My Beloved Baba,

These heart touching unexpressed Agonies expressed in your songs should have been kept hidden upto Thy self. But you have inspired me to share them with your Lovers all over the world. This will definitely help in your Mission of Spiritualizing the World. This Truth was witnessed and realized by personally embracing me by you in Nov' 1944 at Nagpur as a mark of token

Resting Eternally
In Your Love Divine

BLISSFUL AGONY

Drops of tears are pieces of heart,
Love is flowing Truth & beauty to impart,
Blissful agony is passing through tears,
Nectar is flowing for you to share,

Make every tear a picture of Meher,
On the curtain of eyes to wear,
Drops are faces of mind's desires,
They both are tied with subtle wire.

Tears of Love do shake the mind,
Which is filled with agony & painful grind
How is drop of tears which comes of
by breaking the mind
Intense Love & Intense longing it does find.

Drops of tears make Beloved appear
If you fill daily the cup of tears
His heart will melt one day
And bring about your death day.

(2)

NECTOR AND REALITY

Nector is flowing through Meditation
Make your mind free from tension
Make it one pointed through concentration
By paying highest quality of attention

Knowledge falls on mind to change
From human nature to Divine Range
Love Divine makes mind to surrender
Selfless work it does render

Mind becomes capable to drink nector
It no longer uses thoughts, desires
and becomes universal benefactor
Void and emptiness dawns on mind
Reality and Nector within it does find

Meditation is the source of energy bliss & light
It is pouring from heart but you are apart
Be sensitive to these from moment to moment
Heaven descends on earth, for this you are meant.

(3)

TRUTH SEEKER

Truth is the law of World of God.
Seekers must obey it & refrain from fraud
It is like mountain top arduous to climb,
Impure mind can never find.

Quest of Truth involves penance & suffering
Life is nothing but a God's offering,
Love & Beauty brings His blessing
His Name awakens Glory guessing,

Falsehood surrounds the World,
Fly above it, like a bird,
Be ever vigilant from hypocrisy
This is the way of Truth & mercy.

Silence is a great help to the seeker
To attain the height of Truth walker
Restful alertness dawns on the mind
To realise the Truth in different kind.

DIVINE GIFT

You cannot capture Love from outside
 Catch it from God who is sitting beside
 To be worthy of this Love Divine
 Let His remembrance through
 thoughts Words & deeds Shine

This is the way to come on spiritual Line
 Spiritual Path releases energy
 And makes your Journey very easy
 From moment to moment you feel Blazy

Renunciation comes to you automatically
 While keeping you every moment jolly
 Without control mind becomes tranquil
 And fills it with knowledge Bliss & Zeal.

While seeing you feel I am not seeing,
 While eating you feel I am not eating
 Because you are in the presence of God
 And your mind in His Love & Beauty glad.

When you give up all care and worry
 You need not any more feel sorry
 Belief in Him makes you free
 This is the way to be happy & Merry.

OCEAN OF TEARS

These tears contain the ocean
 I swim in it and flow in motion
 Deepest drop in ocean I am without a shore
 I am immersed to bottom & flow in more.

This ocean involves Love & Beauty
 Through my eyes they pour out Eternity
 Release fragrance for the benefit of humanity
 Without fail God gives surety

Where His Nazar falls
 I feel my Beloved's call
 In every thing I hear His Sound
 My heart & Soul gets drowned

Music is flowing from these tears
 Pouring out love & beauty in more
 My self is forgotten losing all motion
 This is the way of bringing Divinity in action

I have brought the ocean of tears
 To make you drowned without fear
 Learn the art of swimming
 With God's Love and keen longing

Why remain long sitting on shore
 Dive deep into water & Baba Name utter
 This is the way of causing mind's slaughter
 Which makes you drowned in water.

CELESTIAL ETERNAL SONG

I am in tune with celestial Eternal Song
 Baba's Grace inspired to intensively long
 Let others share His Darshan in tears of joy.
 God's hidden glory they do intensify.

