproducing the records of misdeeds certainly. Apparently manifested and visible, ungraceful and awkward features and notorious qualities are the practical proof that the religionist-world is evidentially stumbling & hellish world. Physically where I (united with the Union of Oneness) am is a clumsy and impure land collectively. Neither here is respect of Humanity nor mankind anthropologically and evolutively except satanic, demonic and devilish religionism and the religionists, ignorantly and haughtily say our artificial Islam is not an "ism". Yes it is loaferism personified goondaism & Mohammedanism, the Messenger-worship, monarchical system throughout the ended duran-period.

The superiority of Humanity is beautifully distinctive than the mankind who makes a show of mere unreal external beautification hypocritically and hasn't got interior beauty with exterior. So the religious masses entrapped by monopolists are odious and ugly whether they heav

outward seemingly or not. Such mass-category is beauty-worship for the sake of quenching the burning feeling of the sexual-hunger through sodomy, luxury, buggery, adultery, masturbation and homosexuality etc alongwith the misusing film-industry, pen, paper and printing press by romantic literatures, brothel and eunuch markets by mean of external eye-sight, hearing of ears walking of feet, doing of hands sensitively in such satanic mass-society. These inhuman odium is misunderstood beauty or beautilous. No doubt Embodiment of Impersonal and unlimited Truth is Unique Beauty and the whole His specimen, symbol and image must be beautiful externally and internally in the view-points of beautiful character, beautiful arts, beautiful deed, beautiful dealings, beautiful qualities and features evolutionarily.

The bue-ideal to become beautified is described spiritually not psychologically in the mentioned topic. If your mentality, mind and sub-mind is not beautiful your physical body is ugly and idious internally and externally inspite of the showy and outward standard of the beauty-worship ignorantly and only for the sexuality. The purity of the showy and clumsy features, qualities and dress is hypocrisy without the purification of impurity of the intrinsic consciousness.

So the abstinence and preventive adaptation itself is a curative remedy to make beautiful and attractive in the real Human-society.

PROPERTY HOLDING (Artificial Godhood)

I have winked in my publication "Key to success. Explanatory note-book of the evolutive eternal Truth,"

identically that "the Arabian personified rulers were indirect and artificial or looters, killers and usurpers for the personal interest, rebellions and insurgents, of not real Islam, the peace-mission of all impersonal Messengers, which was made communalistic peacelessness religiously propagated by sword with inverted fresh might after a little period of impersonal and indirect kingdom of God in Arabia realistically.

I revise it with repetition clearly for the guidance that after a while spiritually two sections were made spacelessly. One was connected with the spiritualized system of the Reality of last Messenger and the next was again into the new personified religious system. Because before the Manifestation of the last Arabic Messenger in all world was the same retrogressive monarchical, tribal and imperial system backing by the sectional and negative system. So alongwith the Arabian society it was transfigured again by the fresh religionistic power to the terminated duration of the passed cycle of age consistently, 14 centruies according to the Arabian era. Now it is the beginning period of the last cycle of Age directly and universally. If the Arabian indirect cycle of age remained unconverted by the promulgaters as impersonal indirect Kingdom of impersonal God in Arabia. At present Arabian naturally were able to unite with the present system of the direct Impersonal Humanitarianism plus Unitarianism, the direct kingdom of God or Divine Communism on the whole earth.

I have exposed that the comparative system was belonged to the personal monopolization including the hereditary personified monarchy etc.

Consequently the system of supporting the system of the worst admonitory obsequious class was misconceived

"reverential" and the masses are still kept in the artificiality by the punishable, dogmatic and inhuman monopolists through the ignorant "pastworship" ruling class imprudently.

✓ Only the real Qalandar's (man-God) spiritualized were the Members of the impersonal Oneness indirectly and impersonally. But the grave-worshippers are inviting the torture and punishment reactionarily and calamitiously.

STUNT

I have already explicated the basic facts in the recent publication. That the past worshiping is a sin and unexcusable crime scientifically. The artificial complexity is harmful, the instrumental source of exploiting the masses in the name of complex religious, communal and classified "personal God". The real and impersonal ideological God's past has been the also evolutionarily and revolutionarily unlimited as the naturalized urges and needs of that positive time.

