Being the Avatar, I have come to awaken mankind, and would like the entire world to come to Me. Real saints are dearest and nearest to my heart. Perfect Ones and lovers of God adorn the world, and will ever do so. The physical presence of the Perfect Masters throughout eternity is not necessarily confined to any particular or special part of the globe. My salutations to all - the past, present and future Perfect Masters, real saints - known and unknown - lovers of God, and to all other beings, in all of whom I reside, whether consciously felt by them or not. - Avatar Meher Baba

Make me the focal point in your search for security. In your private thoughts, you are still trying to order your world so that it is predictable and feels safe. Not only is this impossible but it is also counterproductive to spiritual growth. When your private world feels unsteady and you grip my hand for support, you are living in conscious dependence on Me.

True spirituality can be attained not by the intellect but by heart and feeling -- by inner experience. I might explain for hours, but that would be as nothing compared to one second of my internal help. Do one thing. Every night, just before retiring, think for a moment: "The Infinite God is within me, and I am part of the infinite." This will strengthen your inner contact with me.