One who tastes this celestial Eternal Song
 He becomes free from all the earthly Bond
 His heart is filled with Love, Beauty and fragrance
 To share with others and remove ignorance.

Celestial song awakens inspiration
 Which makes mind fly above bodily function
 It is lost in His trance forgetting the Gross world.
 Cutting all temptations with spiritual sword.

Physical needs no more arise in mind
 Being drawn in Love & beauty of every kind
 Soul is fed by the internal energy
 Walking on spiritual Path becomes easy

Ego keeps you away from Love
 Hatered Greed make the mind move
 Love Divine tranquilizes the mind
 Absolute stillness makes hidden God to find.

(7)

TEARS OF LOVE

Make every tear a cup of Love
By making the heart to constantly crave
Be ready to drink this nector
Which is bubbling through intuitional factor

Wash Meher's feet with water of tears
This is the way Meher Darshan to share,
Drops of tears are showering through eye
Formless subtle wire with form it tie.

Swim ever in the Love of ocean
Making mind free from motion
Motionless mind opens Divinity
Which pours out light and beauty

Unconscious mind releases energy & Bliss
The source of power & Knowledge you never miss
Seize this treasure through Meditation
Which is the Medium to ease tension.

FIND GOD FACE TO FACE

These songs are filled with tears of joy
You feel their showers on heart that cry
Ocean is bursting into drops of Love,
Share His Darshan in heart that crave.

Songs force you to shed weeping
Presence of Baba causes Truth seeking
Find solitude within your own heart
Love & Beauty from you is not apart.

Tears are expression of Love Divine.
Baba's face in them do shine,
Rise above this Phenomenal World
Cutting all bindings with Divine Sword.

Divine songs make eyes bubble with tears
To make you feel your heart ocean bears
Infinite consciousness dawns on mind
Face to face God you find.

CELESTIAL MESSAGE

These songs do not belong to earth
They lift you from earth to heavenly berth
They come in hearts to give Divine Message
For Love & Truth they become the passage
Love & Truth is flowing through Divine ashes.

Message of Love & Truth go to the Masses
Celestial kingdom falls on earthly Races
Falsehood disappears through renunciation
Worldly environment becomes free from tension.

Through Love and Truth world becomes how beautiful
All humanity to Almighty is much grateful
Let this tempo in whole universe prevail
This is the Divine Plan which will never fail

On Spiritual Path you do sail
Entire world within you dwell
Nothing happens without His Will
Love & Beauty your heart fill.

GOD'S PROPERTY

Your body, mind & soul is the God's property
 Don't waste them God holds the surety
 Be aware don't entangle & do Divine Duty
 This is the way to release Love & Beauty

Eternal being you are beyond life & Death
 Infinite consciousness ever runs through your breath
 Phenominal World Time desire mind you are not,
 Being identified with them God you have forgot

Love Divine is the eternal resting place
 Sorrow and suffering it can never guess
 Divine Lover is happy without physical need
 From wordly bindings he is completely freed.

Seek solitude within Not outside
 God you find sitting beside
 World is the Medium to express Divinity
 Do not forsake it and you find the Almighty.

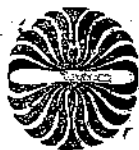

THE MAIN REALITY OF LOVE

One who gets Love Divine
 It forces sacrifice to combine
 Without sacrifice Love is Nul & Void
 In sacrifice Love naturally abide

Love & Sacrifice both go together
 One can not exist without the other
 Naturally & Automatic they come in
 Absence of either makes life apart

Real Love results into self knowledge
 That inspires the mind to renounce ego cage
 Control spontaneously dawns on mind
 To conquer illusion of every kind.