Every thing of the celestial and earthly globes has been changed. Because celestialistic world alongwith the ethereal earthly world goes on changing naturally. I have described that the evolution and revolution of consciousness goes upwardly hand in hand to the universalized Goal.

I have leaked out that why the history-sheet of the bloody and damned religion world is a mere stunt? If the 'Pearls' arn't recognisable by the inferior than the natural swines. It is their own ungovernable fault.

RELIGIOUS COMMANDMENTS

I have exposed in the books that all kinds of the

communalistic religious world is anomalously made of the sexual tendentious deception and dreamy castigation satanically. Only for the sake of keeping disguised the personal imperialistic conspiracy against all masses bounded in the knotty religious snares. But the servile features are exposed in the whole mass-society contracted by the monopolists alongwith the negative and unreal ruling class fruitlessly.

Such self-castigative morality and commandments good or evil, prayers, charity and alms are fruitlessly nothing more than to keep on deceiving yourselves. The despondent and weary ignorant persons and peoples don't know practically that the entirely out of date, obsolete, deleted frailty of the artificial, deep-rooted ceremonious and inherited ignorance isn't a curative remedy of their all different kinds of the mental, psychological and physical hereditary influenced and infectious diseases.

CLASS STRUGGLE

The class-struggle or classification concerns with personifying satanic religion-world. The disgusted and befooling system evidentially proves their irrefutable remnants with a glance.

The true and direct source of remission is to fulfill the basic Aim of life and creation of the universe. The real and irreligious Day of Judgement is beginning timelessly and spacelessly. The religious world's meaningless belief is anomalous. Such kinds of the self-deceptive "moralists", "morality" and moralization is mere showy, ceremonious hypocritically, when the basic impersonal Foundation. Stone had been reverted down communally and personally. The so-called virtuous doings, life and activities are quite

deceptive inconsistently.

All ethical principles are a mere political conspiracy, a swampy stunt keeping such mentality down to down. Now it is the beginning period of the Direct Last Cycle of Age, not the impending religious "belief". It isn't the imperceptibility.

Grace is already showering mind to mind and heart to heart. The impenetrability is a fault of your stony, filthy, thorny and rusty mind and heart's knotty unnatural mentality.

I have stressed it many times that all earthly and celestial globes are in reality One Unit or Our Oneness system on earth impersonally and limitlessly. The whole unit's organized factors, bits, organs, parts and pieces from earth to sky, from moons to stars, planets and sun naturally and impersonally are busy to discharge duties miraculously and automatically. This is a naturalized workshop. If the religious world's every kind of the class struggle is backing to be torn bits of the impersonal and universalized Machinery. It is a joint sin and crime of this damn religious world unexcusably. Because they are religiously hellish, satanically "over-clever" ignorants mentally.

SCIENTIFIC NATURALIZATION

The world on the earthly globe is natural inferior than celestial, the superior natural globe. The both globes have different and contrary gravitation comparatively inspite of Oneness of Soul and Over Soul Spiritually. I have implicated the basic cause of this difference in "Key to success. Explanatory not-book of the evolutive eternal Truth". Therefore here I don't want to prolong it. Briefly it must be borne in the mind that the inferior

etheral natural numerous creatures are naturalized, naturalists or naturists. The elements-qualities and features are natural. The nature, supreme nature, perfect Nature, and the Universalized Oneness of the Supreme Perfect Nature is the natural system. The Universe and the creature are natural. All system is impersonal without a least of registration., limitation and individualized ownership.

Consequently Ancient One is embodied by natural and His Unique Manifestation (indirect or direct) is naturalized impersonally. I have explained it minutely in the above mentioned book that why the Ancient One was naturally Manifested perpetually after the end of every Cycle of Age evolutionarily, the same One with different names and forms. Otherwise We were/are bodyless, mindless, nameless and beyond of beyond. The fundamental causes is that Our Soul is in all globes, from earths to skies is a continuance of the same link. But unfortunately past-worshipper and ignorant mankind claims to personify as property holder "god". This term has many terminologies in religious languages and all are in reality meaninglessly being exploited.

Such mankind suffers due to his actions, reactions, cause and effects naturally. The mankind manifested or came into existence naturally through the natural law of evolution from animal kind to tailless and two legged animalism. Because in the beginningless of beginning the one kingdom to another step by step went to be evolutionized gradually. At last in the last superior kingdom of animals a particular natural imagery kind transmigrated as a mankind having the all elements and senses or mental faculty in the body and mind. But his mentality was not perfect superior image.