All realities follow in one reality of Love
 Intense longing & intense Love makes hearts to crave
 Till Lover reaches the door of his beloved
 By sacrificing on the altar his Head

DIVINE STRANGER

O ! Mind you have been sleeping since Ages
 Come to Thy Eternal Home to-day,
 Leaving all false attachments of Life long Cages
 All Worldly wealth appearing outside is dangerous.
 Don't get entangled in it you are a stranger.

Hidden Glory of Love & Beauty you are its harbinger,
 You don't belong to this world, how long you will be outside

O ! Mind my soul is crying within my heart,
 Great Agony, Pangs you have kept me apart.

How long you will keep me in this prison.
 Relieve me atonce to have His Liaison
 Restless, sleepless, timeless I am for my Beloved
 So hungry & thirsty to drink the ocean
 Mind stopped & became without motion.

Identify yourself with your Atman,
 Body, mind is your apparent curtain.
 Let self knowledge on Mind dawn,
 Lifting mind to fly above worldly lawn.

DIVINE PRISONER

Hidden you are in a darkest room,
 Throw away this ignorance through inspiration soon,
 Catch the light of this inspiration,
 That will destroy all selfish manifestation.

Awakening opens voice of Intuition.
 And forcess mind to leave all notion,
 This is the way to enter into Divinity
 Sacrificing selfish heart is our duty.

My soul is prompted by Angels,
 And offered myself to surrender
 Lest my soul may not wander
 And remain free from danger

Through everything they intimate
 My feet on spiritual path to set
 Not to divert attention outside
 From moment to moment in Him abide.

My eyes are opened after long Ages.
 To read the book of heart with its pages,
 My Soul is breaking the chains tied to my hands
 & feet
 Liberated I am from this life Eternity meet.

GLIMPSES OF NEW WORLD

One who gets Love Divine
His mind loses interest in worldly line,
He is inspired to create a New World
His New Life cuts all entanglements with Divine
Sword.

His life is the source of Bliss & Energy.
Which gushes out from his soul that is Blazy
He sheds moment to moment light & Love
And makes every heart for Beloved to crave.

He is above mind, intellect and time,
It appears in his eyes Immortality shine,
Past & future for him do not exist
Death & sorrow do not touch in the least.

My soul will be born in the West,
The place where Baba's bloodshed occurred there

I eternally rest,
To carry out spiritual work best,
A new world is on the verge of appearance
He became the ground indeed in this there's no
grievance.

Signals are receiving from all sides.
For emergence of New World guide,
Hearing in silence the New World in audible sound,
Seeing in heart hidden New world background:

NEW LIFE BRINGS NEW WORLD

New life is a mode of living Eternity
 To enter into its door is to lose in love & beauty,
 Our false self is consumed in its Trinity.
 And you become the embodiment of Divinity.

New life is the harbinger of New World,
 This is the voice of intuition a call of my heart

Beloved

All temptation, greed, hatred, moment to moment
 guard

Ever blossoming with fragrance, this is Eternity
 Orchard.

Enchanting garden of Eternity surrounds everywhere,

Not to touch flower or eat fruit you be sure.

lest you fall down from the path of progress.

and lose your inner Glory & deprive from seeing
 His face.

New life showers freshness, Newness on mind.

Sufferings temptation no more bind,

It is sustained by Love Divine

And makes your journey on path happy and fine.

INNER ATTAINMENT

I deaire from moment to moment to die
Meher is my food, water life & Infinite Joy
He is breath without which I can't live,
In His love this body and mind I give.

All my desires & thoughts are consumed in H
He sieged my mind with His eternal gleam,
My self is lost complete and become unaware,
Divinity dawned on me this is sure.

Sensitive I am to your divine company
None but the pure heart feels this agony
Your love bursts in drops of tear,
Your marvelous presence makes me aware

Keep me not in ignorance,
To deprive me from your fragrance,
Let purity, beauty pour out through hearts,
This is the inner attainment not to part.

DECORATE THE GOD'S HOUSE

House of God I am decorating
 Body & mind in full dedicating
 What joy and bliss it is peuring
 None but pure heart is sharing.