O ! readers !! if you have got capacity to find out the impersonal evolutive Truth. Search out and don't waste the earthly life self-deceptively ! Why the unlucky mankind's body and mind is not naturalized evolutionizedly ? Why the possessions are unnaturally inferior than his ancient inferior imagery but naturally.

Who he has made Our Superior and perfect nature's Image (yourselves), a personified or idolized idiotically ? Is the personification and worshipping of the dead past is Superiority of Humanism ? Why the image of the satanic "god", the unnatural inferiority is misunderstood "faith" ?

The real naturists and naturalists are those who are with Me in humanitarianism plus Unitarianism, divine Communism or Humanism practically. The Supreme, Impersonal and limitless Reality is naturally true and everything else is unnaturally illusion and satanic egotism.

The religion, communalism and their ideologies, dogmas, ritual ordinances are unnatural disused and crafty business. The natural proficiency is only superior.

Commonly and communally the masses of the religious world are suffering from the deep-rooted unnaturism (ignorance) generation after generation chorantically. I have penned the mentioned diseases, diagnosis and their curative treatment scientifically. I am apparently in the world, which is limited, bounded and registered physically geographically and religiously or unnaturally. But evolutionarily I am celestially on the limitless earth. My motherland is unlimited and I keenly want to transfer it celestial system on earth. This is the only universalized peace-
Mission ordained by Impersonal Saib Asmi directly.

URGENCY

The real possessor of the right to intercede and excuse the sinners impartially is authoritatively concerns with the written above enlightened and irrefutable facts. Otherwise the advocacy and intercession of religious "belief" of the absolution is practically and obviously meaningless and this conventional and inherited ideology is usually a mere instrumental source of exploiting and misconceiving themselves for prolonging the record of misdeeds stupidly.

"DAJJAL" is an Arabic word, which in religious terminology means the self-deceived and deceivers. Such regretful peoples have only an eye belonging to the mere showy, outward and external sight with the lengthy record of misdeeds deprival of the heavenly wisdom and inner and insight. They haven't glanced themselves inwardly and are habitual to look straws in other's eyes and are unable to glance beams in their own eyes. The basic cause of their influences and hereditary ignorance is that the "DAJJALS" have no capacity to distinguish and recognise the Reality among unrels throughout generation after generation. So they are proving themselves "DAJJALS" at present also having not the practical knowledge of identification and recognition to distinguish the universal and impersonal Benefactor of the humanity and are usually giving proof of their inherent ungratefulness regardlessly.

Thus said Jesus Christ "Let him who is without sin among you be the first to throw a stone". This striking quotation is applicable on the religious world even today. Who is still going on undertaking the obsolete and disused communal juridical, the trodden path retrogressively.

(Impersonal Saib Asmi)

INFERIOR LIFE

The mere natural earthly life is attached with the body, mind and the body and mind are composed of the natural inferior senses and etherealized elements. Accordingly from minerals to the animals all kinds and specimens have been developing by evolutionary process naturally. Consequently the earthly life is evolutionist. But this life is a mere inferior containing the natural evolutionary consciousness plus sexology of below navel i.e. vagina and penis, differently natural intercourse.

AGAINST INFERIOR LIFE

But the mankind who misuses his organic body with his responsible mind is inferior than above mentioned. Because the mankind is superior creature. Provided he realizes the enlightened fact. The humanity in reality is heavenly creature on earth beyond of agonized body, mind and possessions.

“I and my Father are One” (Jesus Christ).

The penned above celestial fact's meanings are beyond of the physical artificial and fictitious heredity, personified monarchy and genealogical satanic system (son of so and so) Lord Christ's physical daddy whoever was. But the impersonal Father was is Over Soul with whom He is united as immortalized Oneness.

Similarly underpenned impersonal, unlimited Asmi's physical daddy whoever was. But heavenly and Impersonal Father is Embodied Over Soul, Godman highest of the high, Meher Baba. Both are universally One, The real Temple or Abode is Heart of the universalized Humanity.

These few words are suffice for the wise. I have not penned it pretextiously, as anti-Christ, Dajjals (deceivers) do.