Beautify it with the colour of Love & Beauty
 Mixing some water of Truth and humility,
 Paint its doors and windows with blue colour &
 slaty

Effulgence will make your face look pretty.
 Let the mind be absorbed in His remembrance.
 to safeguard from temptation God gives assurance,
 It is a living house where God is found,

By temples, Churches & Mosques it is not bound.

Your heart is the proper ground
 Where God's presence is safe & sound,
 God is found at the cost of life,
 It is not a children's fun to make it futile.

MY LIFE BECAME THY SONG

My life has become Thy harmonious song,
In your love why day and night it makes me
 [laugh, weep and long,
It induces sleep, play & drink Thy nectar,
Which is flowing constantly from spiritual factor
It bathes me & decorates my soul
It brings bliss & all comforts from eternal Goal
Inspires me on path to go ahead,
All around light & Love it spreads
Becomes my guide Leading to the Goal
Even in silence eternal songs speak,
Helps me the Beloved on Path to meet
And sees eternal light emanating from his feet
O! God are you reflected in my song
And built your home in my mind to intensively long.
Love Divine kindles agony in my heart,
Keeping me restless & never to depart
It becomes Meditation to bring near the Truth,
Eternity pours all comforts in my breath,
It makes me step onwards on Path,
Releasing me for ever from Devil's Warth
Thorns in life are transformed into flowers,
Ego mind is burnt through Love's showers,
One who wipes self reaches His Door,
This is the way to His Glimpes & Glory to share

FREEDOM FROM THE KNOWN

I am freed from this life after long Ages,
Awakened from sleep of Ignorance of darkness,
My mental eyes were blind though looking opened,
Through illusion sustaining Reality I am awakened

My mind is lost in Meditation
In each drop of tear I find the ocean
For this experience came into being creation
Soul realizes its Divine identity in illusion

Whom should I tell the importance of drops of tear
It brings the presence of Meher which is clear,
The Infinite mind pours out compassion,
When daily you fill your eyes with tears of Blossom

This life is a shadow of Truth,
Which is a medium to hold our breath,
Body, Mind is the Mask of Soul,
Through them we approach the Goal,

卐 स्वर्गीय शाश्वत गजल 卐

जिंदगी ही बन गयी मेरी गजल

तेरे प्यार में क्यूँ दिन रात हंसाती, रुलाती है गजल

मुझे सुलाती, खिलाती और अमृत पिलाती है गजल

मुझे नहलाकर मेरी आत्मा को शृंगारती है गजल

सभी आराम शाश्वत जीवन से लाती है गजल

पथ से आगे कदम बढ़ाकर चलने को कहती है गजल

मेरा ध्यान बनकर मंजिल पे ले जाती है गजल

अंधेरी रात में रोशनी बिखेरती है गजल

मौन में भी रहकर गुप्तगु करती है गजल

प्रियतम से मिलाने सहायक बनती है गजल

या खुदा तू मेरी गजल मे छाया है ?

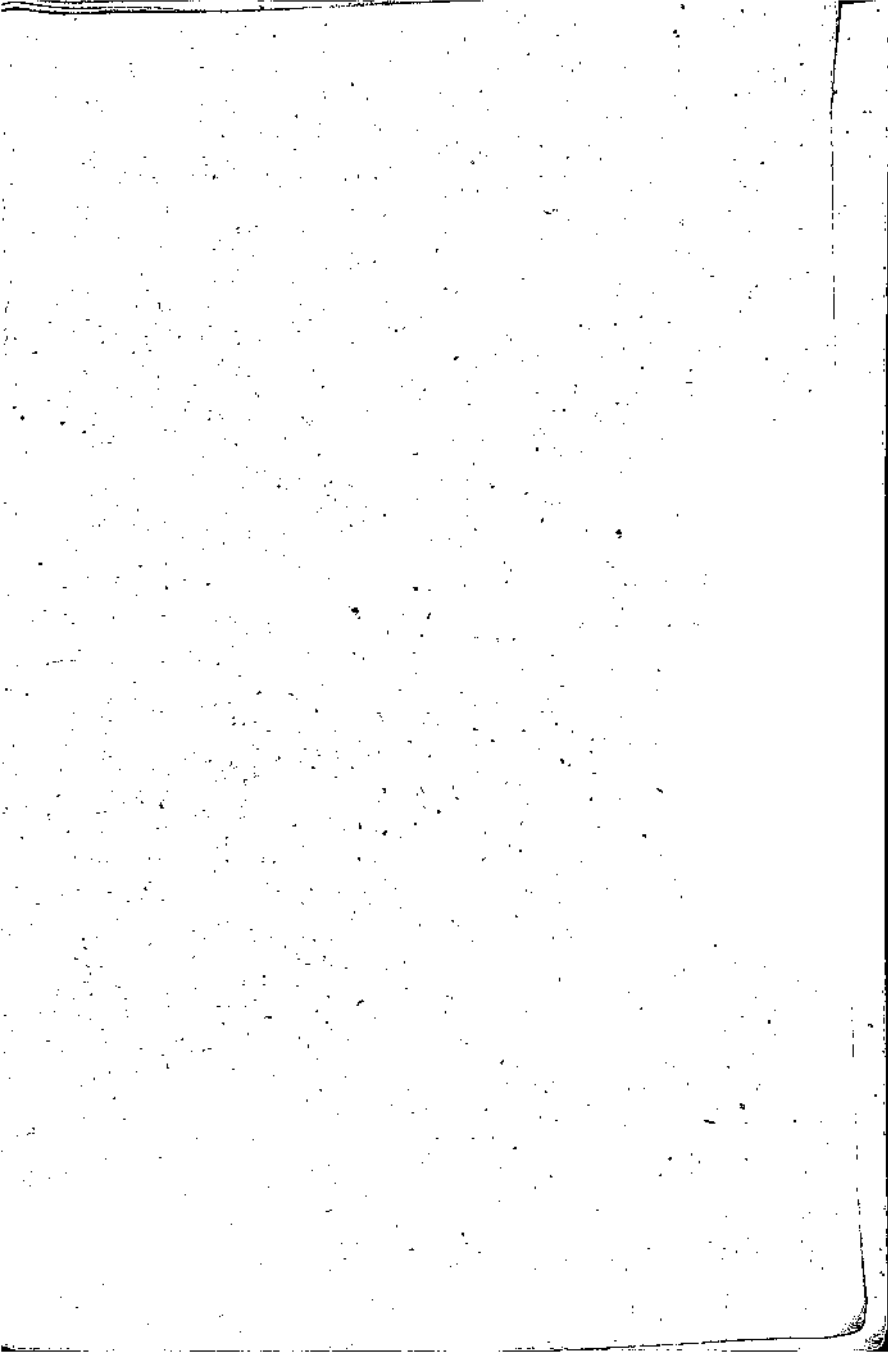

क्या मेरे दिल में तू अपना घर बनाया है ?