POPEISM

The communalistic religious monopolization is an ancient conspiratorial political or satanic policy for the sake of disguising the personified monarchical constitutional system backing by the grass-worshippers, so-called "reverential system". I have leaked out spiritually that the last impersonal Deputy of impersonal God's Din-e-Fitrat' (Manifesto) of the natural inferiority, below navel was for the gradual mental training of the Arabian masses and was not transformed against nature, the complex of the different jurisprudence limitedly, communally and intricately.

The primitive conspiratorial and confidential activities were begun after the death of the last Arabic Messenger in a separated mosque namely Zarrar. Where the Mullahism was the "Imamat" of such party. Afterwards the first "founder" of the personal and communal kingdom was Yazid, which was the headquarter of the last Deputy of God for the gradual mental training of Arabian masses became headquarter of the personal monarchism systematically. Whatever is penned. It is as a preface of the topic. Otherwise all kinds of such topics are exposed implicitly in the book "Key to Success"

I mean to say that the communalistic conspiratorial satanic system is an intiquated opposition against 'Truth' promulgation evolutionarily.

According to the evolutionary law of process where the consciouness has been also changed and many proverbs have been naturally deleted. For example "it is hard to

reside in Rome and quarrel with Pope''. Because in the present time the countless peoples know that Popeism or Popeism, Mullahism, Brahamanism or every communalism's monopolization is doubtlessly against the impersonal, universalized, and limitless centralized Truth. Consequently it is not hard at all to reside in the Rome. But it is easier to uproot every kind of the Popeism in order to reside in every kind of Rome peacefully. All kinds of the violation depends on the hereditary ignorance, the ignorance is itself a camouflaged 'snare and do not be remain ensnared.

FICTIOUS BHARAT

All communalistic religion-world is against the direct and universal constitutional system of the Humanitarianism plus Unitarianism, the real and divine scientific communism, quite purified from every kind of the impurity of the communalism. But it is regrettable that the Bharat of the Artificial Mahatama-worshipers and rebellions of Godman, Highest of the high, impersonal and unlimited heavenly commandment on earth is usually enlisted in the same disgusted category from nearly one thousand and five hundred years, suffering from scores of agonized, chronological, mental, psychological, physical, constitutional and sociological diseases individually, commonly, communally and nationally.

Why in such inhuman Bharat also the communal riots have been occurring after partition, what the most-exemplary lesson has been teaching? Bharat was made parted by the artificial Mahatamaism alongwith the communal masses. What was the basic cause and effect of the partition. It is not divided by the Ex-Britain Government. Do not try to pick hole in others' nose. Seek your own

faults. The artificial Bharat is "imitiating" the failure in Britians' constitutional and electoral system. Because such satanic ruling class is entirely incapacious to make the mentality of the masses trained in accordance with the living present cycle of Age evolutionarily.

ARABIA AND IRAN

Whatever I have come to know through practical realization is only for the sake of guidance. Though the repetition of the exposure of the direct spiritualized facts requires a lengthy explanatory composition. But I do not waste my time and tide to keep on penning fluently. Where I am physically, the ancient proverb applies "the darkness prevails at lamp's base". It is above of atomic energatic age. It is another thing that here in the antiquated feudalistic sociological system even the electric energy is incompletely works. So the lamps are not used commonly as holding oil.

The electric bulbs' base is not darkened. But here when the mass-society is usually victimized as the worshipper of the dead past. The proverb suits here.

IRAN

It is heavenly clear as sun that spiritually even the real and indirect duration period of the last moonage is totally finished. So the artificial "Islam" "Imamat" "Kilafat", communalistic personal monarchical system is about to be obliterated naturally. The Ali's spiritual impersonal system is ended and has been dissolved in Our Heavenly system on earth. ✓

I have exposed that in the past in Arabia the system was transfigured after a while artificially. ...Similarly also in

Iran "personified imperialism" remained communally through centuries.

Still the environment, surrounding, conditions, systematic sociological society is same. The feudalism and capitalism is same. The communalism is same. The prostitute, eunuch markets are same. The castes and creeds-class distinction is same. This change was counter revolution and it was also inexcusable sin and crime in the Court of Universal Judgement alongwith the Saudi Arabia-Dujjals personal satanic government. Rather the grave situation has been retrogressed more than before the Pehlvi imperialism.

THE MAIN BASIC CAUSE

1. Arabic is only communalistic religious language Geographically the Iranian mother-tongue is Persian naturally. The Arabic language is no more than an tactical source for misusing and exploiting the Mohammaden masses.
2. The personal monarchy and imperialism is against impersonal Truth. And this is impersonal direct age.
3. To disregard the Reality, the mere slogan and clamour against the imperialism and monarchy and to keep on conspiratorial compromising with the monarchical system of Arabia conventionally and religiously is a sinful crime expediently.
4. The Mullaism of any communal system is fundamentally insurgence of Humanism.
5. To imprison the embassies as hostages is entirely unlawful in every view points. This is but a demoralization evidently.
6. The damnfools misconceive every kind of the

reactionary change Revolution. The alternation and removal has the negative and positive qualities or kinds and both are considered change and removal. But to find out the reality requires the practical knowledge according to the cause and effect positively along with the evolution and revolution of the naturalized superior mentality. Similarly the historical world is concerned with the negative and inferior ancient time.

The intense violence and violation of the artificial "Islam" or communalist Mullahism is acutely inhumanistic in Iran and Arabia. Its retrogressive reactionism of causative and effective consequence is bloodshed of Mohamedan nation totally with the end of all communalism of the world's population having the infectious camel's qualities but satanic features is destroyable.

At present too there are Saudi Arab and Iran two ✓ centres of the artificial communalism. Both are the causative base of the declination of the mimicked nation mentally. The petroleum is not the touchstone or standard of the real greatness, the personified property. Because the petroleum's wells and provisions are calling to be burnt suddenly and the earth will be "blazing bronze" at once. No one can rescue from the present beginning period of the Day of Judgement.

The basic sin or crime of the "Emperor" Arya Meher was that he was incapable to look into the futurity prudently. His assigned duty to rule was first abolition of the "Mullahism" with all kinds of the personified sociological system constituted with the disgusted feudal system. Why he did not train the mass-society according to the evolutionary procedure? This is the only his sin and fault. The very Mullahism basically caused to give up the throne.

he promised with me in the Changa Manga woods, where I was secluded at that time as a protest against society. He came along his queen for the "honeymoon". He promised with me with folded-hands that he will act upon my words to change his Imperial Rule into an impersonal emperor Arya Meher. Because he knew that the son, prince was granted bounteously by Me. When after the marriage with Farah Bano astrologers of the world foretold that this marriage will also be the approval of the deprival of male-issue. The news about granting him the prince was also sent for publishing in a Lahore's Daily (Imroze) But the News Editors insulted me to publish it by writing Saib Asmi the astrologer. Because in such satanic society it is the satanic instinct to insult me any how. They can't recognize me significantly.

EMPEROR ARYA MEHER

What was the situation of Iran before Pehlvi personified imperialism and what were the heavenly words to Raza Shah Kabir about the impersonal administration? When attended Lord Meher Baba with tearful eyes and related the most critical disorder situation of Iran. Lord Listened his adversity of Persia and gave superficial consolation him. He gestured that to serve the country is a good thing. But to serve the whole humanity is a best function impersonally.

Lord backed him soothingly and granted him impersonal Imperialism graciously. The impersonal direct Emperor Godman, Highest of the high merciful grant was not personified, limited and registered. Raza's son Arya Mehr was not capable to administrate accordingly. If he is ready to beg apology practically. I am already merciful and he may be excused through Me. Again he must attend me

straight forwardly for attainment of the ultimate Aim insistently.

FIRE-WORSHIP

About the fire-worship and the fire-temple the affirmed and positive historical facts are already described in the recently published book. Here I want to pen more explanatory notes. The fire-temple is below of the navel portion of the body composed of the personified satanic or negative qualities the greed, anger and lust etc. The sexuality, selfishness and sensuality is fire-worship. Everyone can judge that this categorical masses are flinging int fire, the different kinds of the communalistic jurisprudence has made the unnatural inferiority sanction or unsanction forbidden or lawful religiously. But the sensuality is after all sensuality in heavenly view-point.