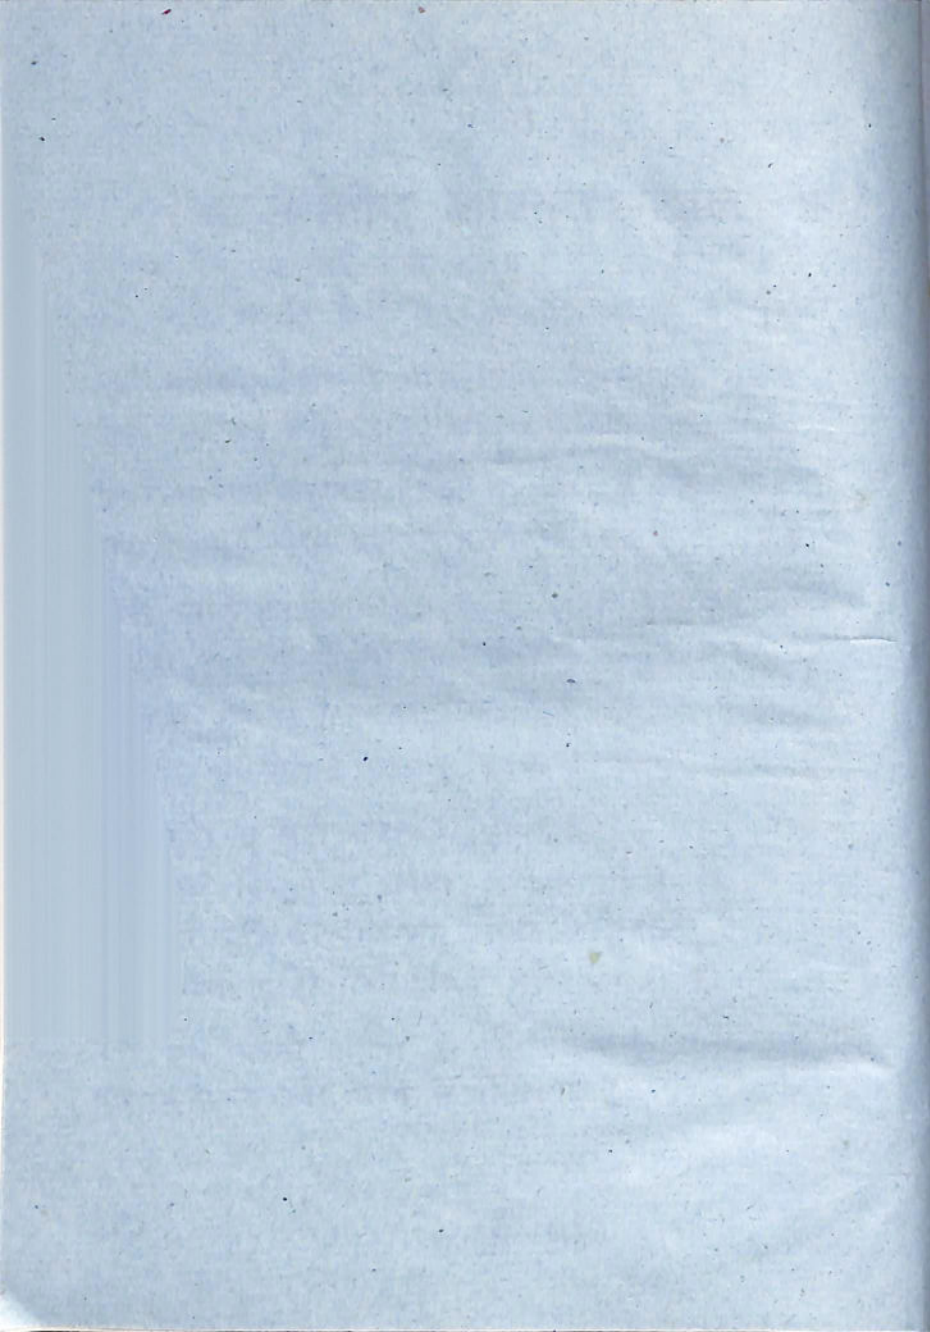

या मेरी खुदी को मिटाकर बेखुदी में डुबाया है

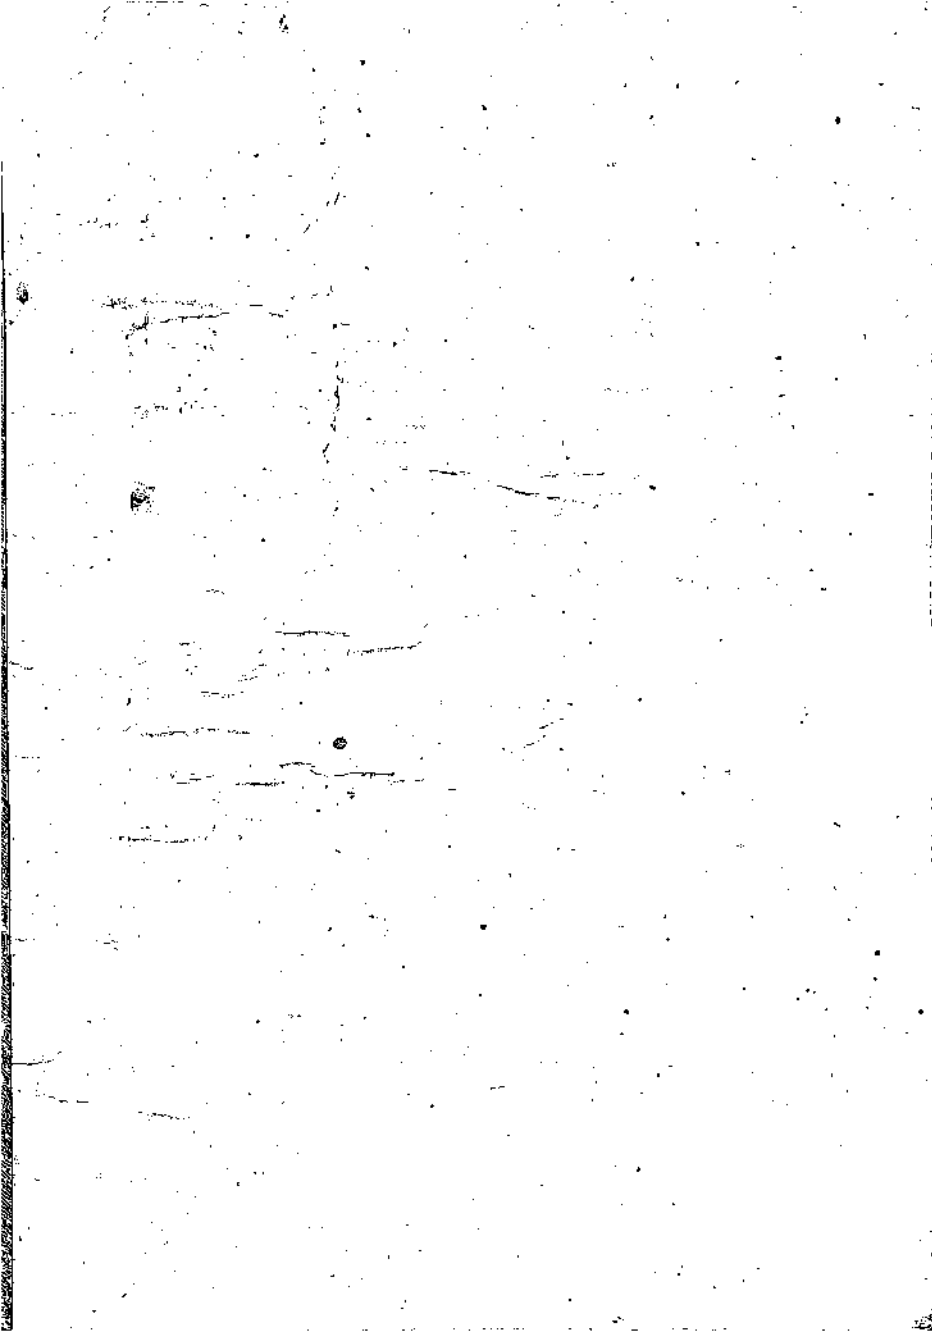

जाने गजल तू ही मेरी दौलत माल खजाना है

क्या मुझे अपनी दुनिया में तू बुलाता है

मुझे भुलाकर क्या अपने में मिलाता है

End of imagination is the beginning of God-hood

Meditation transforms the mind which is
called Death.