Here I warn "Zorastrians" especially that to worship fire is not the commandment of Zoraster direct Yazdanman. The fire concerns with Ahraman, Satan, the "fire god". You have been worshipping Satan, Demon and Devil. Zoraster oftenly had the handful live coals only for your Guidance. That the fire is nothing at all. Because you were before Zoraster's Manifestation fire-worshippers. Lord Zoraster was slaughtered by the Parsi's monopolists. In ancient time Alexander, the selected dear impersonal devotes of direct Prophet Aristotle after the defeating the emperor Dara, the personified guardian and trustee of the fire-worshippers of Iran extinguished and demolished fire-temples. The wisdom produced by the false egoism is satanic or negative and the wisdom connected with the heavenly Superiority is affirmative and Supreme Positive. Why are you striking fire exceedingly ? Don't be hot-tempered ! The inflammation is dehumanization. Now give up such satanic informity.

ANCIENT ONE

Ancient One's means eternal and impersonal Truth in different "religious" terminology His names are different. His Manifestation is in the form of a being and the manifestation was depended on the cycles of ages in accordance with the different beginning and ending periods consistent of seven hundred years and fourteen years, the duration of every cycle of age according to the real urges and needs evolutionally.

The message-bearers Messengers and Avatars impersonal, were Ancient One's Embodiment. But Messengers were indirect and Avatars were direct same Ancient One. This Serial was natural. The Truth is impersonally One, the naturalized Serial was also One, Over Soul with Soul is One. Ancient One's completion concerns with His Manifestation's age by age and evolution by evolution.

The serial of the indirect Messengers was Manifested according to the evolutionary mentality and urges of time to time and age to age. Therefore the Truth's application was not completed. They were perfect accordingly, imperfect after the ending of the each duration. Some were Insan-e-Kamil, some were Akmal and the direct Godman, Highest of the high, Avatar, Ancient One's Manifestation is Mukammal. He is Insan-e-Mukammal. The names in the real past were all His names. Whether He was manifested as Rasools indirectly or as Avatars directly.

Why the worshipping of the dead past is ~~in~~ infernal and satanic? Everyone if his mentality is unfortunately infertile or he wants the infertility fertile. He must check himself impartially. Don't be tyrannized himself! The beginning duration period of the Day of Judgement has come

ultimately. The inhospitable ingratitude is a way of being, hellish.

VIOLENCE AND NON-VIOLENCE.

What is violence and non-violence and what is the distinctive difference between real and unreal violence and non-violence? It requires Practical Realization through scientific Self-knowledge about body, mind, possessions and Soul and Over Soul. Because without the complete negation of body, mind, and possessions, the complete affirmation can't be achieved. The complete affirmation is Union with Soul and Over Soul, Universalized Oneness. So without Practical Realization no one can judge or distinguish "Who is real or unreal, who is real Mahatama and what is the spiritualized definition of the Reality of Christ, or Mahatama and why the Mohammedan masses, monopolists and such administrators are mere artificial?"

After all I am guiding you impersonally that the non-violence means don't annoy and torment violently. This prohibition and abstinence is for the natural creatures of the thrice kingdoms. Because the same One Soul with different natural sinless mentality is in them. The actualized Superior Humanity is eternally respected by them. Whether they are lions or snakes etc. and it is my experimental fact. To control yourself, to administrate, rule and overcome yourself means to negate your false egotism.

But the real and divine violence is spiritual. Consequently to fight for the impersonal divine cause and to uproot and wipe out all negative channels, links, processes alongwith their co leaguers is not violence. The negative force, might and power is finite. The Infinite is over-

victorious. To prey & to ensnare is sin violently. Because they are already subject to the superior humanity in the woods and forests etc.

According to the superior Completion the natural inferior creatures hasn't human-kind's relationship as fathers, brothers, and mothers etc physically, mentally and psychologically nor their urine and dung are divine and sacred. Rather it is better to abstain from eating meat. Because to become meaty is an invitation to undertake their qualities infectiously. To wipe out the menlike satans by Infinite Power isn't violence or aggression and contrarily to compromise with the negative finite power alongwith its co-leaguers is a mere artificiality and conspiratorial hypocrisy.

SUPERIORITY

The artificial and unnatural superiority compounded of the irreposable and inflamed mentality compound of the falsified satanic qualities and communalistic features is against not only the natural Superior creature but opponent of the natural inferior innumerable creatures. The real Superiority is not limited and registered. Because the evolutionised superiority of the impersonal Truth concerns with the cycle to cycle, age to age, time to time, degree to degree, urges to urges and need to need analytically.

The egotiśm of the personified individuality and communalism is not real superiority. Every kind of the unnatural and untrained mass-society is not real democracy nor every kind of the property-holder's constitutional and personal dictatorial system is democratically superior. Then how can the age-worn tendentious ignorant mass-society be transmigrated Superior? The ripen time has

come. "A word may suffice to a wise person". Otherwise the voluminous books are ineffective. The true and universal Spiritual system is real Superiority and the "religious-spiritual" system is still only negative artificial opposition comparatively.

STRUGGLE FOR EXISTENCE

About written above topic, the some brief notes are also penned in the recently published book explanatorily. But at present I want to implicate some facts connectedly.

The struggle for existence concerning with the scores of the natural ethereal inferior creatures are natural. Consequently the weakness and infirmity is a basic cause naturally. The minerals are inferior than vegetables and vegetables are inferior than animal-kind. Every kind of the minerals are also superior than others. Similarly every kind and specimen of the thrice kingdoms is gradually and according to the degrees are superior than others. This means all kinds and specimens have the natural strenuous efforts for existence actively.

So to get the better rank and to obtain the mastery over the weak, low, lower and lowest kinds is a natural climax.

MANKIND

But the mankind's struggle for existence concerns with different points analytically. Because either his struggle is classically, communally, religiously, dogmatically or bases upon the clear deprival of Ultimate Aim of life and creation of the Universe. His struggle is opposition of the evolutionary and revolutionary Law of the Supermost Perfect

Nature retrogressively. His so-called mastery or overweening is based on the haughtiness and falsification unnaturally, against the naturalized magnificence grandeur of impersonal Truth. It requires a lengthy and detailed book to express the meaning explicitly. But according to the proverb "A word may suffice to the wise persons". I stop to pen further with the words that existence suits the Reality and real struggle to obliterate all kinds of the "illusionism" for becoming Truth heavenly.

The brevity is that the mankind is mentally and responsibly a natural Superior creature. The Superiority is not imitatively limited. Because according to the evolution and revolution of consciousness, the naturalized and revolutionised Superiority is being realized practically and promulgatively applied on the mass-society. The ethereal creature is natural inferior and the Humanity is natural superior degree to degree and rank to rank evolutionarily.

THE AFFIRMATIVE POINTS

I. To queue up for the arrangement in the series is a good disciplinary system, if it is positively based upon the superior evolution and revolution of consciousness. Because to disregard and ignore the real proficiency aptitude and merit is inhuman.

II. Every kind of the constitutional, sociological and administrative systems are basically defective. If they are on the whole is personified hereditary or in clear word satanically.

III. It is affirmative fact that all kinds of the religionism or communalism is an ancient conspiracy against impersonal and evolutive Truth. But the characterless, ignor-

ants and criminals or sinners who through the mere "progressive" ideologically say such heavenly facts are also enlisted in the cruels and ignorants of the religion-world. Who have been making the absurd satanic qualities "sanction" or "unsanction" through so-called jurisprudence imprudently.

IV. By the tactical sources of communalism or so-called "communism" to misguide the mass-society is an inexcusable crime or sin. The real sanctity is real Communism on the Earth.

NEXT WORLD (Life after Death)

This typical topic has been implicated in the recent publication itemisedly. This is the subject which concerns with the same ancient religious nations. Who were also exploited by the religious monopolists by making them tools against the impersonal and limitless Reality through awful source about next world, hell and second life. The bloody bastard terrors themselves are hellish, satans, demons and devils. But the masses, the damned fools monopolist and their reflective governments altogether were in the same categorical list. For example the ancient Egyption religious Pharoah's (title of the Egyption kings) ruling hereditary nation, monopolists and the mass-society were also ensnared in the creed of the next world and second life. They were also burried under ground in the form of graves and tombs after mumifying the corpses alongwith all things, they used in the earthly life.

The Pyramids in Egypt were the royal graveyard of the Egyptian monarchical system. Which is enlisted in the "wonders" stupidly. They were all grave worshippers exercised prayers dogmatically. But their so-called

devotion and prayer, etc. were nothing more than a self-deception. In the presence of the prophet Moses all kinds of the ceremonial character were the same mania as today's religious world. The overweening pride of such world is ever defeatist. The Egyptian nation was the impersonal royal nation in the beginning period of that ancient time. But afterwards he became personified monarchical and classical nation communalistically.

I mean to pen that the traditional creed of next world, second life after death's meaninglessness has been becoming the basic cause of the declination and demolition. Because the salvation and the achievement of ultimate Aim of life and creation of the universe is in the same earthly life. All worlds are here in the apparent earthly world.

But in the view-points of the common psychology and as a real publicist, I revise the fact that the basic fault of the mass-society is monopolization and the monopolization is an ancient tool and a tactical source of the disgusted governmental system.

Such fraud is an antique religious political attack disguised in communalism.

INDEPENDENCE

The real, limitless and impersonal Independence depends on the Humanitarianism plus Unitarianism. Because the universalized equilibrium of the mentality plus heavenly wisdom is the actualized curable remedy is only Peace Mission of the whole humanity in the world. The every kind of the limited, idealogical, restricted, bounded and differentiated independence is a mere foolish and idiot thought or talk individually and nationally.

Even the natural or geographical independence is also becoming unlimited gradually. And the so-called unnatural communal religious independence is absolutely criminal inhumanity and intolerable.

Why a person was invested with power who becomes nuisance like his substitute of bygone. The past is dead let it be buried !

PRECAUTION

The religious-world is scattered miscellaneously out agree to claim that the whole universe of skies and earths are God's creation in spite of its ancient tendentious personifying ignorance reflected in all monopolized mass-society.

I ask the religious world rebukingly "Your breathing, the ether, the vacuum and respiratory system belong to whom ? If you have authoritative force to personify them. Why are you compelled to surrender to your physical agonising death helplessly ? Why you can't usurp the air, breathing and respiratory system as the usurpers of the human-rights for your personal communalistic interests, holding property ? Put yourselves to great shame ! Be ashamed of your misdeeds ? The Trumpet of resurrection is ready to alarm and suddenly numerous hearts, the without light bulbs will be off or breathless in the negative line ?

BEARD

Ancient One is eternal, limitless and impersonal Truth and His direct or indirect Manifestation has been dignifying in the male form. The indirect message-bearers (Meesengers, "Rasools") were also representatives of their

evolutionary mother land's instinctive society below of the navel natural inferiority of the animalism. They and their bearish opponents were bearded. Because neither there were hair cutting saloon nor shaving sticks and shaving blades. To become beardless was not fashion or to become bearded was a common traditional way. Only the professional priests, papas and popes were seen bearded with the religious gowns.

"Sanctimoniously". Besides all kind of the religious monopolists were misconceived "reverential". They were all contractors of the different communalistic business dominating the limited and registered mind and sub-mind of the subdued masses. Otherwise Jesus Christ's ethereal and subtle face was naturally or heavenly beardless. Because Ancient Ones' direct Prophets presence is eternally heavenly from bottom to top. But the unfortunate bloody bastard have no innersight, their conventional outward appearance is nothing at all. Such category is always fickle-minded.

I mean to say that the beards and all kinds of the religious dress or symbolic gowns etc are not a testimonial of the divinity of Humanitarianism plus Unitarianism.

NOTE: IT WAS THE PRECAUTIONARY MEASURE, ASSIGNED DUTY TO PUBLISH AND CIRCULATE THESE BOOKS FOR THE WELFARE OF THE MASSESS UNIVERSALLY, USING TRULY THE INVENTIVE DIVULGENCE SOURCES BY THE EVOLUTIVE AND POSITIVE IMPERSONAL GOVERNMENTAL SYSTEM AUTHORITATIVELY.

Note.—The under published, substantive, subjective and objective books are already prescribed in the recently published pamphlet entitled **Universal divulgence.**” elucidatorily. (*Author*)

The numerous things are merely imitative, unnecessary, useless, valueless, and inexpensive. But have made necessary, valuable and expensive only because of scarcity of contentment and sagacity analogously and hypothetically.

It is selfishness to come into being sinfully again and again inferior than the sinless natural inferior creatures. Contrarily it is the efficacious action to become Superior in the same life and same in human society with the heavenly form, clad in Armour Representatively.
